DESIGN & PRICE GUIDE

To ensure the continuous development and improvement of our products, we reserve the right to make changes to the colour, design and descriptions or methods of manufacture of our furniture. Such changes may be made without prior notice and without incurring liability. In many of our products we use wood, a natural living material which will reflect a variety of grains and textures and so variances must be allowed for. Styles that feature timber, PVC, laminates and melamine finishes may incur a slight colour change over the years. The term 'solid timber' applies to door and drawer fronts only. Colour reproduction in this brochure is as accurate as printing techniques will allow. Not every showroom contains all the products featured in this brochure. Aquadi is a registered trademark of The Symphony Group PLC. Copyright and all other rights in this brochure and the photographs and the works upon which it is based, are owned by The Symphony Group PLC. No part of this brochure and said photographs and other works may be reproduced or transmitted in any form or by any means (including but not limited to photocopying or storing in any electronic medium) without the prior express written permission of The Symphony Group PLC. THE COLLECTION

A stunning on-trend collection of modular and fitted furniture.

Lindo. The Collection is a striking range of designer bathroom furniture. Inspired by the desire for minimalist uncluttered living, Lindo. The Collection combines modular and fitted furniture to transform your bathroom into a tranquil paradise.

All prices are effective from 1st January 2016.
All units are assembled. All prices include VAT.

Aquadi bathrooms is the first FIRA Gold Product certified bathroom furniture supplier. FIRA Gold provides you with total reassurance of the quality of your Aquadi furniture.

Made in the UK

We are proud to manufacture Aquadi furniture in our quality controlled, state-of-the-art facilities in Barnsley, South Yorkshire.

To demonstrate our confidence in the performance and quality of our bathroom furniture, we offer a 10 year guarantee.

Aquadi bathroom products are available from hundreds of national bathroom retailers and specialist bathroom showrooms throughout the UK.

A bathroom collection unlike any other.

Aquadi bathrooms are brought to you by Symphony, the UK's largest privately owned fitted furniture supplier. With over 45 years' experience, we source the finest materials and combine them with efficient design to meet the needs of contemporary lifestyles.

HOW TO USE THIS GUIDE

Lindo. The Collection offers four independent portfolios of bathroom furniture and a portfolio of common accessories. Browse through our range of products and select the one that suits your home best. Then select the units to create your bathroom paradise.

We recommend that you visit your local retailer for their expert planning and design advice and to view the products.

HOW TO ORDER

- 1 Select your portfolio: Lindo, Linear, Inline or Naples
- 2 Select the style/colour
- 3 Select your units and cabinet colour
Remember to state handing of your units (if applicable)
- 4 Choose your handles
- 5 Decide on your countertop
- 6 Pick your accessories

Now you have an idea of what you want, simply contact your local retailer to design your dream bathroom.

We hope you enjoy creating the perfect bathroom with us.

RANGE OVERVIEW

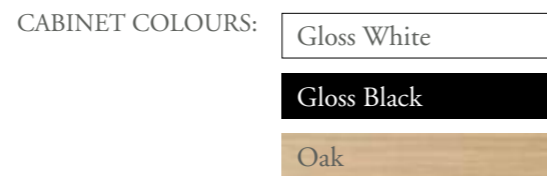

INLINE RANGE COLOURS

The Inline handle takes the form of a wave to create a contemporary finish, generating a “wow” factor within your bathroom.

INLINE GLOSS

INLINE MATT

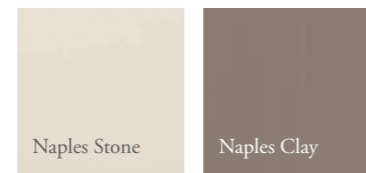

LINEAR RANGE COLOURS

Linear is a stunning design that creates a handleless finish perfect for today's modern bathrooms.

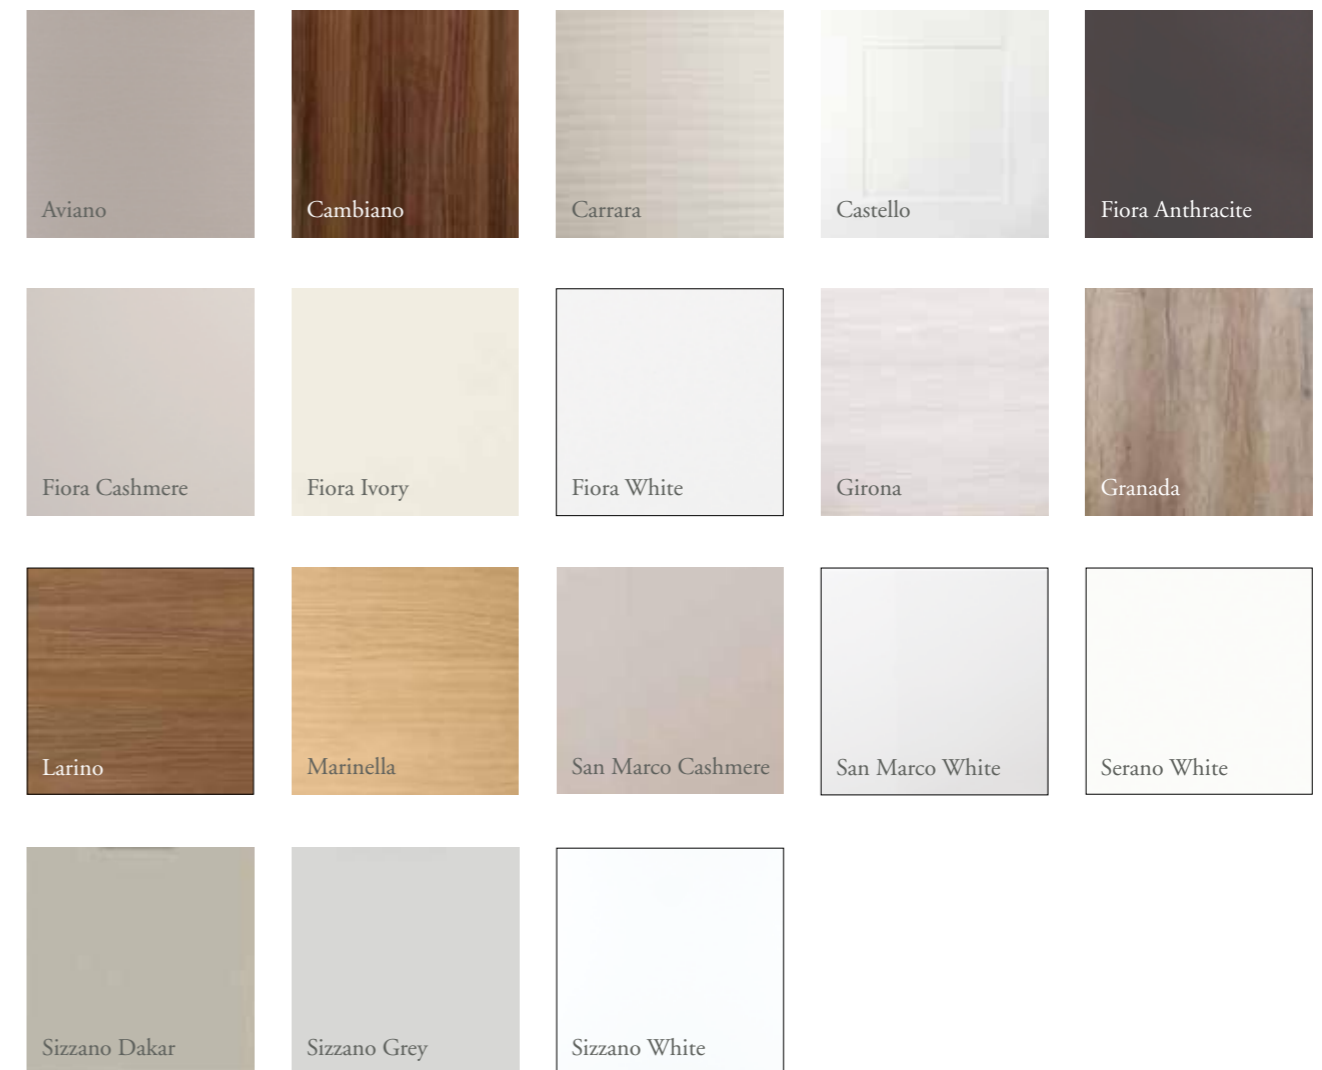

NAPLES RANGE COLOURS

Make a statement within your home with our traditional range of painted in-frame furniture.

LINDO RANGE COLOURS

With 18 beautiful finishes combined with an abundance of units and finishing touches, The Lindo Collection is a bathroom designer's dream with its unique seamless bathroom style.

INTRODUCING LINDO

The Lindo Collection is a stunning range of designer bathroom furniture.

You can combine modular and fitted furniture units to create the perfect modern bathroom with all the storage space that you desire.

AVIANO AND MARINELLA

Aviano features an on-trend grained stone finish, whilst Marinella showcases a sophisticated oak door. Aviano is shown here on modular vanity units in combination with Marinella wc and tall units.

Handles shown: Chrome twist handle CHOICE75 (page 12/left page 13)
Chrome square curved 'D' bar handle CHOICE63 (top page 13)

Countertop shown: Gloss White laminate

CAMBIANO AND CARRARA

This stunning gloss walnut door of Cambiano creates the perfect designer finish, set in our gloss black cabinet. Carrara, with its white and grey woodgrain tones, sets it apart as the luxury bathroom range.

Handles shown: Chrome angled 'C' handle CHOICE62 (page 14)
Chrome glitter bar handle CHOICE72 (left page 15)
Bright chrome arrow handle CHOICE76 (bottom page 15)

Countertops shown: Carbon Odyssey solid surface (page 14)
Strass Noir laminate (page 15)

CASTELLO AND LARINO

Castello has a striking gloss white shaker style, used here in combination with traditional mirrors and shelves.

Larino is a sensational walnut door featuring a striking horizontal woodgrain.

Handles shown: Chrome bow handle
CHOICE64 (page 16)

Chrome chunky square 'C' knob
CHOICE61 (page 17)

Countertops shown: Designer White solid surface (page 16)

Strass Noir laminate (page 17)

FIORA ANTHRACITE AND FIORA IVORY

The gloss anthracite Fiora finish offers a stylish setting for an ultra-modern bathroom, whilst the high gloss ivory finish is a refreshing alternative to the ever-popular finish of gloss white.

Handles shown: Open bright chrome handle CHOICE80 (page 18)
Rippled chrome handle CHOICE79 (page 19)

FIORA CASHMERE

Fiora Cashmere has an encapsulating gloss finish which creates the perfect subtle yet luxurious tone for a modern bathroom.

Basin shown: 1200mm Softform one piece basin and countertop

Handle shown: Chrome chunky square 'D' bar handle CHOICE60

FIORA WHITE

The popular finish of gloss white is shown on the left with two modular curved end units to make a real statement within your home.

Handle shown: Chrome and Crystalized™ Swarovski Elements pull handle LUXURY01

Countertops shown: Gloss White laminate (page 22, top page 23)
Marble Noir laminate (right page 23)

LINDO/LINEAR/INLINE/NAPLES

GIRONA

The cross-grained, textured finish of Girona sets it apart as an on-trend and luxury option to help create your perfect bathroom paradise.

Handle shown: Chrome twist handle
CHOICE75

Countertop shown: Carbon Odyssey solid surface

GRANADA

The striking dark oak and vertical grain finish of Granada is both stylish and on-trend. The resulting finish gives a warm and homely feel, perfect for a contemporary family bathroom.

Handle shown: Chrome chunky square 'C' knob CHOICE61

Countertop shown: Designer White solid surface

SAN MARCO CASHMERE AND SAN MARCO WHITE

The clean, straight lines that define San Marco are shown here in a stunning gloss white and a gorgeous shade of cashmere. The integrated handle is what sets it apart to offer an ultra-modern living space.

Handle shown: Luxury integrated handle

Countertops shown: Atlanta Marble laminate (page 28)

Strass Noir laminate (top page 29)

SIZZANO DAKAR

The high gloss finish of Sizzano Dakar is set apart from the rest by its glass effect edging, making this the perfect modern and sleek option for your bathroom.

The modular wall hung basin unit features the latest push-to-open drawer technology.

Featured: Spinning mirror unit

Countertop shown: Designer White solid surface

SIZZANO GREY AND SIZZANO WHITE

Sizzano is enhanced by its duo edging, presenting a shimmering glass effect finish. The Sizzano Grey cloakroom basin unit and reduced depth WC unit maximise the use of space, while Sizzano White contrasts effortlessly with the darker Fiora Anthracite tall storage units.

Handles shown: Rippled chrome handle CHOICE79 (page 32)
Large chrome bar handle CHOICE57 (page 33)

Countertops shown: Designer White solid surface (page 32)
Atlanta Marble laminate (page 33)

FURNITURE PRICE GUIDE - LINDO

All units are supplied assembled and are available in a wide range of sizes to fit any bathroom.
Reduced depth units are also available for those smaller bathrooms and cloakrooms.

REPLACEMENT END PANELS

To enhance the finish of a selection of our bathrooms within the Lindo Collection, replacement cabinet end panels are available to order at no extra cost if ordered with a unit.

The replacement end panels are designed to be used at the exposed ends of a unit run only.

On base and tall storage units, the replacement cabinet end panel is a full length panel extending to the floor and therefore additional end blender panels will not be required.

Replacement cabinet ends are easy to order, simply add on one of the following suffixes to the standard unit code:

- For a replacement cabinet end to the **left** hand side of a unit add **GL** - for example BC338**GL**
- For a replacement cabinet end to the **right** hand side of a unit add **GR** - for example BC338**GR**
- For replacement cabinet ends to **both left** and **right** sides of a unit add **G2** - for example BC338**G2**

INTRODUCING LINEAR

Linear is a stunning design style that creates a handleless finish, perfect for today's modern bathrooms.

LINEAR FIORA CASHMERE

The handleless style of Linear is shown off at its best in this gorgeous shade of gloss cashmere which, when combined with gloss cashmere replacement ends, creates a modern bathroom masterpiece.

Countertop shown: Brown Travertin laminate

LINEAR SIZZANO WHITE

Linear Sizzano White features a unique glass effect edging that gives a designer feel to any bathroom.

Countertop shown: Atlanta Marble laminate

FURNITURE PRICE GUIDE - LINEAR

RANGE SPECIFICATIONS - LINEAR

Linear handleless bathroom units are available as floorstanding units, wall units and modular wall hung units. The integrated trim needs to be ordered separately for base and modular units. The trim is pre-fitted to wall units.

HOW TO ORDER

- 1 Select your preferred range
- 2 Select your units and cabinet colour
Remember to state handing of your units (if applicable)
- 3 Order the appropriate length of trim (includes fixing clips)
- 4 On base units only, select either blender panels or end clips to finish the run of units
- 5 Decide on your countertop
- 6 Pick your accessories

REPLACEMENT END PANELS

REPLACEMENT END PANELS ON LINEAR AVAILABLE FROM APRIL 2016

To enhance the finish of a selection of our bathrooms within the Linear Collection, replacement cabinet end panels are available to order at no extra cost if ordered with a unit.

The replacement end panels are designed to be used at the exposed ends of a unit run only.

On base units, the replacement cabinet end panel is a full length panel extending to the floor and therefore additional end blender panels will not be required.

Replacement cabinet ends are easy to order, simply add on one of the following suffixes to the standard unit code:

- For a replacement cabinet end to the **left** hand side of a unit add **GL** - for example SRBC638**GL**
- For a replacement cabinet end to the **right** hand side of a unit add **GR** - for example SRBC638**GR**
- For replacement cabinet ends to **both left and right** sides of a unit add **G2** - for example SRBC638**G2**

Please note that replacement end panels on Linear base units are not notched for the trim. Linear Serano White and Linear Sizzano White are available with replacement end panels on base units only. These are Gloss White MFC cabinet material. On Linear Serano White and Linear Sizzano White there are no options for replacement ends on wall units. Simply order with the Gloss White cabinet.

Range	Door Colour	Replacement End External Colour	Replacement End Internal Colour	Replacement End Grain Direction

SANITARYWARE PACKS

S20 Back To Wall WC
Includes soft close seat
360W x 400H x 540D

S20 Wall Hung WC
Includes soft close seat
Requires Wall Hung Frame
360W x 350H x 520D

Wall Hung Frame
For Wall Hung WC
(not a Vitra product)
345W x 450H x 47D

S50 Back To Wall WC
Includes soft close seat
355W x 400H x 540D

Inline Sit-on Basin
Requires 600W cabinet
No worktop required
1 tap hole, reversible
Requires slotted waste
(not included)
Material: Marblecast
600W x 50H x 365D

Inline Sit-on Basin
Requires 800W cabinet
No worktop required
1 tap hole, reversible
Requires slotted waste
(not included)
Material: Marblecast
800W x 50H x 365D

Only the S50 standard depth round and S50 reduced depth basins are compatible with Linear due to the waste clashing with the trim. The critical distance between the rear face of the basin where it meets the frontal and centre of the waste is a minimum of 80mm.

INTRODUCING INLINE

The Inline handle trim takes the form of a wave, creating a contemporary finish to your bathroom.

Available in a range of finishes, the unique chrome handle fits the width of the door/drawer, making it both functional and visually stunning.

INLINE MATT - GRANADA

The dark shade of Granada is complemented by the bright chrome handle that sweeps the front of the drawer.

This look is enhanced by the matching Dark Oak 22mm countertop that is also used to frame the Fiora gloss white wall units.

Countertop shown: 22mm Dark Oak laminate

INLINE GLOSS - SIZZANO GREY

The duo-edging of Sizzano creates a glass effect finish that is complemented here by the Inline handle, creating a stunning contemporary finish.

Countertop shown: 22mm Gloss White laminate

REPLACEMENT END PANELS

To enhance the finish of a selection of our bathrooms within the Inline Collection, replacement cabinet end panels are available to order at no extra cost if ordered with a unit.

The replacement end panels are designed to be used at the exposed ends of a unit run only.

Replacement cabinet ends are easy to order, simply add on one of the following suffixes to the standard unit code:

- For a replacement cabinet end to the **left** hand side of a unit add **GL** - for example MODDW528**GL**
- For a replacement cabinet end to the **right** hand side of a unit add **GR** - for example MODDW528**GR**
- For replacement cabinet ends to **both left** and **right** sides of a unit add **G2** - for example MODDW528**G2**

INTRODUCING NAPLES

The in-frame painted collection of Naples combines heritage with elegance for a truly unique bathroom setting.

The Naples Collection combines freestanding and fitted units in an array of combinations to offer total flexibility - creating a real statement in any home.

NAPLES STONE

The Naples Collection combines heritage with elegance for a truly unique bathroom setting.

Handle shown: Polished chrome knob
CHOICE83

Countertop shown: Beige Tempest solid surface

NAPLES CLAY

Naples offers the designer the flexibility of creating freestanding-style modules or fitted furniture runs to suit each individual taste.

Handle shown: Rubbed bronze knob
CHOICE82

Countertop shown: Designer White solid surface

FURNITURE PRICE GUIDE - NAPLES

The Naples painted range includes 14 individual units which can be ordered in a freestanding or fitted configuration. The freestanding option includes two planked blender panels and the plinth with each unit for ease of ordering. These need to be ordered separately for the fitted option.

Also available are a matching framed mirror, blender panel, plinth and bath panels. All doors, blenders and plinths are painted to order on a four week lead time in either Clay or Stone. Countertops should be ordered separately.

HOW TO ORDER

- 1 Select your preferred range
- 2 Select your units and cabinet colour.
Remember to state handing of your units (if applicable)
- 3 Choose your handles
- 4 Decide on your countertop
- 5 Pick your accessories

Why not add a touch of glamour and upgrade to the luxury crystal handle option?

LUXURY HANDLE OPTION
Chrome and Crystalized™ Swarovski Elements
pull handle. Featuring 12 genuine Swarovski crystals
in a stunning chrome finish. Handle Centres: **32**
LUXURY01* £60

*The Chrome and Crystalized™ Swarovski Elements pull handle (LUXURY01) is offered as an optional upgrade and is not free of charge. Because this is not offered as part of the standard handle offer you must first order your required units without handles. You will then be required to order the number of LUXURY01 handles you require separately for the items of furniture which you are ordering.

N.B. All handles shown above are not to scale. All handle centres are in mm. Please specify handle choice when ordering. Handles are only free of charge if ordered at the same time as your units.

TECHNICAL GUIDE

GETTING STARTED

PLANNING GUIDE

CABINET SPECIFICATIONS

TECHNICAL INFORMATION

All Lindo Collection furniture is supplied in an assembled format only.
Aquadri bathroom furniture is subject to a ten year guarantee.

PLANNING GUIDE

Getting started

To begin with take an accurate measurement of your bathroom. Check the height from the floor to window sill to make sure that base units will fit underneath the window.

Check the dimensions and positions of windows, doors and any other obstructions, e.g. radiators, towel rails, soil and vent pipes and light switches, as these will determine the layout of your bathroom.

Transfer your room dimensions on to graph paper so that you can produce a scale drawing (use 1:10 or 1:20 scale). Mark the position of any waste pipes, soil pipes and incoming water supplies. The location of plumbing affects everything else, so this must be highlighted at the

start. Remember though that the beauty of fully fitted bathroom furniture is that your bathroom can be designed to completely conceal unsightly pipework.

Top Tip

If you are using wall units, try to get them to co-ordinate in size with your base units as this will be pleasing to the eye.

Top Tip

Always remember to allow for filler panels between a fitted unit and a wall. This prevents the unit door handle clashing against the wall and makes certain that the run of furniture will fit into your chosen space.

The next step is to list all the items you would like to have in your bathroom: shower, bath, hand basin, W/C, bidet, furniture pieces and storage units, mirror,

towel rail, etc. Obtain measurements of all these items and then add them to your plan. Full dimensions for all Aquadi bathroom furniture can be found in this Price Guide.

Once you have positioned your furniture on the plan you will be able to take final measurements of the runs of furniture and work out what size of countertop you will need.

Finally you can think about accessories. One of the most important things to consider is lighting. Aquadi offers a number of bathroom lighting options which are all IP regulated. You could choose LED Chrome Spotlights set into a flyover shelf, or flexible LED strip lighting underneath wall units. The illuminated mirrors are a 'must have' for any contemporary bathroom.

Space

The bathroom can often be one of the smallest rooms in the house, so if space is an issue or you are planning a cloakroom you may like to consider reduced depth bathroom furniture.

Aquadi offers a wide selection of base units with a depth of only 200mm across all ranges*. You may also like to consider the Cloakroom basin unit, a compact storage and basin solution which is perfect for smaller spaces.

Simple steps to select your furniture

Now that you have seen the style and choice that Aquadi has to offer and you have thought about the planning of your bathroom, simply follow the steps below to order your bathroom via your retailer.

1. Select your range.
2. Select style/colour.
3. Select your units and cabinet colour. Remember to state the handing of your units (if applicable).
4. Choose your handles.
5. Decide on your countertop.
6. Pick your accessories.

*Except Linear and Naples

CABINET SPECIFICATIONS

LINDO, INLINE AND NAPLES

Wall Unit Cabinet Design*

1. 18mm high density fully colour co-ordinated 0.8mm laser-edged MFC cabinet with matching interior/exterior finish.
2. Cam & dowel construction.
3. Two wall unit heights, 561mm and 724mm. 561mm are supplied with one glass shelf, 724mm are supplied with two glass shelves (shown here).
4. One-piece 8mm solid back
5. Concealed, fully adjustable wall hanging brackets.
6. 3-way fully adjustable all-metal clip-on hinge with integrated soft close buffer.
7. Double wall units available with mirrored doors.
8. Toughened 6mm glass shelf and chrome shelf bracket.

Modular Cabinet Design*

1. 18mm high density fully colour co-ordinated 0.8mm laser-edged MFC cabinet with matching interior/exterior finish.
2. Cam and dowel construction.
3. White metal sided drawer box with full extension, soft closing action, decorative chrome trim and frosted perspex sides.
4. Drawer boxes are shaped to accept wastes. Single, deep and 2 drawer units are additionally available in a full storage drawer option.
5. 18mm removable back with void of 50mm for pipes, etc.
6. Fully adjustable metal hanging brackets with nickel cover caps.

*Not available in Naples.

The Lindo Collection represents the latest design trends and features our unique fitted furniture concept. A 90mm high continuous plinth runs flush with the doors to give a contemporary linear styling and the 18mm cabinets are available in gloss black, gloss white and oak.

The Naples Collection incorporates the same high quality cabinet as Lindo with traditionally painted frontals. The 18mm cabinets are available in gloss white and oak.

The Inline Collection includes the same high quality modular and wall hung cabinet designs as Lindo with the chrome wave trim already attached.

The cabinet is designed to maximise storage space and features a concealed void at the back to allow for waste pipes.

All furniture is supplied in an assembled format only. Aquadi bathroom furniture is non-returnable and subject to a ten year guarantee.

Base Unit Cabinet Design*

(Standard Depth Units)

1. 18mm high density fully colour co-ordinated 0.8mm laser-edged MFC cabinet with matching interior/exterior finish.
2. Cam and dowel construction.
3. Toughened 6mm glass shelf and chrome shelf bracket.
4. 18mm MFC shelf.
5. Box at back of unit to run waste pipes along the concealed void if required. Side panel can be cut to fit pipes.
6. 8mm removable back with void of 75mm for pipes on basin units.
7. White metal sided drawer box with full extension, soft closing action and decorative chrome trim. Two drawer units feature frosted perspex sides.
8. 3-way fully adjustable all-metal clip-on hinge with integrated soft close buffer.
9. Supplied with four adjustable feet. These can be adjusted to raise the unit off the floor and to deal with uneven flooring.
10. Plinth clip for clip-on continuous plinth.
11. Wall and countertop fixing bracket are supplied (not illustrated).

*Not available in Inline.

Wall Unit Cabinet Design

1. 18mm high density Gloss White 0.8mm laser-edged MFC cabinet with matching interior/ exterior finish.
2. Cam & dowel construction.
3. Two wall unit heights, 561mm and 724mm.
4. One-piece 8mm solid back
5. Concealed, fully adjustable wall hanging brackets.
6. 3-way fully adjustable all-metal clip-on hinge with integrated soft close buffer.
7. Double wall units available with mirrored doors.
8. Toughened 6mm glass shelf and chrome shelf bracket.
9. Integrated concealed handle trim fitted.

Modular Cabinet Design

1. 18mm high density Gloss White 0.8mm laser-edged MFC cabinet with matching interior/ exterior finish.
2. Cam & dowel construction.
3. White metal sided drawer box with full extension, soft closing action, decorative chrome trim and frosted perspex sides.
4. Drawer boxes are shaped to accept wastes and are additionally available in a full storage drawer option.
5. 18mm removable back with void of 50mm for pipes, etc.
6. Fully adjustable metal hanging brackets with nickel cover caps.
7. Cabinet is not notched. Trim and fixing clips ordered separately.

Linear is a stunning design style that creates a handleless finish perfect for today's modern bathrooms. A 90mm high continuous plinth runs flush with the doors to give a contemporary linear styling.

The cabinet is designed to maximise storage space and features a concealed void at the back to allow for waste pipes. Linear handleless bathroom units are available on floorstanding units, wall units and modular wall hung units. The integrated trim needs to be ordered separately for base and modular units, it is pre-fitted in wall units.

Cloakroom Units - Internal Specification Modular Cloakroom Unit

Floor Standing Cloakroom Unit

Modular Wall Hung Units - Internal Specification

Installation Guide

Always check for electrical wires, water pipes or other services before drilling the wall.

Lindo Base Units

Set height for base units at 811mm on wall above lowest point. Plumb and secure firmly through back rail and brackets. Adjust leg for base support. Scribe into side panels and plinth as required. It is recommended to seal plinth with plinth seal (PLINTHS). Continue adding adjoining units, screwing or bolting together and fixing as above. The Lindo Collection base units are boxed out at the rear to allow waste pipes to be run along the back of the units. In this scenario cut out the back of the side panel as required to fit/hold waste pipes (see below).

Lindo Wall Units

Determine the exact location of the unit(s) and mark a horizontal line 1831mm from the floor. Mark the position of each unit.

Fit the hanging bracket plates to the wall as illustrated and use adjustment to level. Secure with additional fixings through back support rail or bracket. Continue adding adjoining units, screwing or bolting together and fixing as above.

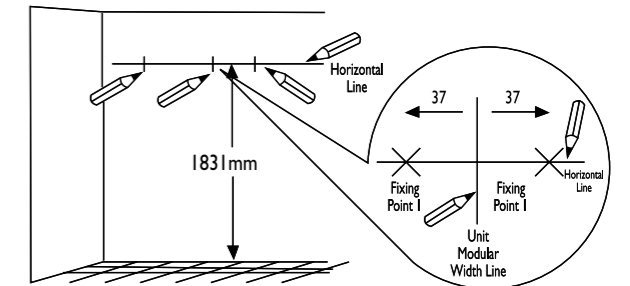

Modular Units

Firmly screw brackets to wall and use adjustment to level. Secure with additional fixings through back support rail or bracket.

IMPORTANT

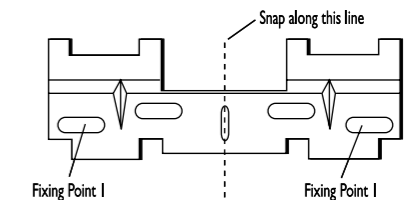

All units should be fitted by a qualified fitter. Any screws and other fixings used must be suitable to support the units when loaded into the material they are to be fitted.

When fitting handles please be aware that doors are not pre-drilled for the handle. The drillings on the doors may be different between two doors in the same range, so we strongly recommend that each handle is measured and the door marked and drilled to fit the handle.

Installation Sequence

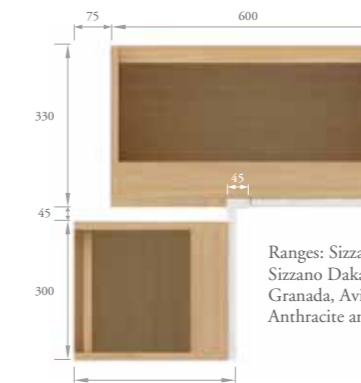

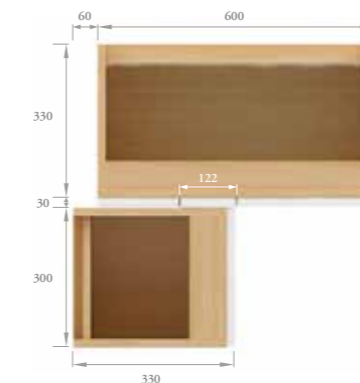

1. All hot and cold services turned off at appropriate positions.
2. Locate waste outlets according to the plan.
3. Fix base units to the wall.
4. Fit countertops.
5. Fit sanitaryware.
6. Fit wall units where appropriate.
7. Connect and check plumbing.
8. Fit continuous plinth if used, scribing as necessary.

Corner Planning

Base Units

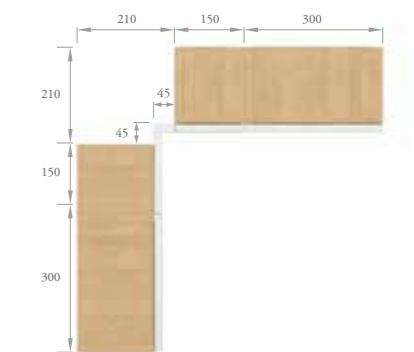

The Base Corner Unit is offset either 60mm or 75mm from the wall depending on the range ordered. The adjacent unit needs to be offset either 360mm or 375mm from this wall.

Ranges: Sizzano Grey, Sizzano Dakar, Carrara, Granada, Aviano, Fiora Anthracite and Cashmere

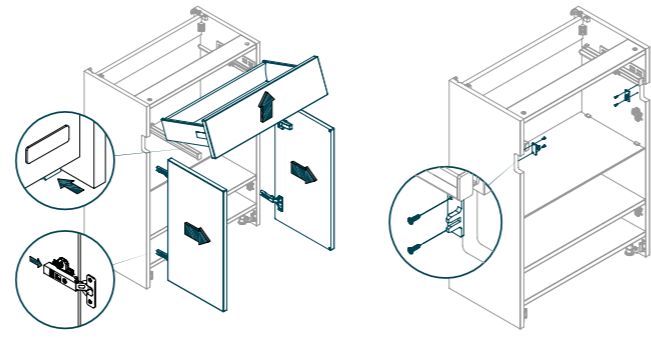

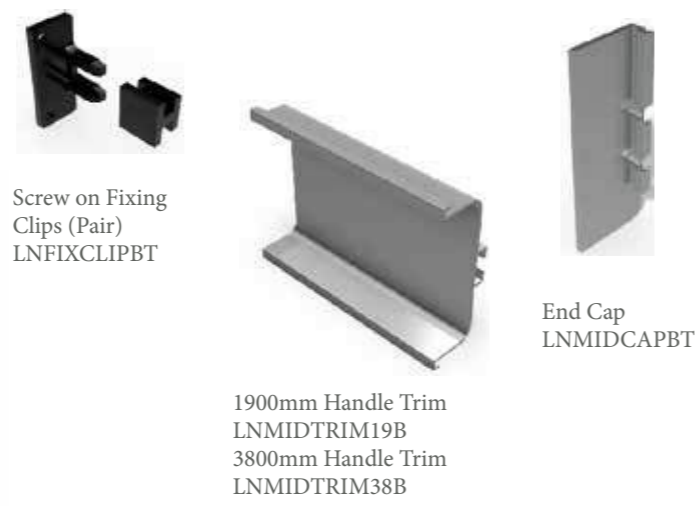

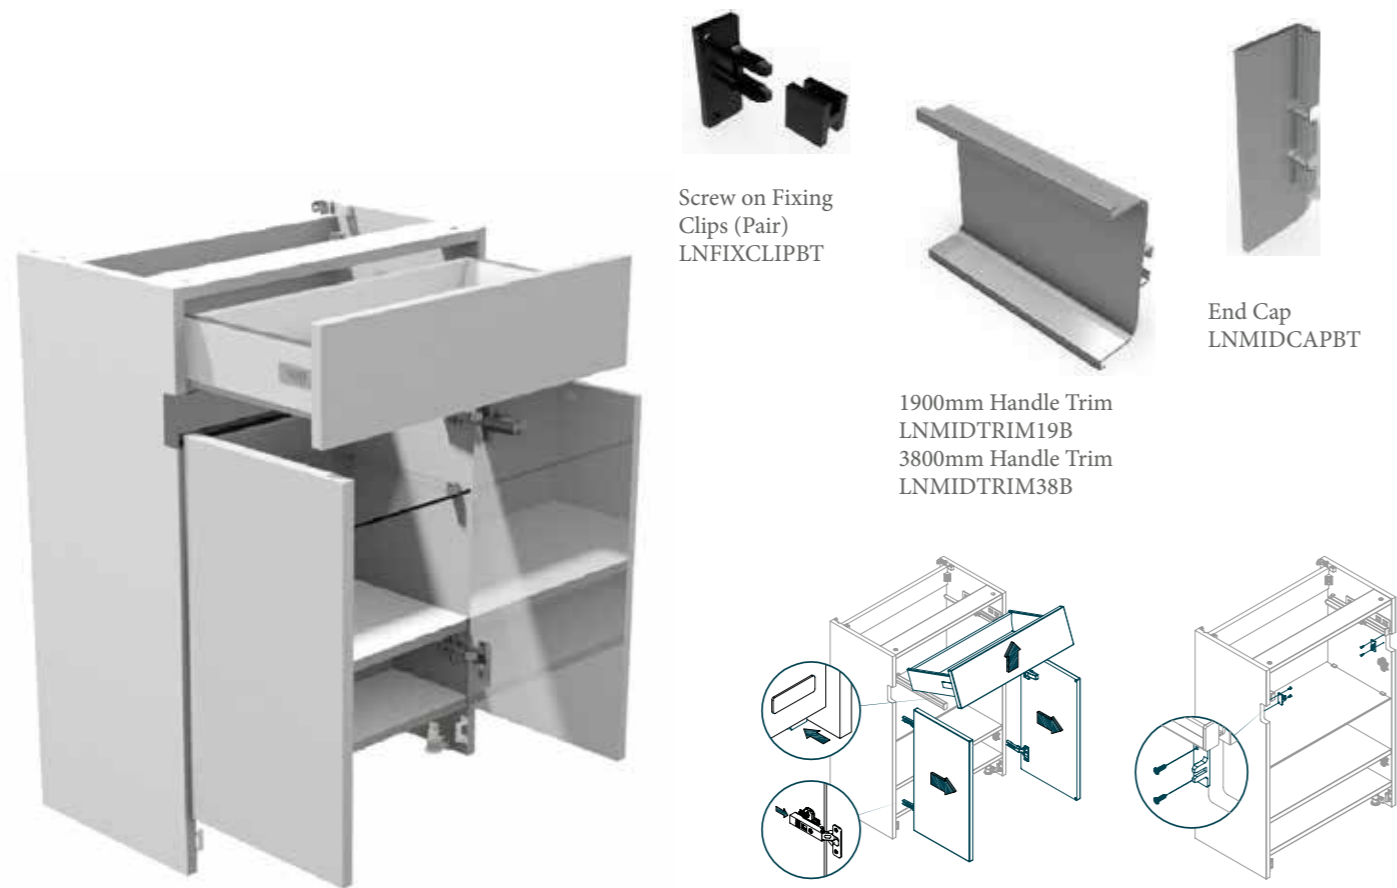

Wall Units

The Wall Units should be offset 210mm from the adjacent wall.

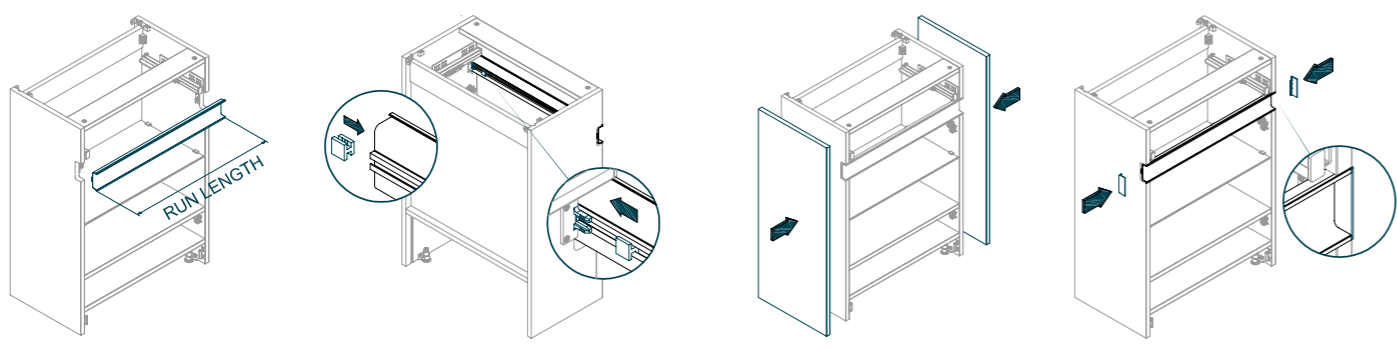

LINEAR BASE UNITS - HANDLE TRIM FITTING

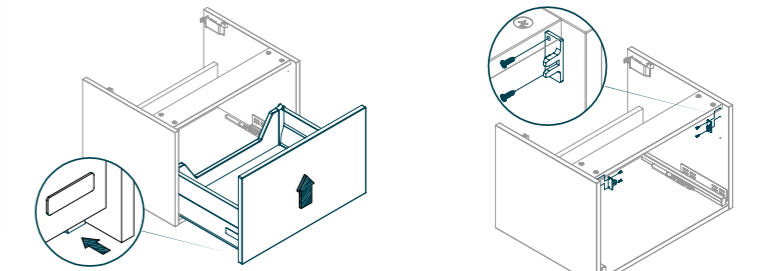

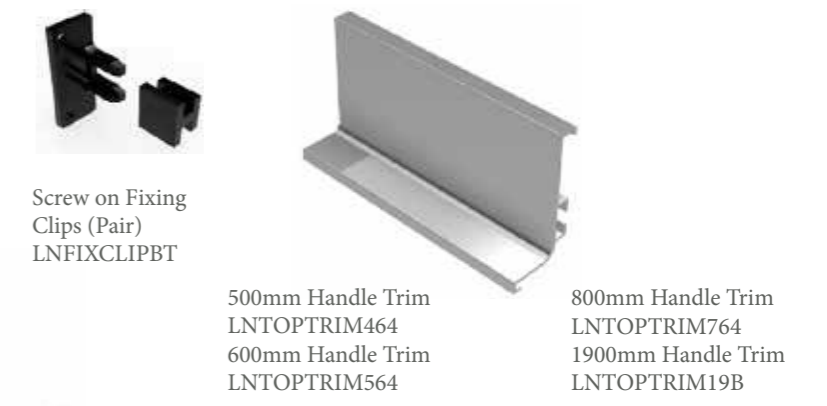

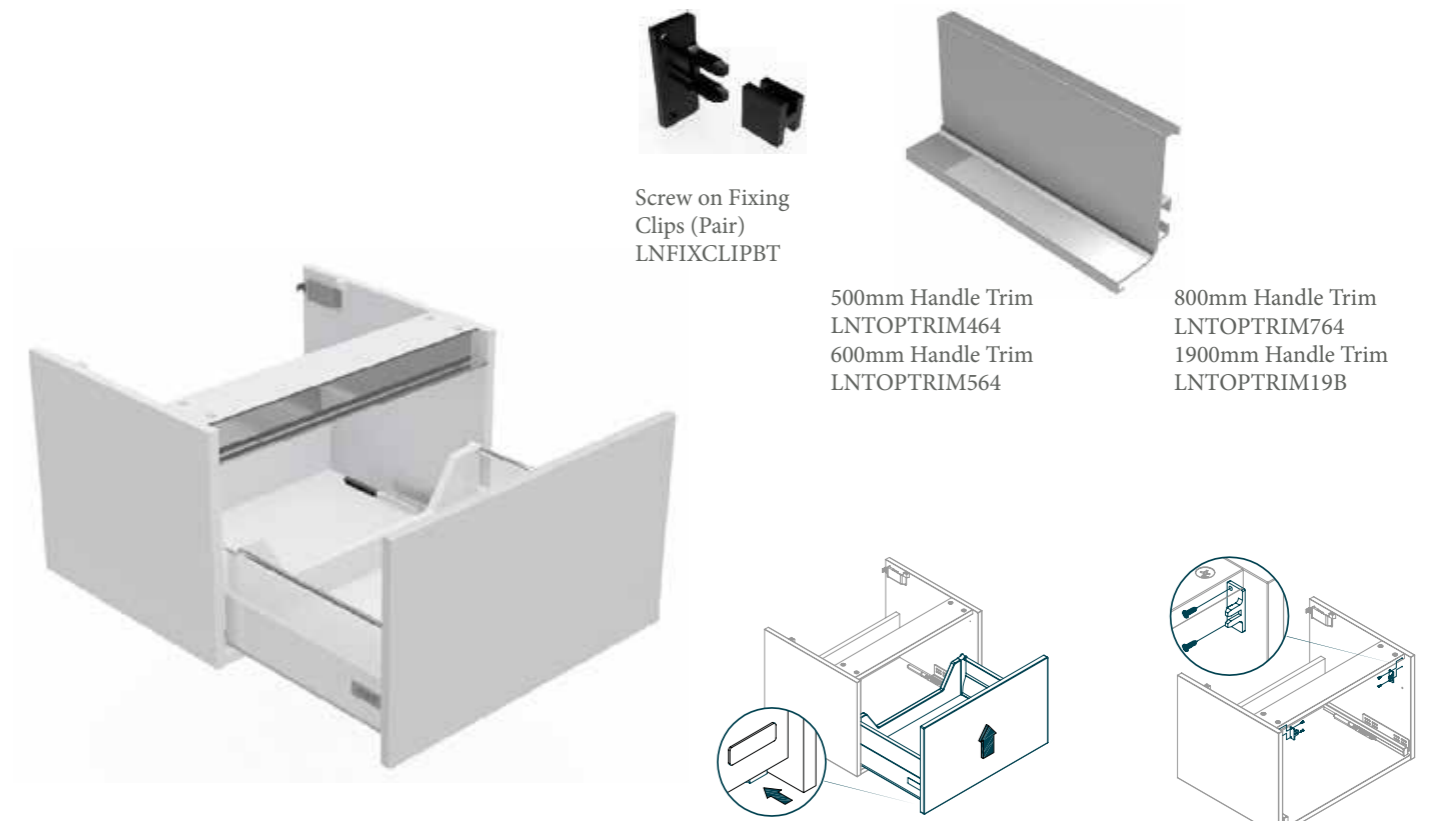

LINEAR MODULAR UNITS - HANDLE TRIM FITTING

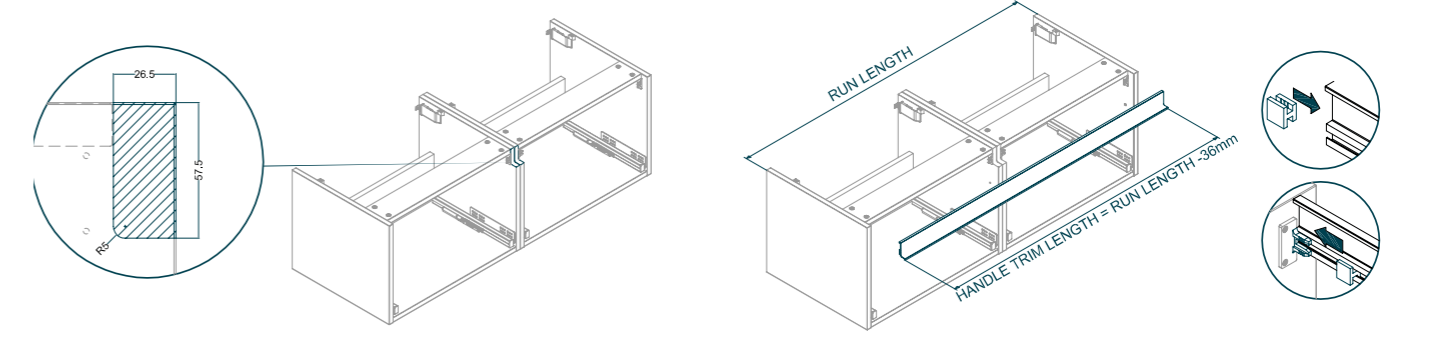

1. Once all units have been fitted, remove all frontal and drawers to allow fitting of the handle trim.
2. Fix the trim fixing brackets to the unit using 2x 0.5"x6 screws.

3. Determine the run length and cut the trim to suit. **Note:** If using end caps the trim will be smaller than the total run length by 2mm per cap.
4. Insert the fixing bracket lugs into the back of the trim and fix by clipping the lugs into the fixing brackets.
5. It is recommended to finish a run by using blender panels.
6. Alternatively, replacement ends or end caps can be used to finish a run.

1. Once all units have been fitted, remove the drawers to allow fitting of the handle trim. **Note:** The handle trim should be fitted prior to fitting the countertop.
2. Fix the trim fixing brackets to the unit using 2x 0.5"x6 screws.

3. (Optional) To achieve a continuous handle trim when joining multiple units together, the joining side panels require notching.
4. (Optional) Determine the run length and cut the trim to suit.
