

CIVITAS

Designed by Meneghello Paoelli Associati

Civitas ridisegna il modello della colonna classica, icona architettonica portante, dandone una versione dal design raffinato e contemporaneo, applicato alla ceramica sanitaria. Curve e superfici ben proporzionate definiscono lo spazio in verticale. La base di forma ottagonale è caratterizzata da fasce sagomate lisce con funzione decorativa a sostegno della colonna in ceramica, vero elemento caratterizzante la collezione, su cui è appoggiato il morbido catino ovale. Un progetto ispirato ai valori della memoria e della tradizione, per una collezione senza tempo.

Civitas restyles the conception of the classical column, supporting architectural icon, by refining it and making it much more contemporary compared to what is known in the ceramic field. Balanced lines and surfaces define the vertical space. The octagonal base is characterized by smooth, shaped lines decorating the ceramic column which is the hallmark of this collection topped with a smooth oval basin. Past values and tradition are at the base of this evergreen collection.
