

Furniture

Britton offers fantastic furniture solutions with its Aqua-Cabinets range; the first furniture range specifically designed for the complexities of the bathroom environment. We provide ample storage solutions for your bathroom, making it both a beautiful and functional space. From fully fitted furniture to free-standing options packed with innovative features such as soft-close doors and drawers, internal lighting or wide opening doors each designed to pair with selected countertop basins. Or why not consider the luxurious marble vanity basins fitted to specific furniture units? Every piece comes in four colours; White, Black, Ocean and Reef. Whatever your requirements for storage in your bathroom, Britton furniture ranges from Aqua-Cabinets cover your needs and tastes perfectly.

Clever features & smart details

There are many features and benefits that make our fitted and free-standing furniture unique.

AMBIENT LIGHTING

All Britton mirrors feature both top and bottom integrated lighting strips to create the perfect ambience within the bathroom.

FIVE COATS OF PAINT

To preserve your furniture and to ensure your chosen colour always looks its best, five layers of paint with the top layer being UV resistant to protect against fading by sunlight are applied.

INTEGRATED BASINS

Choose from a range of basins, which cover the entire width of your furniture. This not only looks great with no joins, but also provides a great work-surface.

SOFT-CLOSE DRAWERS & DOORS

All cabinets and furniture pieces are equipped with soft-close drawers and doors for that extra bit of luxury in your bathroom.

Additional features:

GLASS SHELVES

Some furniture pieces feature glass shelves which are created from 6mm shatterproof safety glass. These provide functional storage space, and improve visibility inside the unit whilst being easy to clean.

CABINET & DRAWER LIGHTING

Select additional lighting to add to your fitted or free-standing furniture pieces. A battery operated LED light illuminates the inside when motion is detected and automatically switches off after 15 seconds of inactivity.

COMPACT A stunning new collection from Britton Aqua-Cabinets comes in the form of the Compact furniture range, including wall-hung or free-standing curved vanity units in either 60cm or 90cm with integral Quattrocast basins. These beautiful additions to the range feature deep soft-close drawers for maximum storage.

4 COLOURS
White, Reef, Black & Ocean

Opposite: Compact 60cm curved mirror in Reef, Compact 60cm wall-hung curved vanity unit in Reef, Compact Quattrocast 60cm basin and Sapphire basin mixer without pop-up waste and click-clack basin waste. *This page:* Compact 60cm wall-hung cabinet with mirror in Ocean, Compact 60cm floor-standing curved vanity unit in Ocean, Compact Quattrocast 60cm basin and Crystal basin mixer without pop-up waste.

THE MAGIC OF LIGHT →
A unique lighting system

Britton has developed a unique lighting system. To soften harsh shadows, a row of white LED lights run along the top front edge and bottom edge of all Britton mirrors, which is then reflected back by the mirror and illuminates the basin - these multiple strips of crisp light provide the optimum light levels for getting ready in your bathroom.

Under-canopy LED lighting

NEW

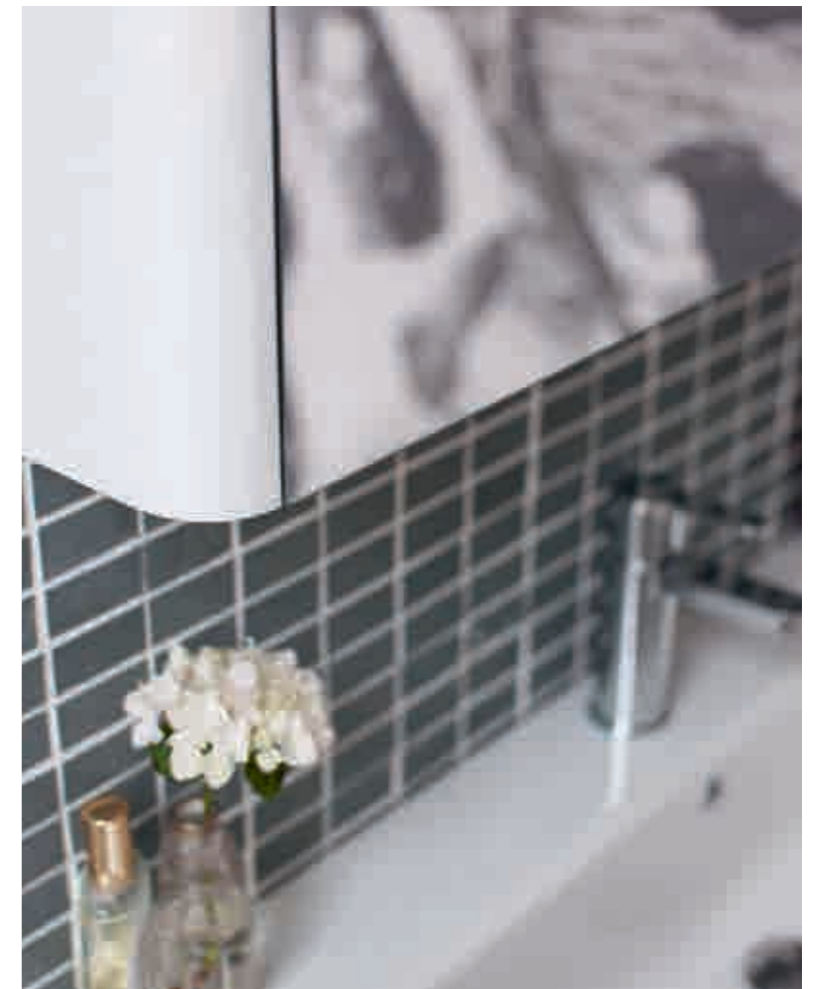

4 COLOURS
White, Reef, Black & Ocean

Cube back-to-wall WC with Carbamide soft-close seat, and concealed cistern with flush plate. Compact 90cm curved mirror in black, Compact 90cm wall-hung vanity unit in black, Compact 90cm Quattrocast basin and Crystal basin mixer and click-clack basin waste.

NEW

Integral basins provide an ingenious solution to combine beauty and function in your bathroom. The range also includes matching curved mirrors or wall-hung mirrored cabinets for a seamless appearance.

4 COLOURS
White, Reef, Black & Ocean

Compact 90cm wall-hung cabinet with mirror in white, Compact 90cm floor-standing curved vanity unit in white, Compact Quattrocast 90cm basin and Crystal basin mixer and Click-clack basin waste.

Fitted furniture

The illusion of space

A fitted bathroom with a straight line of base and wall cabinets covering one wall, often looks bigger than one with free-standing individual pieces. The un-interrupted straight lines accentuate the length of the interior and provide clever storage space in the modern bathroom.

STEP 1 CHOOSE YOUR COLOUR

Our fitted furniture is available in four colours: White, Reef, Black and Ocean.

STEP 2 WORK OUT THE SIZE

Choose the length of your furniture run - 60cm, 90cm, 120cm, 150cm or 180cm.

STEP 3 CHOOSE YOUR BASE UNITS

Choose your base units to add up to the length of your run. You will need at least one basin unit, probably a WC unit, and then make up the rest of the run with low or tall storage units.

STEP 4 SELECT YOUR BASIN

You can choose from a Quattrocast top with an integrated basin, or a ceramic semi-inset basin with a wooden worktop. The Quattrocast should be the same length as the sum of your low storage, WC and basin units combined. For example, a 60cm basin, plus a 60cm WC plus a 30cm low storage unit requires a 150cm Quattrocast top.

STEP 5 WHICH WORKTOP?

If you are using a ceramic semi-inset basin then choose a worktop to cover the run of cabinets. The ceramic basin will be cut into the worktop during installation.

STEP 6 ADD WALL UNITS

Choose wall units to go above your base units. Combinations of 30cm or 60cm wide cupboards with or without mirror doors. Alternatively choose a mirror or illuminated mirror - size options of 50cm, 60cm, 90cm or 120cm wide.

STEP 7 FINISHING TOUCHES

Include a demisting pad for fitting behind the mirror to stop your mirror misting up. The mirror will need to be wired to the mains. Add internal lighting to cabinets to illuminate your storage when movement is detected.

4 COLOURS

White, Reef, Black & Ocean

Create your bathroom from a series of storage units and work surfaces to include counter-top basins. Each unit comes in a choice of four colours; Reef as shown here, Ocean, White and Black. Specifically designed around you and your lifestyle, you can create a bathroom to match your own individual needs and tastes.

Designed using the best materials

Modern materials that can cope with the demanding environment of a bathroom

CERAMIC

Ceramic is a remarkable material with unparalleled resistance to abrasion and staining. It has excellent strength and due to a quality manufacturing process, finished with a silica glaze, our basins have greater depth of colour and prevent porosity.

MARBLE

Marble is a symbol of exclusivity and indulgence. The Britton Aqua-Cabinet D500 and D1000 ranges celebrate the beauty of this superior material in a grey veined white marble. The marble is fully sealed making it fully functional and durable for use in the bathroom. Polished to a high sheen that reveals the beauty of the stone.

The Britton Aqua-Cabinet furniture range has been designed to provide both stylish and functional furniture, which is attractive and fit for purpose in the modern day bathroom.

SPACE

Designed with you in mind, the furniture pieces all provide maximum storage abilities, some with wide open doors and curved edges to allow for great accessibility. Integrated basins and worktops also provide ample space for all bathroom necessities.

BATHROOM SPECIFIC

Crafted using moisture resistant materials, all furniture is resistant to warm and moist environments. Finished with UV resistant lacquers, any natural or illuminated light will also not damage your furniture or cause the colours to fade.

QUATTROCAST®

Quattrocast is a modern material perfectly adapted for use in the bathroom. Finished with a coat of polyester resin, the basins have a durable layer impervious to bacteria. The base layer is manufactured using exceptionally high-quality materials and allows us to design sharply defined basins with long runs of worktops, perfect for our free-standing furniture pieces. These shapes would be impossible to achieve with traditional materials.

GULLWING A 60cm curvaceous free-standing furniture unit with integral Quattrocast basin. The rounded doors open wide, allowing for greater use of space and functionality. Fitted with motion sensed internal lighting which automatically switches off when no movement is detected. Soft-closing doors and a glass shelf make this piece an ingenious and innovative solution for storage.

4 COLOURS
White, Reef, Black & Ocean

60cm Gullwing shown left in Reef and above in black. 60cm Quattrocast basin with Crystal basin mixer without waste and click-clack basin waste. Above shown with 60cm illuminated mirror in black.

D450 ARC 90cm free-standing furniture unit available in both left and right handed options. A useful combination of drawers, shelving and open wide doors, this furniture piece gives great storage potential. Fit with motion sensed internal lighting on a timer to automatically switch off when no movement is detected. Pair with 90cm Arc Quattrocast basin which gives a generous depth of 45cm.

4 COLOURS
White, Reef, Black & Ocean

90cm Arc cabinet shown left in reef and above in white, with a 90cm Quattrocast basin left. Sapphire basin mixer and click-clack waste.

D450 CERAMIC A ceramic worktop with integral basin, pair with various furniture units from the Aqua-Cabinets range to create a suitable storage solution tailored to your specific needs. Choose from a range of sizes 60cm, 90cm or 120cm as either a single or double basin option. Fitted with motion sensed internal lighting which automatically switches off when no movement is detected.

D450 120cm ceramic double basin with two 60cm wide double drawer units in white, Sapphire basin mixers without pop-up waste, click-clack basin waste each, single soap dispenser on stainless steel shelf and 120cm illuminated mirror in white.

Upgrade your basin choice to Quattrocast options for a superior feel and exceptional quality. Available in the same size options.

4 COLOURS
White, Reef, Black & Ocean

Many of our free-standing furniture options are available with either ceramic basins, which are hard-wearing and will last a lifetime, or a Quattrocast basin, which enables beautifully individual basin shapes to be crafted.

4 COLOURS
White, Reef, Black & Ocean

Left: 120cm combination of 60cm double door unit, two 30cm draw units in black and 120cm single bowl ceramic basin and Sapphire basin mixer without pop-up waste with click-clack basin waste. *Above:* 90cm Quattrocast basin with 90cm double door unit in black and Crystal basin mixer without pop-up waste and click-clack basin waste.

D450 TEARDROP 90cm uniquely shaped teardrop basin in either left or right hand options with either a 90cm double door unit, a 90cm double drawer unit or a combination of 60cm double door unit and 30cm double shelf unit as shown left in Ocean. Fit with motion sensed internal lighting on a timer to automatically switch off if no movement is detected.

4 COLOURS
White, Reef, Black & Ocean

90cm illuminated mirror Ocean, 90cm natural stone cast Teardrop basin left handed, 60cm double door unit Ocean and 30cm double shelf unit Ocean with Crystal basin mixer without pop-up waste.

CLOAKROOM & ALL IN ONE Those wishing to fit out a cloakroom bathroom should look no further than the space saving and innovative cloakroom furniture units. Choose from either wall-hung or free-standing units with either 25cm or 30.5cm deep basins. Or select the All In One cloakroom furniture piece which takes space saving to a new level with ingenious solutions to decrease bathroom clutter. This unique unit encompasses a toilet roll holder and WC brush on the side of the unit. All cloakroom units are supplied with wooden shelves.

Above left and opposite: All in one floor-standing unit in white including brass WC brush and toilet roll holder, 25cm cloakroom basin right handed with Crystal mini basin mixer without pop-up waste with click-clack basin waste. *Above right:* Compact 25cm wall-hung unit in Ocean, 25cm cloakroom basin right handed and Crystal mini basin mixer without pop-up waste with click-clack basin waste.

4 COLOURS
White, Reef, Black & Ocean

D500 MARBLE The D500 marble options include a marble worktop with a stunning washbowl fitted on top. The wall-hung or free-standing cabinet options provide deep soft-close drawers for maximum storage. Choose from either two alternative styled ceramic or marble bowls. Pair with a marble splashback to protect your bathroom walls and further increase the feel of opulence.

50cm wall-hung double drawer unit with marble cone basin and marble splashback with Sapphire tall basin mixer without pop-up and click-clack basin waste.

For those with the luxury of space, upgrade your D500 unit to a D1000, providing a 100cm wide marble worktop which can either feature one, or two ceramic or marble vanity basins.

AQUACUBE & TABLET The Britton Cube wall-hung unit provides an option for those not wanting to compromise on basin size. Pair with any 50cm Britton basin from either the Fine, Cube, Curve or Compact ranges to create a tidy pedestal option with storage capabilities.

The Tablet provides a great alternative for those wishing to utilise wall-hung or back-to-wall WC options without having to conceal cisterns into bathroom walls. The glass-fronted unit conceals the dual flush cistern. Pair with any wall-hung or back-to-wall Britton WC from the Fine, Cube, Curve or Compact ranges.

4 COLOURS
White, Reef, Black & Ocean

Left: Tablet back-to-wall WC unit with flush plate in white with Curve back-to-wall WC and Carbamide soft-close seat.
Right: Cube wall-hung unit in black, Cube 50cm basin with Crystal basin mixer without pop-up with click-clack basin waste.

Quattrocast®
Finished with a coat of polyester resin, the basins have a durable layer impervious to bacteria. The base layer is manufactured using exceptionally high-quality materials and allows us to design sharply defined basins with long runs of work tops.

Ceramic
Ceramic has unparalleled resistance to abrasion and staining. It has excellent strength and due to a quality manufacturing process, finished with a silica glaze, our basins have greater depth of colour and prevent porosity.

D500 Cabinets

Step 01: Choose from wall-hung or floor-standing options from the D500 range.

WALL-HUNG

Shown with ceramic round basin

D500 wall-hung drawer unit with 500 carrera marble worktop and splashback
Ceramic round basin
D: 500, W: 500, H: 770 (with splashback)
Codes: **D51R, T51C, T55C, B52C**

Unit (D51R)
Worktop (T51C)
Splashback (T55C)
Basin (B52C)

FLOOR-STANDING

Shown with ceramic square basin

D500 floor-standing drawer unit with 500 carrera marble worktop and splashback
Ceramic square basin
D: 500, W: 500, H: 970 (with splashback)
Codes: **D52R, T51C, T55C, B51C**

Unit (D52R)
Worktop (T51C)
Splashback (T55C)
Basin (B52C)

How to order your vanity unit

Step 1: Wall-hung or floor-standing
Choose from a wall-hung fitting or a floor-standing unit. If you require a 1000mm length please order two of the same unit, see below.

Step 2: Worktop
Choose your worktop, which come with pre-drilled tap and waste holes, then choose the optional splashback, available in two sizes.

Step 3: Basin
Choose your basin, remember to order two basins if required. There are four styles to choose from, two ceramic and two marble.

Worktop Options

Step 02: Worktop options are available in both 500mm and 1000mm lengths each with single (left or right) and double tap hole options. There is also a splashback available to compliment both worktop lengths.

D500 carrera marble worktop
Single centre tap hole
D: 503, W: 500, H: 20
Code: **T51C**

D500 carrera marble worktop
Single tap hole, left hand shown, also available as a right hand option
D: 503, W: 1000, H: 20
Left hand (**T52C**)
Right hand (**T53C**)

D500 carrera marble worktop
Double centre tap hole
D: 503, W: 1000, H: 20
Code: **T54C**

D500 carrera marble splashback
D: 20 x W: 500 x H: 250 (**T55C**)
D: 20 x W: 1000 x H: 250 (**T66C**)

Basin options

Step 03: All Basins are suitable for mounting on the marble worktops shown above.

D500 ceramic round basin
D: 390, W: 390, H: 183
Code: **B52C**

*Exclude taps and wastes

D500 ceramic square basin
D: 391, W: 395, H: 148
Code: **B51C**

*Exclude taps and wastes

D500 carrera marble round basin
D: 400, W: 400, H: 120
Code: **B52M**

*Exclude taps and wastes

D500 carrera marble cone basin
D: 390, W: 390, H: 120
Code: **B51M**

*Exclude taps and wastes

Combine two D500 vanity units

Combine two wall-hung or floor-standing units together to make a 1000mm D500 vanity unit.

WALL-HUNG X2

Shown with ceramic round basin

D500 wall-hung drawer units with 1000 carrera marble worktop and splashback
D: 500, W: 1000, H: 770 (with splashback)
Codes: **D51R, D51R, T54C, T66C, B52C, B52C**

(Requires two D51R units)

FLOOR-STANDING X2

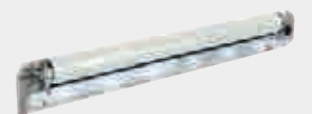

Shown with carrera marble basin

D500 floor-standing drawer units with 1000 carrera marble worktop and splashback
D: 500, W: 1000, H: 970 (with splashback)
Codes: **D52R, D52R, T52C, T66C, B51M**

(Requires two D52R units)

Soft-close drawers, and adjustable feet come as standard
All Britton D500 units are provided with soft-close drawers and floor standing units come with adjustable feet.

Optional Internal LED light

4 COLOURS
White, Reef, Black & Ocean

To order furniture in colours other than Reef, simply remove the 'R' from the end of the product code, and replace with 'W' for White, 'B' for Black or 'O' for Ocean.
