Armitage Shanks

# Armitage Shanks what works and why

An informative guide to bathroom solutions

*Armitage  
Shanks*

# Armitage Shanks Holding history. Introducing the future.

For almost every sector of the commercial washroom market there is an Armitage Shank product that has been designed to meet its needs. Because every piece has been developed with the performance, durability and regulatory demands of the

market in mind, many Armitage Shank products can be used across several different bathrooms. This flexibility allows everyone to mix and match styles to create unique bathrooms over a broad spectrum of applications.

# Armitage Shanks New products, new possibilities, new options

Established Armitage Shanks' products and exceptional new designs have joined the Armitage Shanks' family, creating an extended sanitary ware solution for every bathroom.

Carlton vessel 60cm with  
Adriana vessel basin mixer

The additions to the Armitage Shanks' family mean it can now serve an even wider range of sectors. While sharing the same durability and functionality, these new products have a "softer" commercial look suitable for installations where aesthetics are as important as performance.

Carlton washbasin with  
Livia basin mixer

Contemporary styling defines the new members of the Armitage Shanks range.

Carlton vessels are available in two dimensions, 60cm & 42cm and can be perfectly combined with Adriana vessel basin mixer rim-mounted.

Adriana new fittings range has an elegant, minimal design.

Golf - Design new fittings range follows the "soft-edge" design concept, giving it a smooth, harmonized, friendly form. Ecological, economical & safe, this fitting is using Click Technology to reduce water consumption and the hot water limiter to allow the user to have the maximum water heat level of his personal choice.

Armitage Shanks. A British institution with roots back to the mid nineteenth century, it is now one of the largest manufacturers of sanitaryware in the U.K. The name Armitage Shanks has long been synonymous with quality British Bathrooms. The company's roots can be traced back to 1850 when the first sanitaryware was manufactured. Today's bathroom has moved from being purely functional to a room in which you can express yourself. A dynamic hub in the morning for the family to invigorate themselves in for the day ahead. A sanctuary in the evening for relaxation and recharging the batteries! Armitage Shanks develops products that are made to last while offering the utmost in satisfaction – all in a very appealing design. Launching the new range of Armitage Shanks you will see diversity, elegance, sensuality and pure freshness any time of the day.

# Guarantee

## lifetime

All ceramic products

## 5 years

On taps and mixers

## 1 year

On toilet seats and cistern fittings

Our confidence in the quality and reliability of our product allows us to offer outstanding extended guarantees on all our products – where the product fails within 1/5/lifetime we offer a free replacement or replacement part (or nearest equivalent). So when your washroom has been satisfactorily installed and is working well, please ensure you register your guarantee.

Parts (e.g. flushvalves) are guaranteed for one year and will be replaced if found to be faulty. The guarantee does not cover general wear and tear.

You can register for guarantees on a bathroom bought on your behalf by a plumber or builder.

This guarantee is transferable – it applies to the product not the purchaser provided the guarantee registration is passed on to the new owner.

Colours printed in this book are as near as possible to the manufactured range of Armitage Shanks quality bathrooms.

For accurate comparisons of colours, see actual ware on display at Armitage Shanks retailers. Our policy is one of continuous improvement and we reserve the right to change specification and design at any time without notice.

Liability is limited to individual products and the guarantee does not cover the consequential loss or damage or installation costs. This guarantee does not affect your statutory rights. Products must be installed, used and cared for in line with our fixing instructions and local water regulations, and room must be adequately ventilated.

Products can be subject to tolerances due to manufacturing processes.
