CORAM
SHOWERPODS

Made in Britain

Coram Showerpods are designed and made in Britain to meet British site requirements

The ideal, leak free shower enclosure solution.

Coram Showerpods come complete with a shower door, enclosure walls plus a choice of high performance thermostatic showers. You can choose from our range of colours and granite effects, as well as different sizes and styles to create the truly perfect pod for your space.

Easy to fit, clean and virtually maintenance free

Coram Showerpods are quick and easy for one person to install. The complete unit, with the shower fully connected, can be fitted in just a few hours.

- No sealant or tiling grout makes the Showerpod virtually maintenance free
- Smooth rounded surfaces with no awkward gaps make cleaning easy

Stay Clean Glass

The glass in our shower enclosures needs cleaning 50-70% less often yet still keeps it's sparkle and shine. We apply a microscopically thin coating which creates a permanent protective layer with an incredibly smooth and crystal clear surface- preventing build-up of limescale and grime, which makes cleaning easier.

Guaranteed peace of mind

Coram Showerpods guarantee a 25 year structural warranty.

For full details on the Coram Showerpods warranty call 01746 766466 or email sales@coramshowerpods.co.uk

Sizes and styles for every application

Quadrant

Showerpods can be fitted in both alcoves and corners. There's a range of three sizes for alcoves and for corners you have the choice of a Quadrant or Corner Pod.

Chrome Cover Caps as featured on our Optima door.

Quick release for easy cleaning.

Polished stainless steel handle.

Corner

Alcove Sliding

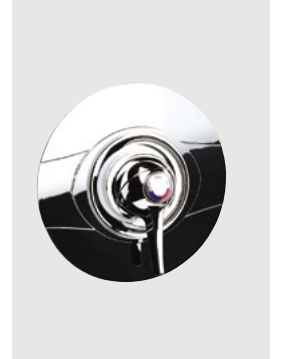

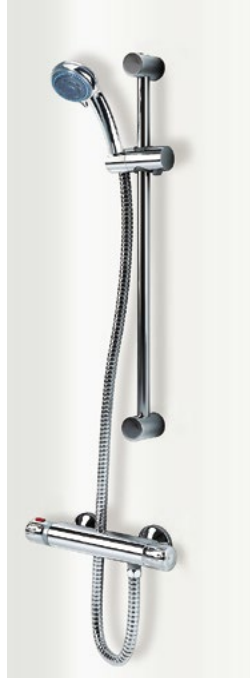

Built-in shelves provide convenient, easy clean surfaces for shampoo and shower gels.

A choice of attractive mixer showers

Alcove Bi-fold

With every Coram Showerpod you have a choice of top quality thermostatic mixer showers.

The Deluge Optimo thermostatic bar mixer, which incorporates a drencher and hand held shower head, has been designed to give you the best of both worlds. Offering the ultimate balance between excellent performance and the latest designs to suit every bathroom.

The surface mounted bar mixer, an efficient and stylish option, is particularly suited to contract installations.

The concealed thermostatic sequential control offers an alternative look, also suited to contract installations.

For further information on our mixer options please contact us.
