■ GEBERIT

Fresh air – good mood.

Who takes care of the atmosphere in your bathroom?

Last one in the bathroom – unlucky!

92% of us think that odours affect how we feel!

Approach 1: Odour out of the window along with the warm air.

Approach 2: Replace one bad smell with another.

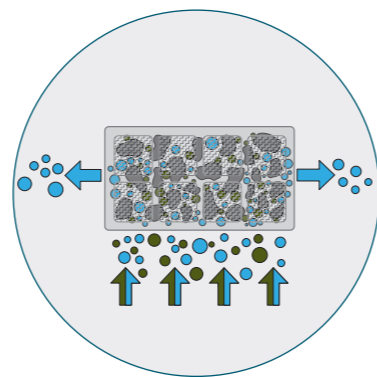

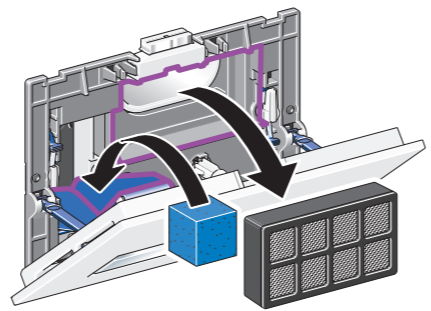

Approach 3: Cover it up for a while with an air freshener.

The result? Dissatisfaction!

We have the solution.
Extract the odour, clean the air.

The active carbon filter and insert for in-cistern block are easily accessible through the flush plate.

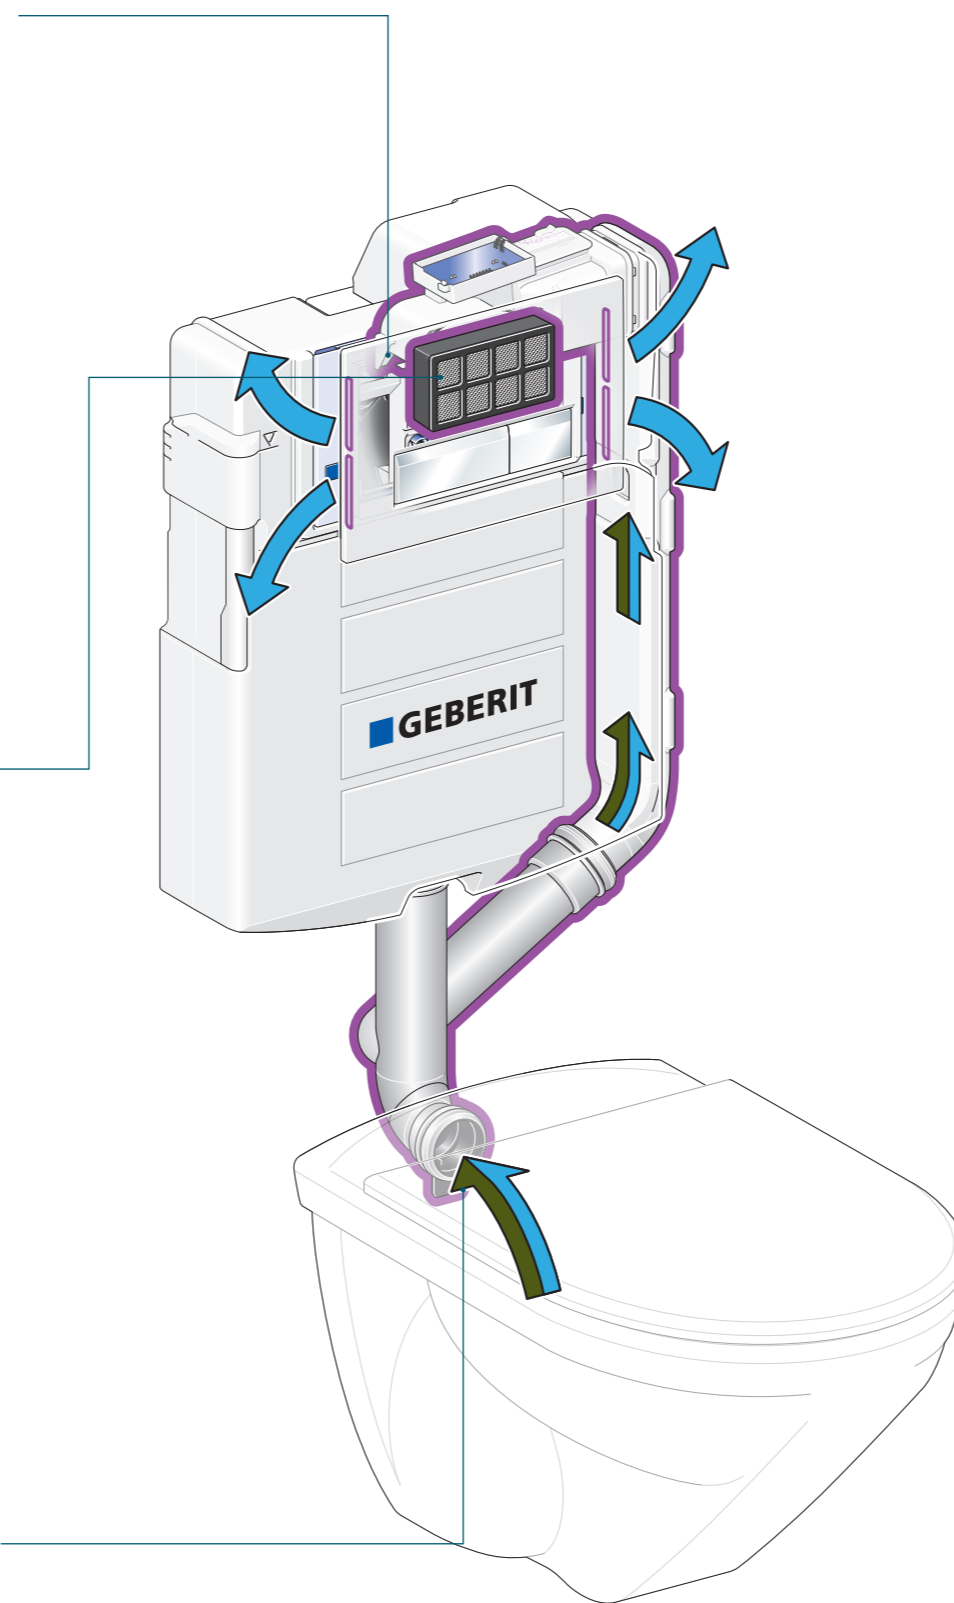

The air is thoroughly cleaned by the active carbon filter.

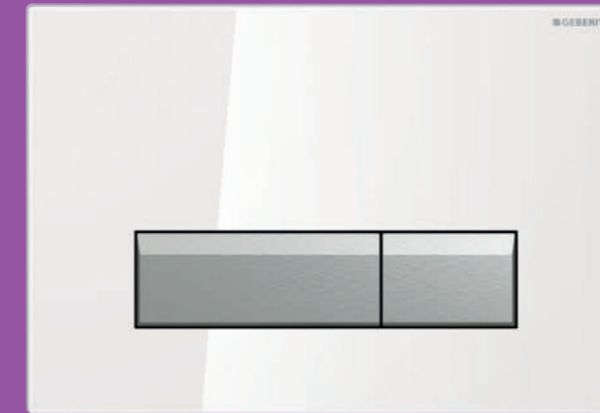

A quiet fan transfers the purified air back into the room.

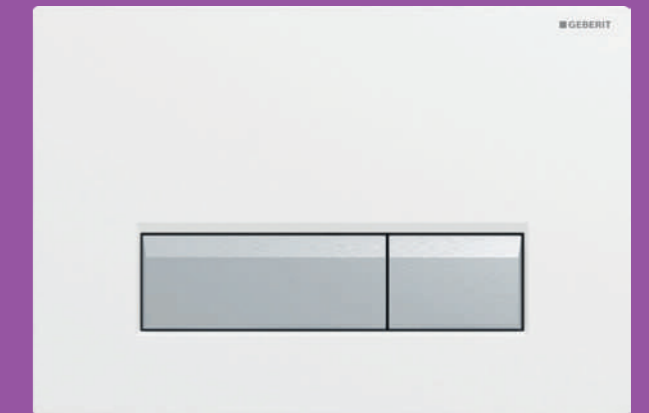

Traps unpleasant odours right at the source.

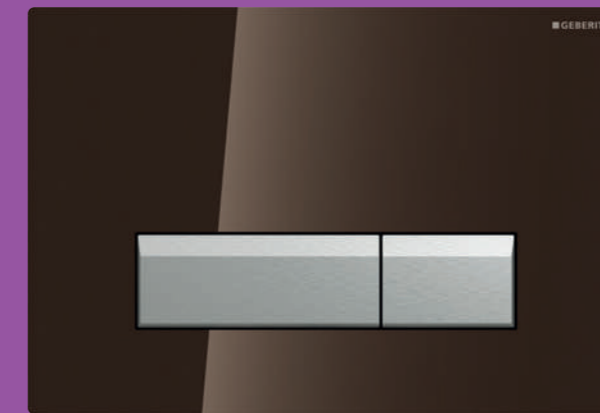

Freshness can be this attractive.
Noticeable effect, invisible technology.

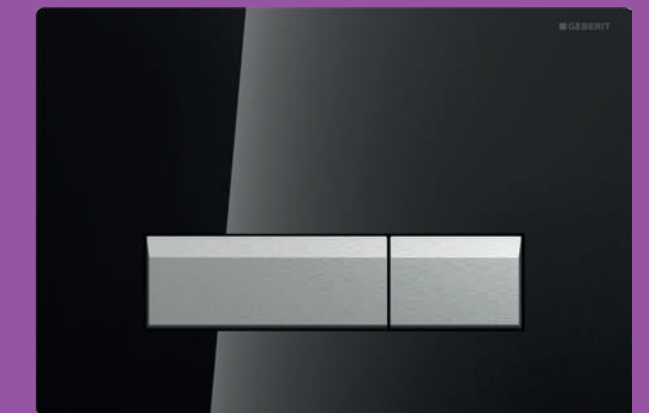

Unsurpassed elegance:
Geberit flush plate Sigma40 in luxury, white glass.
→ Art. no. 115.600.SI.1

Perfect design:
Geberit flush plate Sigma40 in white plastic.
→ Art. no. 115.600.KQ.1
