

RANGEmaster

Sinks & Taps

Introducing
GEO
4-in-1

Rangemaster's latest addition is GEO; An evolution in 4-in-1 taps delivering domestic hot and cold, filtered cold and 98° hot.

Smart, efficient and safe; GEO offers safe dispensing of 98° water with its child-safe key fob system, smart anti-scale technology for hassle free maintenance and efficiently delivers over 100 cups of perfectly filtered 98° water an hour.

The unpressurised system ensures a fast, consistent stream of water without the dangers of spitting, splashing and steaming often seen from other systems.

It also means simple installation with no need to adjust incoming water pressure and is even suitable for use in low pressure systems.

Stainless Steel Sinks

Designed to blend effortlessly into the heart of the modern family kitchen, a closer inspection of a Rangemaster stainless steel sink also reveals a real eye for design. Stain resistant, hard wearing and easy to clean, of course. Yet also with a stylish, seam-free appearance and inner strength, resulting from advanced manufacturing techniques.

Manhattan

Available as single, 1.5 & double bowl

The Manhattan combines fantastic good looks with universal appeal. Designed to perfectly complement any kitchen scheme, this stainless steel sink is slightly larger than our other inset sinks. It is immensely practical and hard-working, with a recessed drainer preventing water spillage and low profile edges providing a flush, hygienic appearance.

Our Stainless Steel Features

All Rangemaster inset stainless steel sinks are manufactured with a new Micro-Sheen™ finish featuring a hard wearing etched Rangemaster logo, and are framed within a subtle ground-edge trim to stand proud in your kitchen. This exquisite finish is complemented by the practicality of automatically applied sealant and pre-fitted clips for ease when installing.

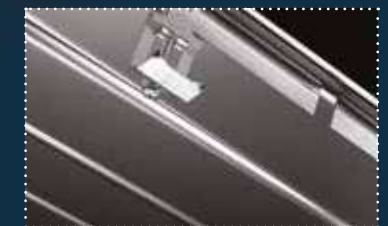

Subtle Ground Edge Finish

Each stainless steel inset fitted sink is finished with a subtle ground edge trim to beautifully frame your sink.

Micro-Sheen™ Finish

All stainless steel sinks have an enhanced soft brushed finish to the bowl & drainer.

Fitted Clips & Seals

Rangemaster stainless steel inset sinks have fitted clips and seals reducing installation time and ensure a perfect, water tight contact with the work surface.

Atlantic Kube 10mm corner radius

With a dramatic 10mm radii defining the corners to this bowl type, the Kube undermount creates a geometric effect which will sit perfectly within streamlined cabinetry. Featuring a modern square waste and overflow, this range is available in a mix of single, 1.5 and double bowl configurations.

Atlantic Undermounts

For a more discreet presence, Rangemaster offers a vast range of undermount bowls, comprising an eclectic mix of single, 1.5 and double bowl variants. Available in three radii options the range covers curvaceous bowls and distinguished geometric effect corners to complement the tone of your kitchen.

NB: The Atlantic Kube sinks are not compatible with Rangemaster's Waste Disposal Units unless the square waste adaptor is in use.

Atlantic Quad 25mm corner radius

The Quad undermount range features more distinct lines than the classic undermount, with a 25mm radius in the bowl corners. Made from high grade stainless steel, the Quad bowls feature a square waste and overflow to suit more contemporary kitchen schemes, and come in a variety of configurations to suit your needs.

Igneous Sinks

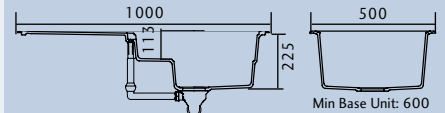

Constructed from a patented formula of 80% quartz – the toughest element of granite – and high-grade acrylic, the Igneous sink collection is literally rock solid. Impervious to knocks and scratches, it's UV stable for a fade-free finish and has high-intensity colour running through its very core. Cleaning is a dream thanks to Igneous' natural antibacterial surface that repels microbes and stains. There are five distinctive designs to choose from, each presented in a trio of style-led shades.

 - Waste Kit: Included

Lunar

Available as single & 1.5 bowl

Enjoy the softly curved features of the Lunar sink, the Lunar is made from a high quality composite material that's incredibly robust. Its minimalist draining area is precisely angled to carry away water with ease, while its curvaceous bowls are easier to clean than angular alternatives as there are no tight corners to harbour food debris.

Available in four attractive colours.

Classic Belfast

There's very little that captures the true essence of a traditional British kitchen quite like a Belfast sink. Sometimes referred to as the butler sink, the large solid design typifies the very heart of the home. Finished in a high lustre white gloss, complete with a traditionally styled weir waste overflow.

Accessories Available (to buy your accessories visit www.rangemastersinks.co.uk):

KA12 Draining Basket - Stainless steel

Tap Recommended:

TBL3CM/ - Chrome Finish

Rustique Single Bowls

Fitted as either an inset or undermount sink the Rustique ceramic single bowls will provide a real focal point in the kitchen and contrast excellently to all colours and finishes.

Rangemaster continuously seeks improvements in specification, design and production of products and thus, alterations take place periodically. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specification, nor does it constitute an offer for the sale of any particular product.
