# RESPECT ENVIRONMENT AND SAFETY

Each of our products has been planned and made to meet the latest European standards regarding quality, safety and respect for environment. The use of production processes with low environmental impact, decreased emission of toxic substances and a considerable reduction in energy consumption are immediate answers to problems of a world in constant evolution.

The range is vast, extremely high quality and probably the most versatile in the market - anything is possible in terms of scale and design. Throughout the world Novellini creates inspiring bathrooms that appeal to individuals at home, via our merchant partners. And, working alongside architects and designers, we create bathroom environments that complement the home, creating a tranquil space promoting Well-being within the living environment.
