

ARMANI / Roca

A new concept for the bathroom

CONTENTS

Everything in **Bathrooms**

2015-16

006-007 TRENDSETTING

Our origin, history and values have helped to establish us as a global brand in the bathroom world. Since establishment, in 1917, we have continually developed and innovated to ensure that the everchanging needs of society are met.

008-009 ROCA AND THE EIFFEL TOWER

Special edition red Roca bathrooms have been fitted in the Eiffel Tower.

010-011 INTERNATIONAL PRESTIGE

As a brand we are featured in many prestigious buildings around the world, including the Claridges Hotel and the Bolshoi Theatre.

012-031 NEW PRODUCTS AND INNOVATIONS

See our latest products and innovations, including both compact and sustainable solutions, which will help to transform your bathroom space. Some of our recent additions include: basins, WCs, furniture and brassware.

032-059 BATHROOM COLLECTIONS

Our extensive range of bathroom collections are full of innovative concepts, solutions, and new designs to help you make the most of your bathroom space.

060-111 PRODUCT RANGES

We have included sections on the following product groups to ensure that you can choose the ideal products for your bathroom: Basins and Furniture, Basins, Accessories, Brassware, Shower Trays and Baths.

112-129 TILES

With a wide variety of floor and wall tiles, Roca can help transform any space to complete the bathroom look. From the neutral and minimal designs of Fusion to the warmth of Yellowstone.

130-205 PRODUCT SELECTION

Find all of the information you need in our Product Selection section, including technical drawings, images, codes and pricing. Everything you need to make your dream bathroom a reality.

W+W is a joint project from the Innovation Lab and the Roca Design Centre. W+W combines two fundamental elements of the bathroom, and reuses the water from the basin to flush the WC.

The We Are Water Foundation's aim is focused on the need of a sustainable management of hydric resources in the world.

Roca's approach to society was fuelled by the creation of the Roca Gallery spaces. Located in Barcelona, Madrid, Lisbon, London and Shanghai, the galleries encourage visitors to view products, and understand the innovations and values of a company committed to sustainability.

THE IMPORTANCE OF WATER

Proud of its trend-setting credentials, Roca also prides itself on understanding and anticipating market needs, from residential to public spaces, all of Roca's collections are created to consider design, functionality and sustainability.

Photo Gilles Martin-Raget/ Barcelona World Race

Trend-setting

and France, before continuing to grow and expand in the UK, Germany, Italy, Russia and Brazil, to name a few. Focused on the design and quality of its products, early designs such as Dama-N, Laura and Meridian-N continue to be as relevant now as they were when they first launched. As the Roca brand grew, Roca's status as a brand focused on design and quality increased, and collaborations with prestigious designers began.

ROCA ANTICIPATES THE NEEDS OF ALL

Almost 100 years old, Roca is devoted to innovation and sustainability in the bathroom.

Roca has grown and evolved since 1917 to become an international leader in the design and production of bathroom spaces, but the 100% Spanish owned company continues to think locally and act globally. Quality, innovation, design and sustainability are at the heart of all Roca products and responding to society's needs, while understanding the importance of the bathroom as a relaxation space is paramount to Roca.

A HISTORY OF SUCCESS

Originally a cast iron radiator manufacturer, Roca expanded to produce cast iron baths before moving into vitreous china. Now a global leader in designing and producing the bathroom space, Roca has grown, through dedication and expertise, into an international organisation, present in more than 135 countries.

International expansion began when Roca opened subsidiaries in Portugal

In-Tank Meridian WC, with integrated cistern and pure lines.

Designed by Zaha Hadid Architects, the award-winning Roca London Gallery hosts social and cultural events, exhibitions and installations while also providing a unique visual and interactive experience.

One example of a Roca product that focuses on environmental innovation is the award-winning W+W, a combined basin and WC, designed to deliver water and energy saving benefits without compromising on aesthetics.

Roca's commitment to water-saving is long standing, by setting up the non-profit organisation, the We Are Water Foundation in 2010. Roca is able to highlight the importance of water as a limited resource and encourage society to have a balanced existence with the environment. The foundation also works in the world's most deprived areas to help people and communities most affected by water shortages.

Roca and the Eiffel Tower

Special edition red Roca bathrooms have been fitted in the Eiffel Tower.

Diverta washbasin in Venetian red vitreous china, special edition for the Eiffel Tower.

One of the most recent and relevant international projects for Roca is the renovation of the bathroom spaces within the iconic Eiffel Tower.

Together with the prestigious architecture studio Moatti-Riviere, Roca contributed to the renovation of the most visited monument in the world.

Roca was chosen as the supplier of all bathroom products for the tower. Architect Alain Moatti believes Roca was selected for its values of “design, technology and quality”, adding “the range has been chosen for a public space as it can cope with a high and frequent use”.

Venetian Red

The first floor of the Eiffel Tower is made up of the Eiffel and Ferrier Pavillions both tiled and fitted with products in venetian red as homage to the original colour of the tower with a fresh, urban twist.

In the first pavilion, Roca’s Diverta collection was selected for its straight, elegant lines and sits perfectly with the Meridian-N wall-hung WC, Amberes basin and innovative basin mixer, all selected for the project.

The venetian red colour of the special edition Roca products is a key element in the overall appearance of the project. Architect Moatti states “The red tone is the driving thread of the project. Roca understood it immediately and achieved the exact colour, which until that point did not exist in its portfolio”.

Specially conceived for public spaces, the unique red colour of the Diverta basins, Meridian-N wall-hung WCs and Site urinals, together with the electronic Loft-E taps, bring a timeless style to the space.

The success of the collaboration between Roca and Moatti-Riviere is thanks to “Roca’s capacity to listen and understand. In terms of design and technology, our relationship with Roca has been based on its adaptability, which has led to an excellent finish of its products” adds Alain Moatti.

**Sheraton Huzhou
Hot Spring
Resort Hotel,**
Huzhou (China)

International prestige

Roca is renowned for its worldwide presence in emblematic buildings.

Luxurious hotels, business centres, theatres... all public buildings that have trusted Roca with their bathroom spaces.

Under the lead of prestigious architecture studio, MAD Architects, Roca has been involved in the recently opened Sheraton Huzhou Spring Resort Hotel in Huzhou (China).

**Narada Kempinski
Resort & Spa Sanya,**
Hainan Island (China)

MFC Capital City
Moscow (Russia)

Recognised for its extraordinary architectural structure on the Taihu Lake, the hotel presents luxurious interiors and hotel suites that feature special edition Khroma WCs from Roca.

Roca bathrooms can be found in buildings across the world, from the MFC City of Capitals in Russia, which include Bol and Meridian-N products, to the Bolshoi Theatre in Moscow, which is fitted with Hall, Meridian-N and Dama-N.

Bolshoi Theatre
Moscow (Russia)

Claridge Hotel
Paris (France)

When it comes to hotels, international chains such as InterContinental trust Roca to create beautiful bathroom spaces for rooms and suites. The avant-garde InterContinental Shanghai installed Bol, Diverta and Continental models.

European cities such as Barcelona, Paris, Obriverca (Portugal) and Rhodes (Greece) are also using Roca products in emblematic buildings. Showing that Roca really is worldwide.

We continually strive to innovate and design new products, to ensure that we can continue to deliver for the changing needs of the bathroom.

NEW Products and Innovations

- 014** / Debba VC
- 016** / CleanRim The Gap
- 018** / Singles Open
- 019** / Smooth body basin mixers
- 020** / Even-T
- 021** / T-1000
- 022** / RainSense
- 023** / RainDream
- 024** / W+W

- 026** / Colina
- 027** / Duplo-N and PL operating panels
- 028** / Solutions for small spaces
- 030** / Solutions for water and energy saving

DEBBA VC

Extension to our popular range

Our popular Debba collection has been extended to include additional basin options, dedicated semi-pedestals, back-to-wall and wall-hung WCs, as well as three bidet options.

Debba is the perfect versatile solution for any bathroom space. Combine with complementary furniture, available in both a compact (360mm) and standard (460mm) projection for the complete bathroom look.

NEW PRODUCT

Debba suite ([id 146-148](#)), Installation system ([id 151](#)).

Epitomised by its 'soft square' look, Debba provides a smooth and organic design at an affordable price.

NEW PRODUCT

Debba suite ([id 146-148](#)), Installation system ([id 151](#)).

Bidet options available which offer back-to-wall, floorstanding and wall-hung solutions.

NEW PRODUCT

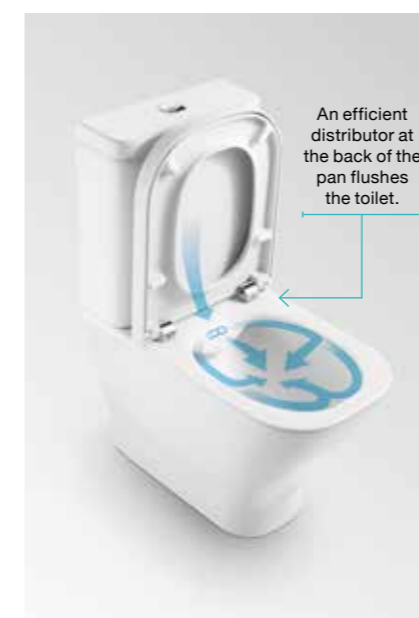

Debba suite ([id 146-148](#)), Debba standard furniture ([id 148, 160](#)), Victoria (V2) Brassware ([id 188](#)), PL1 operating panel ([id 151](#)), Installation system ([id 151](#)), Shower enclosure not available in the UK.

CLEANRIM

The Gap wall-hung WC

The popular CleanRim The Gap has been expanded to include a wall-hung version. CleanRim The Gap incorporates hidden fixations and distributors to allow water to be distributed evenly for each flush. Compatible with all our installation systems and contemporary PL operating panels.

CLEANRIM

The Gap close-coupled WC

CleanRim The Gap flushes from an efficient distributor at the back of the toilet, which has allowed us to reduce the flush volume to just 4 and 2 litres.

SINGLES OPEN

Revolutionary design with a cylindrical waterfall experience

The new Singles Open brassware is the result of our passion for innovation and design. A truly unique design for a statement bathroom piece. Singles Open offers features such as SofTurn®, Evershine® and an easy clean aerator.

SMOOTH BODY

Basin Mixers

Four of our popular brassware collections have been extended to include a smooth body basin mixer with 1/2 inch flexible tails and flow straightener to complement UK pipework. The eco disc cartridge also helps to save water and energy by giving a level of resistance at 50% of the water flow.

L20 benefits from Cold Start technology, meaning that the flow always starts with cold water, and water systems are only activated when hot water is required thereby saving energy.

NEW PRODUCT

Even-T shower column with rectangular head (111 195).

Choose from a round or rectangular shower head.

Even-T shower column with round head (111 195).

EVEN-T

Modern thermostatic shower experience

The Even-T shower column is available with a round or a rectangular overhead shower rose, incorporating the Stella 100/3 function handset.

The installation height is adjustable and Even-T also features a swivel shower head. The thermostatic mixer includes SafeTouch® and Security 38°® to make it the ideal solution for the family bathroom. The Stella handset includes 3 functions: rain, pulse and aquair.

The thermostatic shower mixer clearly highlights the temperature and restricts it to 38°.

The shower head and handset both feature 'Easy Clean' technology, featuring flexible jets, which help prevent limescale build-up.

T-1000

Developed by the Roca Design Center

A minimalist design which pays close attention to detail, with integrated buttons and an adjustment handle which provides great visibility of the current temperature. The bath-shower and shower mixers come with the Stella 80/3 function handset, which has three functions: rain, pulse and aquair.

T-1000 brassware (111 190).

Quick Reaction technology allows you to reach the water flow and temperature you want in less than three seconds.

NEW PRODUCT

Security 38° is a safety device (the red button) which prevents the water temperature from exceeding 38°.

The Stella handset includes three functions: rain, pulse and aquair.

T-1000 brassware (111 190).

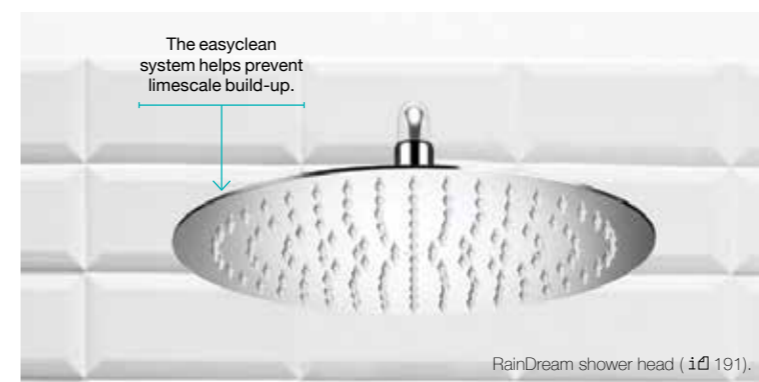

RAINSENSE

Luxurious showering experience

Our RainSense shower heads provide a luxurious showering experience. With a range of sizes and installation options, RainSense can be adapted for any bathroom space.

Valves must be ordered separately, please see pages 182-190.

RAINDREAM

Contemporary solution for the modern bathroom

RainDream provides five on trend options for any bathroom style. With a slim polished stainless steel design of just 5mm thick and containing an easyclean system, RainDream is both modern and functional.

Valves must be ordered separately, please see pages 182-190.

W+W

Fusion of washbasin and WC in one piece

The iconic design combines two fundamental bathroom pieces into one, which saves space.

At the forefront of design and innovation, W+W filters the water from the basin and reuses it to flush the WC, which helps you save water, and in turn money, with every flush.

The filtering and treatment systems ensure that the water held in the tank is clean and sanitised, ready to be used for flushing.

IN-TANK MERIDIAN

Revolutionary, integrated WC concept

Roca revolutionises the world of the bathroom with In-Tank Meridian; a system that, for the very first time, integrates the cistern and flush system in the WC itself. In-Tank marks the beginning of a new era in bathrooms as it does not require the installation of either a cistern or flush plate to be fully operational, which in turn saves space in the bathroom.

Find out more about the revolutionary In-Tank Meridian by requesting a copy of our dedicated leaflet.

COLINA

Comfort height WC

As our 'comfort height' WC, the Colina pan is designed to sit slightly higher than a standard pan making it a more comfortable solution for taller people as well as those with back or joint problems.

The stylish, modern design makes this WC suitable for use with the majority of our basins, pedestals and furniture.

Colina WC (iđ 134).

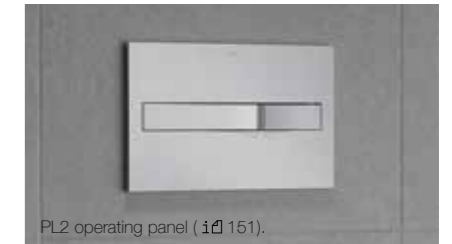

Duplo-N installation system (iđ 151), PL4 operating panel (iđ 151).

PL1 operating panel (iđ 151).

PL1 provides a soft oval button for high and low flush.

PL2 operating panel (iđ 151).

PL2 is a unique style with a raised middle section to highlight where the high and low flush meet for ease of operation.

PL3 operating panel (iđ 151).

PL3 is our anti-vandal option, ideal for public spaces.

PL4 operating panel (iđ 151).

PL4 provides a large circle for the flush, with the low flush option being situated within the larger circle.

PL5 operating panel (iđ 151).

PL5 uses the long thin button for the full flush and a shorter thin button for the low flush option.

PL6 operating panel (iđ 151).

PL6 features the + denoting the high flush, and the - for the low flush.

DUPLO-N AND PL OPERATING PANELS

A compact installation system and contemporary operating panels

Duplo-N, our compact concealed cistern has a depth of just 80mm, meaning it can be installed in a minimal space, compared to conventional concealed cisterns. The low dual flush of just 4.5 and 3 litres means you can be ECO, save water and in turn money.

We also have a range of operating panels to suit all of our concealed cisterns, which have contemporary styles to complement a modern bathroom. All of our operating panels provide an array of choices for any bathroom style.

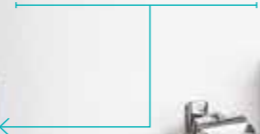

PL4, 5 and 6 are available in four finishes: Chrome, Combi (White/Grey), Grey Lacquer and White.

Colina benefits from a flush volume of just 4.5 and 3 litres.

The stylish and modern design makes Colina suitable for use with our basins, pedestals and furniture.

Our Debba Compact furniture, coupled with our Luna mirrored cabinets, provide additional storage for smaller spaces, with only a 360mm projection on the base unit.

Debba Compact furniture (id 147, 159), Luna mirrored cabinet (id 154), Victoria (V2) basin mixer (id 188), Debba VC (id 146-148), Victoria accessories (id 179).

In-Tank Meridian wall-hung (id 134, 139).

In-Tank Meridian includes the cistern and flush plate within the pan, meaning you can save valuable space by not needing an additional cistern. The wall-hung version helps to create a feeling of space, as the area under the pan is clear.

The Senso Compact collection has been designed to fit into almost any bathroom, no matter how small.

Senso Compact suite (id 142).

Duplo-N installation system (id 151), PL4 operating panel (id 151).

The new Duplo-N installation system is perfect for bathrooms where space is an issue, as the cistern only has an 80mm projection, meaning it can be installed in the wall very easily.

SOLUTIONS FOR SMALL SPACES

Adaptable to all bathroom spaces

We have thought about every aspect of the bathroom, including areas with limited space. With this in mind a wide variety of compact solutions are available, some of which are highlighted here. From short projection WCs to compact furniture, Roca can help you make the most of your bathroom space, no matter how big or small. We also offer steel baths from just 1500 x 700mm, cloakroom basins and smaller taps.

Mini - basin, furniture and mirrored cabinet (id 161).

As its name suggests Mini furniture is ideal for small spaces, with a 250mm projection it can fit into the smallest of bathrooms, while still providing a good sized basin for washing.

An extension of the Meridian-N collection, Meridian-N Compact makes space saving within the bathroom easier than ever before.

Meridian-N Compact (id 139-140), Esmal basin mixer id 186).

CleanRim The Gap (id 134, 143).

Debba WC (id 146-148).

The new Duplo-N installation system provides a concealed cistern with just a 4.5 and 3 litre flush, making it our most ECO concealed cistern available.

Duplo-N installation system (id 151), PL4 operating panel (id 151).

Many of our WCs have the option of a 4.5 and 3 litre flush, making them the more sustainable option than 6 and 3 litre flushes (which despite being higher are still lower than many others in the market which flush at 6 and 4 litres).

Contesa ECO steel bath (id 201).

SOLUTIONS FOR WATER AND ENERGY SAVING

ECO and sustainable solutions to encourage water saving

With sustainability, design and innovation being especially important to us, from low flush WCs to ECO baths, we continually strive to develop bathroom products which help you to save water. Many of our brassware ranges feature Eco Disc cartridges, which provide a level of resistance at 50% of the water flow, coupled with flow restrictors, which will not let the flow of water exceed the specified amount, so you can save water and energy, and in turn money, with Roca.

L20 basin mixer (id 189).

Many of our brassware ranges, including L20, feature our ECO disc cartridge and flow restrictor, to help you to save water. L20 also features Cold Start technology to help save water and energy by allowing the brassware to always flow with cold water when first activated.

We have a wide range of bathroom collections to suit a variety of tastes and needs. From functional to aesthetic, colourful to classical, you are sure to find what you are looking for.

The freestanding bath offers a luxurious bathing experience.

Element suite (id 135), Thesis brassware (id 182), Twin accessories (id 179).

ELEMENT

Modern, robust and adaptable to any space

Element is both modern and functional, with compact, clean and simple pieces, designed around the shape of a prism. Element is a true reflection of the creative spirit of its author, British architect David Chipperfield. The collection, with a clear geometrical stamp, goes for a contained look, using decidedly chunky pieces to convey a distinctive, radical style with great authority and presence.

Coloured seats and cistern fronts makes Khroma a fun collection.

Khroma basins incorporate a useful ledge making them a practical bathroom solution.

HAPPENING

Innovative and modern design,
targeted at an avant-garde audience

Happening is ideal for those looking for new trends in the bathroom. Designed by Ramón Benedito and with a wide range of products, Happening is an ideal solution for all spaces.

Ramón Benedito has made the most of the Happening collection, with the classical structures of conventional bathroom elements given a new perspective. The simplicity of the designs help create an uncluttered space which also gives the bathroom character.

Happening suite (id 136), Thesis brassware (id 184),
Twin accessories (id 179).

The unique basin design stands out as a statement piece for the bathroom.

Choose from a close-coupled, back-to-wall or a wall-hung WC.

With six basin sizes to choose from, Happening can adapt to any bathroom, no matter the size.

NEW CLASSICAL

A classic design, with elegance and perfection

The serene and refined lines of the New Classical collection represent a classic design trend, whilst providing a contemporary twist and traditional style, radiating elegance and perfection.

This charismatic collection is the work of Marcello Cutino. With its generous proportions and delicate details, New Classical is a timeless collection. Three basins, a close-coupled WC, bidet and bath, make this an all round collection for the bathroom.

For those looking for a truly classical design and a statement bathroom, why not team New Classical with our cast iron bath, Eliptico. Available in five colours, Eliptico is a traditional freestanding bath, with a variety of different feet choices, to help you really make it your own.

Eliptico bath (1 1202), Brassware not available in the UK.

The elegance of the Eliptico bath complements the New Classical collection, and provides a statement piece to the bathroom.

With three basin options, including an in-countertop version, there is an option for every bathroom.

New Classical benefits from a flush volume of just 6 and 3 litres.

New Classical suite (1 136), Loft Elite brassware (1 183).

Hall basins can be installed with a bottle trap, full pedestal or semi-pedestal.

Hall offers you the choice of four WCs: wall-hung, back-wall, close-coupled and ECO.

Hall suite (id 137), Esmal brassware (id 186), Installation system (id 151), PL2 operating panel (id 151).

HALL

The minimalistic approach for any bathroom

Hall is aspirational, yet achievable, fusing contemporary style with functional design. Its compact nature means that Hall will help solve all those space issues without compromising on the overall look of your bathroom. Created by Ramon Benedito, the Hall collection offers an array of choices for the bathroom space. Including seven basin sizes, three WC options, two bidets, a rectangular and square shower tray as well as two baths.

Hall basins (id 137), Brassware not available in the UK.

The Hall wall-hung basins have robust, dynamic shapes with a subtle presence.

The close-coupled WC offers a flush volume of just 6 and 3 litres.

Hall suite (id 137), Esmal brassware (id 186).

MERIDIAN-N

One design, thousands of combinations

The Meridian-N collection offers the widest range of basins, toilets, bidets, seats and covers (soft-close or standard) as well as additional range options to perfectly tailor your bathroom to your tastes and requirements.

With both compact* and standard projection furniture available in either Gloss White or Oak, Meridian-N provides a complete solution.

*The compact furniture is only compatible with compact basins.

Included within the range is the unique, award winning In-Tank Meridian. Roca has revolutionised the world of the bathroom with a system that, for the very first time, integrates the cistern and flush system in the WC itself.

Water enters the tank and then air is introduced by a revolutionary blower which has been developed in collaboration with Fluidmaster. This innovative blower then pushes the water through the toilet rim to flush the WC. There is the option of either a wall-hung or back-to-wall version.

The back-to-wall In-Tank Meridian needs no installation work into the wall, making it quick and easy to install.

In-Tank Meridian (back-to-wall) (id 134, 139).

The Meridian-N close-coupled WC benefits from a flush volume of just 4.5 and 3 litres, making it an ECO option.

MERIDIAN-N COMPACT

Compact options to further extend the Meridian-N collection

An extension of the Meridian-N collection, Meridian-N Compact makes space saving within the bathroom easier than ever before. Meridian-N Compact can be combined with products from the Meridian-N range, so you can mix and match according to your taste and space requirements.

The Meridian-N collection offers a multitude of combinations to meet all needs in different bathroom spaces.

The Meridian-N Compact furniture offers four sizes, with the option of either one or two drawers and is available in two on-trend finishes.

Our unique In-Tank Meridian is available in wall-hung and back-to-wall versions, which is an ideal solution for smaller spaces, as you do not need to fit a concealed cistern or operating panel.

In-Tank Meridian (wall-hung) (id 134, 139).

The wall-hung In-Tank Meridian provides a compact solution for smaller spaces.

The compact WC has a projection of just 600mm, compared to the standard WC of 645mm.

Compact basins can be installed with a semi-pedestal or bottle trap.

The wall-hung WCs and bidets are available with a compact projection, to help them fit in smaller bathroom spaces.

The optional towel rail can be fitted to either side of the basin.

Furniture features aluminium edges which adds to the design, protects the corners from scuffs and matches seamlessly with the optional legs

Dama-N suite (id 140-141), Logica-N brassware (id 185).

DAMA-N

A timeless collection with a host of details and solutions

Joan Gaspar has successfully designed the Dama-N collection with neutral lines which make it a versatile range of sanitaryware and furniture that succeeds not only due to its functionality but also to its great value-added design.

The column unit is available with or without a mirror.

The Dama-N collection features neutral clean lines with a wide variety of sizes.

It is the small details that help to make Dama-N so versatile. From the small slots in the toilet and bidet covers, to allow for easy opening, to the shell cistern, which helps prevent unsightly condensation and is easier to clean - Dama-N is both aesthetically pleasing and functional.

Providing fourteen basin solutions (with varying shapes and sizes, including compact versions), one pedestal and two semi-pedestals combined with the vast range of furniture units and finishes ensures Dama-N offers maximum versatility for your bathroom space.

Basin solutions such as the semi-recessed or corner basins reflect the functional spirit of Dama-N, providing an ideal solution for the needs of different bathroom spaces.

The soft-close lid incorporates a slot to facilitate hygienic opening.

Wall-hung options are available which help to create the feeling of space.

SENSO AND SENSO COMPACT

Sophisticated style with a wide number of options to choose from

The Senso collection offers a variety of choice for the bathroom space. With five WC options, including compact projections, it is easy to fit Senso into any bathroom.

Choose a semi-pedestal with an optional towel rail to provide practical solutions.

Senso suite (idf 141), Logica-N brassware (idf 185), Installation system (idf 151), Operating panel not available in the UK.

Senso WCs flush with either 6 and 3 litres or an ECO 4.5 and 3 litres on the compact version.

Senso Compact suite (idf 142).

Senso basin (idf 141), Logica-N brassware (idf 185).

Schmidt and Lackner designed both Senso and Senso Compact to fit into almost any bathroom, no matter how small. The compact version is particularly practical for cloakroom spaces.

With a variety of basins available you can ensure the same style can be achieved throughout the home.

Ten basin sizes make Senso Square a great versatile collection.

Senso Square suite (idf 142-143), Targa brassware (idf 187), Installation system (idf 151), Operating panel not available in the UK.

SENSO SQUARE

Straight lines with rounded edges to suit a variety of styles

Senso Square offers a wide choice of basins with co-ordinating two drawer furniture, which makes it extremely functional and versatile.

Complementary furniture is available, with the Senso Square 2.0 range. Available in three finishes, with two drawers, Senso Square 2.0 offers a contemporary finish to any bathroom.

THE GAP

Achievable design for all

With a strong emphasis on colour, The Gap provides an option for every bathroom. With furniture available in either Matt White or Matt Grape along with integrated metal handles, The Gap is both functional and design conscious.

The Gap, designed by Antonio Bullo, has subtle design details that complement the smooth clean lines of each piece. The collection offers a wide choice of basins, WCs, bidets, furniture and baths to appeal to each individual need, whilst allowing the desired bathroom space to be perfectly tailored to each taste and requirement.

The Gap offers five WC options, including CleanRim The Gap. CleanRim The Gap is rimless and flushes from an efficient distributor at the back of the toilet which has allowed us to reduce the flush volume to just 4 and 2 litres. It is available as a close-coupled or a wall-hung option, and is extremely hygienic and easy to clean.

An ECO WC helps to save water with a flush of just 4.5 or 3 litres.

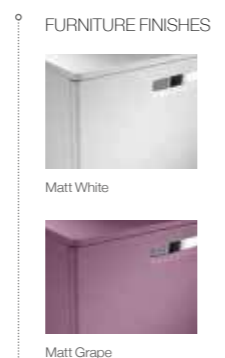

The Gap furniture is available in the choice of two Matt finishes and features soft-close drawers and optional legs.

The Gap suite (id 143-145), CleanRim The Gap WC (id 134, 143), L20 brassware (id 189), Luna mirror (id 163).

The basin provides a handy ledge to hold your bathroom essentials.

NEXO

A union of design and value

Nexo, designed by Antonio Bullo, perfectly represents a union of design and value. Pieces have several dimensions so that they adapt to all spaces. A contemporary and perfectly-proportioned design that blends subtly into all bathrooms.

Nexo suite (id 145), Targa brassware (id 187).

BASINS

The centerpiece of any bathroom

The basin increasingly signifies the overall look of the bathroom with other products adding to the style of the space. Roca offers a comprehensive collection of basins so you can pick the one that best suits your space. Designs range from fresh, organic forms, where the shapes reflect the movement of water, to geometric influences incorporating straight lines that are solid and refined.

A selection of some of our collection is shown here, for more options then please see pages 168 to 177.

Victoria accessories (1 179).

Mirrors, Lighting and Accessories

Our range of mirrors incorporate a convenient mounting system for easy installation. Some offer built-in lighting or there is the option to include lights.

With a wide range of accessories you can choose the one that best suits your bathroom space.

082 / Mirrors
083 / Lighting
084 / Accessories

LIGHTING

Lighting which adjusts to every need

Lighting is an important aspect of any bathroom. Our newest addition, Smartlight, is a collection of LED spotlights which allow you to adjust the intensity, temperature and tone of the light with a remote control. There are three settings available, make-up, shave and ambient which you can adapt to suit your needs. In addition, the remote control allows for the temperature and tone of the LED to be changed.

We also offer a great variety of spotlights from modern to classic, all of which are easy to install and have low energy consumption thanks to LED technology.

The Smartlight remote control allows you to regulate the intensity and temperature of the light and also change the tone of the LED making it suitable for all environments.

MIRRORS & MIRRORED CABINETS

A variety of options for all spaces

All of our mirrors incorporate a convenient mounting system for easy installation. A number of mirrors include a built-in demister, or there is an option to incorporate one.

Luna mirrors and cabinets offer a variety of sizes and with its universal appeal it complements the majority of our bathroom collections.

Dedicated Prisma mirrors offer two options: Comfort or Basic. Comfort models feature upper and lower LED lights, a demister and an automatic sensor, whereas Basic models feature upper LED lights.

ACCESSORIES

The perfect finish to the bathroom space

Accessories help to finish the overall look of the bathroom, and provide a harmonious feel. The chrome finishes are extremely modern and help to provide a clean finish. The Twin and Victoria ranges are also dual fixing, meaning they can be fixed with either screws or adhesive (the latter withstanding loads of up to 5kg on tiles), meaning that they can be removed at a later date without leaving any unsightly holes.

With a wide range of basin mixers, showers and handsets we continually invest in research and development to ensure the highest level of comfort to the user, whilst respecting the most demanding design criteria, sustainability and energy savings.

Panama-N-T brassware (id 190).

THERMOSTATIC

Designed for maximum safety and comfort for everyday use

With thermostatic brassware, you can enjoy the water for your shower or bath at the desired temperature and flow irrespective of variations in the water pressure.

Thanks to our QuickReaction® technology, Roca thermostatic taps allow you to enjoy the desired flow and temperature in less than 3 seconds. In addition, SafeTouch® prevents the chrome-plating from overheating, eliminating the risk of scalding. Furthermore, a security device stops the control handle from being turned past the 38°C point. These features make thermostatic taps ideal for all the family as well as public spaces.

Evolution (id 195).

Evolution benefits from upper and lower jets, an overhead shower rose, handset and cascade waterfall. Two functions can be operating at the same time.

HYDROMASSAGE COLUMNS

Enjoy the feeling of the spa in the comfort of your own bathroom

A convenient and dynamic way to equip the bathroom with a hydromassage system is to use a shower column. With appealing shapes and features, shower columns are the ideal solution for daily life.

Hydromassage columns provide a spa experience for luxury relaxation and revitalisation with different jets, additional handsets and overhead shower roses.

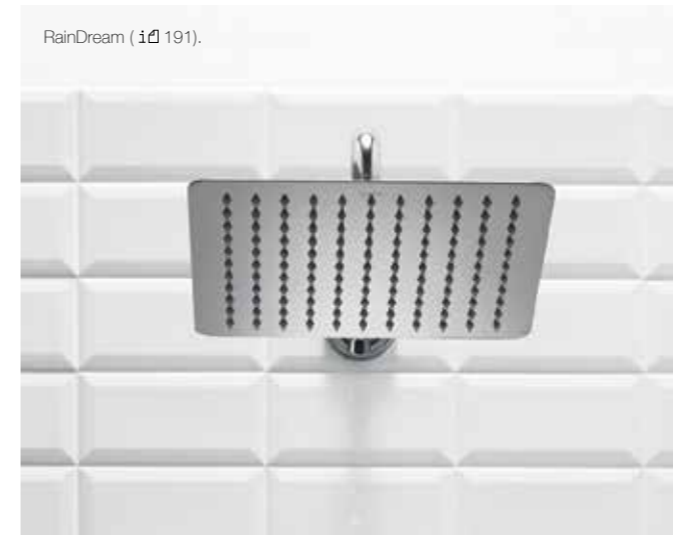

Evolution (id 195).

Essential 2.0 offers a three way diverter upper and lower jets, overhead shower rose and handset.

Essential 2.0 (id 195).

SHOWER HEADS

SHOWER COLUMNS

Create a showering haven

Shower columns offer functional and aesthetic solutions without forgetting the pleasures and feelings of wellbeing that a rain effect shower can bring. Our columns are practical and easy to install in all types of environments.

Many of our shower columns include an overhead shower with rain effect for an exhilarating shower, coupled with a handshower for excellent performance for hair washing.

HANDSETS

Baths are designed to relax the body and mind. Their shapes and features allow you to leave your worries behind and enter an oasis of peace and well-being.

Baths

CAST IRON BATHS

Luxury, traditional styles

Roca has manufactured cast iron baths using traditional methods since 1921. Our complete collection of cast iron baths are made with extreme care to ensure a resilient frame and strong structure which is resistant to wear and tear.

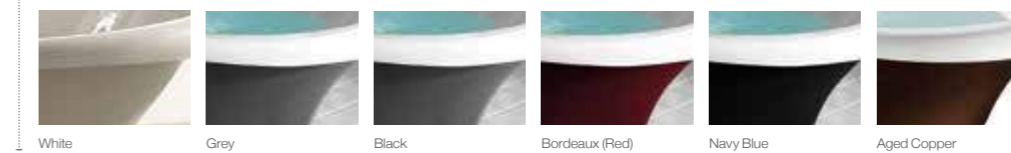

For something a little different, our Eliptico bath collection, is perfect. Now available in five finishes, and several leg options, it can be adapted to suit a variety of looks and styles, for a modern day twist on traditional style.

STEEL BATHS

Strong, versatile, adaptable

Roca steel baths have a number of benefits including:

- Scratch, stain, impact, chemical, acid and UV resistant
- Heat conducting, so the water stays warmer for longer
- Easy to maintain, as can be cleaned without affecting the finish.
- Tested for loads up to 300kg
- Timeless designs
- 25 year manufacturers guarantee

The thickness of a steel bath, including enamel, is referred to as its gauge. Our baths come in the choice of two gauges: Standard (2mm) and Super Heavy (3-3.5mm). When you see the word 'Plus' in a product name it is a super heavy gauge bath. Enamelled is like a layer of glass, so it will give an everlasting shine to the bath.

With eight steel baths there is a wide range available.

Roca offers a wide variety of styles and shapes of shower trays. The generous dimensions of our ultra-slim designs offer convenient access and use. Choose from a number of cutting-edge designs to match your distinctive personal style and space.

DOWNTOWN

Transform large spaces

With Downtown large surfaces are transformed into a community, a place of gathering, exchange and interaction. Cements that create spaces with a clean and rigorous look, that enrich environments with aesthetic austerity and provide a kaleidoscope of technical functions. A wide range of sizes, surfaces and mosaics help to make Downtown even richer.

DREAM

Functional and versatile

The new Dream series, functional and versatile, is the evolution of concrete material in matt versions, available in four colours: Blanco, Graphit, Vison and Beige along with a large variety of decors.

Dream is a modern wall tile series that includes a range of finishes from a reassuring tone-on-tone effect to an iridescent metallic look, to a lace decoration and the ramage speckled with gold, bronze and platinum of the Alhambra decoration. It is available in 25 x 70cm size.

The border tiles allow you to customise the space by combining spaces patterns and colours.

YELLOWSTONE

The nobility of wood

The wood effect that decorates interiors and exteriors. Available in 24.6 x 101 size, in four colours and two surfaces (natural and non-slip). Yellowstone is perfect for both residential and commercial spaces. The rustic look and vintage feel of wood, completed with a three dimensional mosaic add character and warmth.

BOULEVARD

Caring of ambience of old times

Inspired by the authentic hydraulic pavements, Boulevard series takes us back in time to the compositive richness and suggestion. This universal decoration is found in conditions where recreating the ambience of old times is required, in a re-interpretation with materials of excellent technical features, giving life to an excellent product. Porcelain stoneware available in format 44.5 x 44.5 and 22 x 22 R cm (rectified) and in tonalities Multicolor and Beige.

FUSION

Balance between functionality and beauty

Fusion is a full body architectural porcelain stoneware that features different refined graphic evolutions, available in four colours.

It blends various designs within one space, all tone-on-tone; it is inspired by cement and seduces the public due to its rich variety of decorations. The silk surface stands out for its soft and wavy feel.

PURE

Soft colours in an
 avant-garde design

Soft colors in an avant-garde interior design are the inspiration for Pure: a series with great character that never goes unnoticed. Designed especially for admirers of neutral colours, Pure is a series that surprises with a wide chromatic range and satiated finish, providing freshness, character and modernity to its surroundings.

This section provides you with all the technical details of our products, including drawings, prices and codes, making it useful and convenient to use.

Choose from sanitaryware, furniture, basins, baths, brassware and accessories with various designs and finishes.

The information in this section is intended as a guide to help you decide on the best products for your space and budget. It is not intended to be a substitute for guidance from bathroom professionals so it is always wise to check that the products you like are suitable for your installation. Sundry items, such as wastes and traps, can be found in our price list.

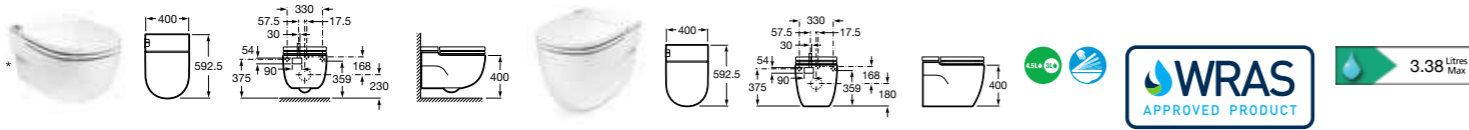

The prices listed are recommended retail prices excluding VAT and are held until March 2016.

W+W

893020001 Washbasin + WC complete with tap, waste, wall-hung frame and all fixings. Featuring water reuse technology **£2,778.02**

IN-TANK MERIDIAN

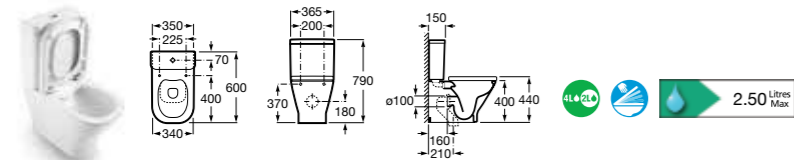

893302000 Wall-hung WC with integrated cistern and I-shaped support (for solid walls) **£992.05**
893301000 Wall-hung WC with integrated cistern and L-shaped support (for stud walls) **£1,190.25**
893303000 Back-to-wall WC with integrated cistern **£992.05**

The unique In-Tank Meridian WC is a revolutionary bathroom fitting concept which incorporates the tank in its interior – it is the first WC to offer wall-hung and back-to-wall options which do not require a concealed cistern, facilitating ease of installation and creating an ideal solution for small spaces. Water enters the tank and then air is introduced by a revolutionary blower which has been developed in collaboration with Fluidmaster. This innovative blower pushes water through the toilet rim to flush the WC.

* Water label only relates to the back-to-wall In-Tank Meridian

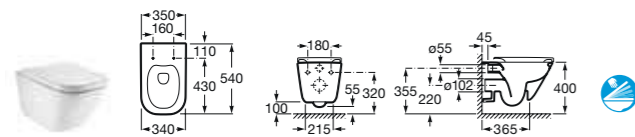

CLEANRIM THE GAP

CleanRim The Gap - close-coupled

34273700H Rimless WC pan – moulded back-to-wall - with cutout at the side of the pan for isolation valve **£188.60**
342737000 Rimless WC pan – moulded back-to-wall - no cutout for isolation valve **£188.60**
34173C000 Close-coupled cistern – 4/2 litres **£197.92**
801732004 Soft-close seat **£110.60**
801730004 Seat **£81.50**

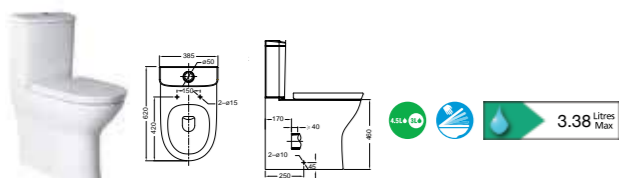

CleanRim The Gap flushes from an efficient distributor at the back of the toilet which has allowed us to reduce the flush volume. It is also extremely hygienic and very easy to clean.

CleanRim The Gap - wall-hung

34647L000 Rimless wall-hung WC pan with fixing kit **£250.00**
801472004 Soft-close seat and cover **£93.40**
801470004 Seat and cover **£70.69**

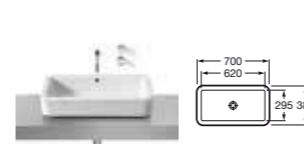

COLINA

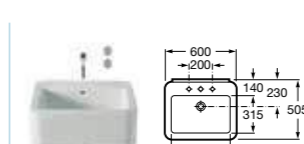

3418CP000 **ECO** Colina comfort height WC pan – moulded back-to-wall **£192.82**
3419CC000 **ECO** Close-coupled cistern – 4.5/3 litres **£96.41**
8019CS004 Soft-close seat **£64.27**

As our first 'comfort height' WC, the Colina pan is designed to sit slightly higher (460mm from the floor to the top of the seat) than a standard pan making it a more comfortable solution for taller people as well as those with back or joint problems. The universal design and style complements all ranges.

Our PL operating panels are compatible with our Pro, Basic and Duplo-N installation systems but not with the Pro 820. These are not compatible with the Duplo/Montage models (6/3 litres) - codes: 890040000, 890030000, 890031000, 8900C0000.

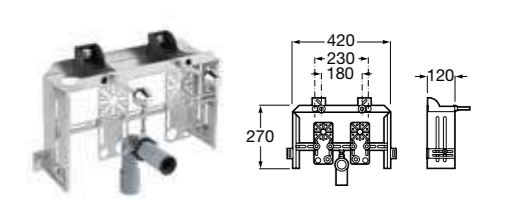

BASIN OPTION WALL-HUNG AND BACK-TO-WALL BIDET OPTIONS

- 890093000 Pro basin support bracket **£201.80**

- 890091000 Pro wall-hung bidet bracket **£201.80**

- 890091100 Basic wall-hung and back-to-wall bidet bracket **£144.71**

Pro frames are designed to be installed within a structural wall, fixing from the floor (and sides where necessary) which means they do not require brickwork to achieve the necessary strength. Basic products are designed to be built into the brickwork to achieve the necessary strength.

The information in this section is intended as a guide to help you decide on the best products for your space and budget. It is not intended to be a substitute for guidance from bathroom professionals so it is always wise to check that the products you like are suitable for your installation. Sundry items, such as wastes and traps, can be found in our price list.

The prices listed are recommended retail prices excluding VAT and are held until March 2016.

Mirrors and LIGHTS

All of our mirrors incorporate a convenient mounting system for easy installation. Some include a built-in demister, or there is the option to incorporate one. Others include built in lighting to help create an ambient feel in the bathroom.

Brassware

SofTurn®

As the cartridge is the heart of all taps, we have equipped our cartridges with SofTurn® technology so that you can achieve the highest levels of control, precision and comfort when selecting your desired water flow and temperature. The development of this exclusive technology has been possible because we are one of the few tap manufacturers that design, develop and manufacture our own cartridges.

Joystick-Turn®

A new concept is the innovative control system in taps equipped with joystick technology. This solution offers a different look to the more traditional single lever design but gives the same performance as our taps with SofTurn® technology.

Eco disc cartridge®

This exclusive technology developed by Roca helps to save water and energy. As you raise the tap handle, you reach a level of resistance at 50% of the water flow; by lifting beyond this bite-point, you can achieve full water flow. The cartridge also has a temperature limiter, set when installing the tap, to eliminate the risk of scalding. It can easily be altered after installation.

Conventional Cartridge

The conventional valve is operated by a handle, which is turned either clockwise or anti-clockwise. As the handle is turned this causes the rubber seal to move increasing or reducing the flow of water. These valves are known as 'full turn' as they can move 360°.

Ceramic Disc Cartridge

The ceramic disc uses hard wearing ceramic discs that rotate against each other in order to open and close the water supply. When the disc is moved forward and back the water flow is controlled and when the disc is rotated left and right the temperature is controlled. The lifetime guarantee is on all ceramic disc cartridges.

Easy Fix Kit

Compatible with our Easy Fix Kit which allows the bar shower valve to be installed to pipework.

Brassware

Progr-Turn®

Taps with progressive technology always start the flow with cold water and as you continually turn the control the flow changes to a mix of hot and cold meaning water systems are only activated when hot water is required thereby saving energy.

E-Tap®

A proximity detector starts the flow when your hands get close and stops the flow when they move away meaning water is only used when necessary. These taps are perfect for public areas.

EverShine®

The beauty of the hard-wearing chrome-plated finish of Roca taps is thanks to the innovative EverShine® chrome-plating system which involves an electrolytic coating. This guarantees that each tap will continue to shine over the years and also makes cleaning easier.

Cold Start

The flow always starts with cold water meaning water systems are only activated when hot water is required thereby saving energy.

Lifetime Guarantee

In accordance with our commitment to create products for you of the highest quality that stand the test of time, we are delighted to offer a lifetime guarantee on all ceramic disc cartridges.

Pillars

Compatible with our Pillars which allows the product to be deck-mounted

Thermostatic

EverShine®

The beauty of the hard-wearing chrome-plated finish of Roca taps is thanks to the innovative EverShine® chrome-plating system which involves an electrolytic coating. This guarantees that each tap will continue to shine over the years and also makes cleaning easier.

SafeTouch®

The latest development in materials has allowed us to develop SafeTouch® technology which prevents the chrome-plating of our thermostatic taps from overheating. This eliminates the risk of scalding which is of great importance to all, particularly those with young children.

Security 38°®

A security device (a red button) that stops the control knob from being turned past the 38°C point, Security 38° means wellness and comfort can be combined.

50% ECO

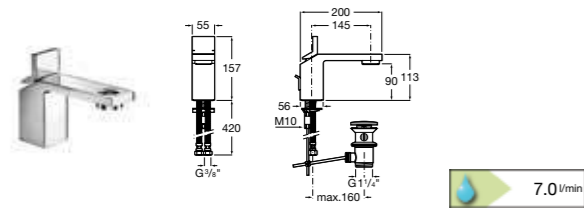

The Victoria (V2)-T thermostatic wall-mounted products come with a green button that instantly reduces the water flow by 50% when pressed.

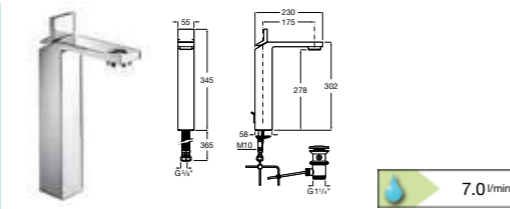

Quick Reaction®

Thanks to the development of the Quick Reaction® technology, our thermostatic taps allow you to enjoy the required water flow and temperature in less than 3 seconds. Furthermore, both remain constant irrespective of variations in the water pressure.

HANDSET FUNCTIONS

Spray
A powerful water spray, divided up into tiny droplets that stimulate the blood vessels and give the body a revitalising massage.

Rain
The fine water droplets are converted into tiny threads, giving the body a sensation of lightness and pleasure.

Aquair
Water and air are combined to give a soft, foamy sensation for a truly relaxing experience.

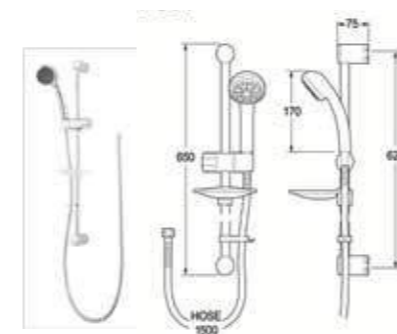

Pulse
Intermittent fine jets of parallel flowing water that give the body a revitalising massage.

The information in this section is intended as a guide to help you decide on the best products for your space and budget. It is not intended to be a substitute for guidance from bathroom professionals so it is always wise to check that the products you like are suitable for your installation. Sundry items, such as wastes and traps, can be found in our price list.
The prices listed are recommended retail prices excluding VAT and are held until March 2016.

BATHS

Baths are designed to relax the body and mind. Their shapes and features allow you to leave your worries behind and enter an oasis of peace and well-being. Choose from a range of designs and sizes manufactured in acrylic, cast iron or steel all of which are extremely functional.

Accessible Product SOLUTIONS

We have recently launched new accessible products. Included in the range is a comfort height WC which is taller than an average WC, meaning it is easier for taller people, as well as those with back or joint problems, or those who require extra assistance.

Included in the new brochure are also details of our new Doc M packs, offering solutions for disabled washroom solutions.

Email marketing@uk.roca.net to request a copy of our new commercial brochure today.

Furniture Sample BROCHURE

Request a copy of our furniture sample booklet to see all the furniture finishes available from Roca.*

Email marketing@uk.roca.net to request a copy today.

* Please note: every effort is made to ensure the accuracy of colour, however due to the print process slight variations may occur. For an exact colour match please visit your nearest Roca showroom.

Roca is the world leader in bathroom spaces.

For many years we have anticipated the future, thinking of solutions that better adapt to the public's tastes and requirements.

Design

We surround ourselves with the world's finest architects and designers, such as Chipperfield, Moneo, Schmidt & Lackner, Herzog & de Meuron... We want to offer a design that will make your bathroom a unique space.

Innovation

We have our own Innovation Lab where we experiment every day with new ideas, designs and materials, with the sole aim of enhancing your bathroom experience and providing solutions to make your everyday life more comfortable.

Sustainability

We love our planet and we prove it every day. This is why our products have advanced water- and energy-saving devices that permit a balanced and sustainable coexistence with our environment.

Many of our products are registered with the Water Label Scheme, meaning they have been independently verified as being water efficient. Look out for the Water Label logo in the technical specification section.

The Roca Guarantee

Every one of the products we sell complies with all specific European regulations. We offer you the finest product with the best guarantee. Our goal is your total satisfaction.

The quality of Roca products has been acknowledged throughout the world.
