

## Bespoke Shower Service

[www.roman-showers.com](http://www.roman-showers.com)

**ROMAN**<sup>®</sup>  
lifetime luxury

Our Showroom range of enclosures can be created to suit your specification. We can design your enclosure with the glass cut at an angle, or create your product with frosted glass. Contact us with your product requirements.

#### Features and Benefits:

- Reduced height and reduced width available
- Over height and over width available on selected products
- Angled and shaped glass available on selected products
- Frosted glass available
- Made to measure items which fit almost anywhere
- All products made in accordance with your own measurements
- We endeavour to provide fast and efficient answers to all your questions
- Measure and fit service available
- Roman Ultra Care Pre-coated glass protection included

#### Simply choose which product you would like, then follow the eight easy steps:

- 1 Use this brochure to help you design, specify and price your bespoke product requirements
- 2 Complete the optional bespoke planner in the back of this brochure
- 3 Take this brochure and your drawings to your nearest retailer who will fax or email them to Roman.  
For your nearest retailer contact Roman Customer Relations on 01325 328033 or visit [www.roman-showers.com](http://www.roman-showers.com)
- 4 Roman will then send a quotation confirmation to your retailer for them to discuss with you.
- 5 If you are happy with this quotation Roman will produce a drawing to illustrate what your final product will look like.

**Note:** Roman will make all drawings in accordance to your measurements and unless otherwise requested, an adjustment allowance will be included. Please specify your adjustment allowance prior to ordering.

- 6 Roman will then fax or email the drawing to your retailer who will pass this on to you.  
This drawing will be in the form of a returnable agreement for you to sign\*.
- 7 Once Roman receives the agreement, work will begin on your product.
- 8 You will receive your product within 5-6 weeks.

\* Once this agreement is signed you will be liable for any charges should you cancel your order.

**Note:** If you have special requirements which cannot be shown on these drawings please supply a detailed plan drawing when submitting the application form.

#### Direct Delivery and Installation Service

To give total peace of mind, Roman also offer a comprehensive and exclusive direct delivery and installation service across the range. The service ensures that the site is correctly measured and the products are installed correctly the first time. Added reassurance is also presented with the two year installation guarantee and the Truelife, Lifetime guarantee on the Roman product. Please ask you retailer for further details or contact Roman Customer Relations on 01325 328033.

# DECEM

Shower Design Styled By You

Our Decem<sup>x</sup> range of enclosures has been created with bespoke design flexibility at the forefront. All products from the range can be created to suit your specification, whether you are looking for an increased over-height product up to 2.7 metres, through to reduced height products. We can design your enclosure with the glass cut at an angle, or create your product with frosted glass. Contact us with your product requirements.

## Features and Benefits:

- Over height available up to 2700mm
- Angled and shaped glass available
- Frosted glass available
- Hardware options of curved or straight available
- Optional Decem Bracing system available
- Made to measure items which fit almost anywhere
- All products made in accordance with your own measurements
- We endeavour to provide fast and efficient answers to all your questions
- Measure and fit service available

[www.roman-showers.com](http://www.roman-showers.com)

## Direct Delivery and Installation Service

To give total peace of mind, Roman also offer a comprehensive and exclusive direct delivery and installation service across the Decem<sup>x</sup> range. The service ensures that the site is correctly measured and the Decem<sup>x</sup> products are installed correctly the first time. Added reassurance is also presented with the two year installation guarantee and the Truelife, Lifetime guarantee on the Roman product. Please ask you retailer for further details or contact Roman Customer Relations on 01325 328033.

# Liber8

The new Liber8 Collection is freed from the shackles of traditional bathroom design, with its ultra-modern and minimalist focus.

This exceptional selection of frameless hinged door products presents an array of sizes and configurations to fit in with most bathroom layouts.

The striking minimalist look is captured with options such as the door hinged straight from wall with clear seals.

The hinged door or in-line panel can be tailored to suit your specific bathroom layout. It can be installed to open outwards into the bathroom or inwards into the enclosure itself. The hinged door can be fitted in multiple configurations; independently in an alcove or with added side or in-line panels.

The Liber8 Collection has been designed to be the cutting edge of design and due to its stylish frameless nature it must only be installed on walls and floors that are completely level.

This modern collection features a unique wall profile sealing tape system technology, to increase water integrity, whilst also keeping with the minimalist design.

This leading collection of design led shower enclosures is perfectly completed with the frame finish options of either a bright silver chrome or a warm brushed nickel finish on all components.

## Liber8 Specification:

- 8mm glass thickness
- Hinged from wall or glass panels
- New clear and minimal seals
- New minimal easy fix wall profile system
- Adjustable hinges
- The option of a bright silver chrome or warm brushed nickel finish on all components
- Unique sealing tape system technology to reduce the need for silicone
- Designed for installation to straight vertical walls
- Integrated 'tray or floor' Water Safe System

Bespoke - Hinged Door and Side Panel with Frosted modesty panels

## COLOUR KEY FOR PRICING GRIDS

## Example drawings:

Standard - Hinged Door

Brushed Nickel finish

# Hinged Door for Corner fitting

Style your bathroom with a statement frameless shower enclosure from the Liber8 Collection. It is installed with an outward opening door. It presents you with the choice of a brushed nickel or silver chrome finish on all components including the elongated sleek hinges, designer handle and bracing bar.

### Bespoke options:

- Reduced height
- Reduced width
- Frosted glass
- Shaped glass

### Specification:

- 2000mm high
- 8mm glass thickness
- Hinged from wall
- New clear and minimal seals

# LUMIN8

This compelling, inventive and contemporary collection of showering solutions meets all your requirements, whilst bringing an inviting touch of luxury into your bathroom and helping to illuminate your showering experience.

Meticulously designed to solve a variety of space restrictions in the bathroom, whilst providing an effortless showering experience for the whole family. Delivers both inward and outward opening doors and sliding doors. A collection of intricately designed power shower approved bath screens. The diversity of designs and sizes available provides something for every bathroom.

## Glass Height and Thickness

Lumin8 stands elegantly at a height of 1950mm with toughened 8mm thick glass. The weight of the 8mm thick glass provides smooth action operation, long-lasting durability and safety.

## Detailing

Detail is fundamental with the Lumin8 range to create a unique style with the highest quality. From the individual 'wrap around' chromed top caps, to the robust 8mm thick glass. From the pre-coated glass protection, to the elegant height of 1950mm. From the clear, low profile seals and magnet seals, to the bright silver profiles for a modern finish. Smooth running 'quick release' roller bearings provide easy access cleaning. We have handpicked the finest materials to craft exceptional components, to provide an exclusive showering experience.

## Handle and Hinges

Features new ergonomic chromed brass handle with a curved underside for easy operation. This square finish contemporary handle creates a stylish feature, whilst being suitable for all users. It can be operated with a flat hand for easy opening. The chromed brass hinges add to the contemporary feel of the range.

## Installation

We not only provide the highest quality of products but these products are also designed for ease of installation and we ensure outstanding after sales service. The design incorporates clear glass and bright silver profiles with square edges to provide a modern finish. The highest grade of aluminium is used to deliver a polished and unparalleled finish. Our products include enough discreet adjustment to ensure they fit into the vast majority of bathroom sizes and styles. Adjustment of 25mm is available per profile.

Bespoke - Bi-Fold Door with Frosted modesty panels

## COLOUR KEY FOR PRICING GRIDS

## Example drawings:

Standard - Bi-Fold Door

Bespoke - Bi-Fold Door and Side Panel with frosted modesty panels

# Bi-Fold Door

Practical inward opening doors present an extremely flexible space saving solution. Ideal for use in smaller bathrooms or where there may be obstructions outside the showering area, which need to be avoided. Smooth gliding door action for effortless entry. Offers an innovative design solution for all with the maximum entry space possible.

### Bespoke options:

Standard - Pivot Door

Bespoke - Reduced height Pivot Door with angled Side Panel

# Pivot Door

This outward opening door takes up minimal external space due to the positioning of the hinge point, meaning it protrudes less into the bathroom, which allows for the close positioning of bathroom fixtures and fittings. The simplicity of the Pivot Door creates a supremely efficient space saving solution. The door can be installed into an alcove or with a side panel for the corner situation.

### Bespoke options:

- Reduced height
- Reduced width
- Frosted glass
- Angled (Side Panels)

### Specifications:

- 1950mm high
- 8mm glass thickness
- Chromed brass hinges and handle
- Bright silver frame
- 'Minimal' low profile seals
- Pivot Door must be hinged from the wall
- 25mm vertical adjustment in each profile
- Tray Compatibility: tray or straight to floor using Roman Shield Wetroom System
- Glass pre-coated with Roman Ultra Care

**For modesty bands/partially frosted glass call Customer Services**

In-Line Panels can also be used with Lumin8 Sliding and Bi-Fold Doors - see page 5.

Standard - Pivot Door with In-Line Panel

Bespoke - Pivot Door with frosted glass and Side Panel with angled/frosted glass

## Pivot Door with In-Line Panel

This outward opening door when used with an In-Line panel allows a larger enclosure to be created with the simplicity of the Pivot Door which creates a supremely efficient space saving solution. The Pivot Door and In-Line panel can be installed into an alcove or with a side panel for the corner situation.

### Bespoke options:

- Reduced height
- Reduced width
- Frosted glass
- Angled (Side Panels and In-line Panels)

### Specifications:

- 1950mm high
- 8mm glass thickness
- Chromed brass hinges and handle
- Bright silver frame
- 'Minimal' low profile seals
- Pivot Door must be hinged from the wall
- 25mm vertical adjustment in each profile
- Tray Compatibility: tray or straight to floor using Roman Shield Wetroom System
- Glass pre-coated with Roman Ultra Care

**For modesty bands/partially frosted glass call Customer Services**

In-Line Panels can also be used with Lumin8 Sliding and Bi-Fold Doors.

Bespoke - CC2 Mini Fixed Bath Screen with frosted glass

V8CC113S - The Mini-Fixed Screen complements an existing curtain rail installation and reduces splashing around the back of the curtain and water seepage along the top end of the bath.

V8CC213S - The Mini-Fixed Screen complete with curtain rail (no curtain included) and wall attachments ensures a watertight shield to retain water in the bath. The curtain is held in place at the top and is less likely to allow water leakage out of the bath area. Rail length to suit 1700mm bath maximum.

## Mini Fixed Bath Screen

Provides greater water integrity when using a shower curtain. The screen provides protection at the showering end of your shower curtain. It directs the water back into the showering area to improve this traditionally weak spot. Two different design options to suit your over bath showering space.

### Bespoke options:

- Reduced height
- Reduced width
- Over width
- Angled/Shaped Glass
- Frosted Glass
- Frosted/Angled/Shaped Glass

### Specifications:

- Height: 1500mm
- Frame: Silver
- Glass thickness: 6mm
- Suitable for all standard bath mixer and electric showers (non-pumped)
- Reversible for left or right hand fixing
- To be used in conjunction with shower curtains (no hooks or curtain supplied)

# Embrace Range

Imaginative, urbane and innovative showering solutions designed to maximise space

Our Embrace Range brings together an innovative and stylish collection of shower enclosures and wetroom panels with the advanced technology of the integrated thermostatic digital shower valve. This unique collection provides the ultimate all-in-one shower experience. The (optional) Embrace Digital Valve discreetly sits in the corner profile of selected products from the range to create a fusion of individualism and practical styling. For complete ease of use there is the option of operating the valve by remote control which flashes until the water reaches the desired pre-set temperature. This exclusive range is available in an array of styles and shapes with bi-fold, hinged, quadrant, pivot, sliding doors and bath screens. The Showroom Guide brochure will give full details of all these products.

### Specifications:

- All models feature exquisite chromed hardware and concealed fittings.
- All enclosures in the range are fully approved for use with power showers.
- Models that feature handle entry, present an elegant ergonomic bolt through handle which can be operated from inside and outside the unit.
- All Embrace enclosures and bath screens are supplied pre-coated with Roman Ultra Care - to aid glass protection from day one.

### Bespoke options:

- Reduced height.
- Reduced width
- Over height on Linear Wetroom Panels
- Over width on Wetroom Panels and Bath Screens
- Angled (Hinge door and panels only)
- Clear glass
- Frosted glass
- Shaped glass
- Frosted and shaped glass

# Collage Range

Affordable showering with uncompromised quality

Our Collage collection delivers a sense of subtle luxury to your bathroom, encompassing a shower concept to meet all your requirements - without compromising on quality. Innovative and affordable product designs meet contemporary and minimal styling, but with the lifetime guarantee you would expect from Roman. This incredibly versatile collection comprises functional and practical wetroom panels, space saving quadrants and enclosures, inward opening bi-fold and sliding doors, outward opening hinged and pivot doors, and over the bath showering solutions.

## Specifications:

- All enclosures in the range are fully approved for use with power showers - for bath screens please see each product specification.
- Models that feature handle entry, present an elegant ergonomic bolt through handle which can be operated from inside and outside the unit.
- All Collage enclosures and bath screens are supplied pre-coated with Roman Ultra Care - to aid glass protection from day one.

## Bespoke options:

- Reduced height.
- Reduced width
- Over width on Wetroom Panels and Bath Screens
- Over height on Linear Wetroom Panels
- Angled (Hinge door and panels only)
- Clear glass
- Frosted glass
- Shaped glass

Select Corner Wetroom Panel with part frosted modesty panel and back to wall brace bar

Select over height fully frosted Corner Wetroom Panel ceiling fix brace bar

# Select Wetroom Solutions

The perfect way to create a wetroom - tailored to your own style

Roman's Select Collection features our Wetroom Panel options, which can be fitted to our low level shower trays or straight to floor to create a true wetroom. We present a number of panel sizes and options, to help you create your perfect bathroom sanctuary. Included are the various configurations that are available to suit you and your bathroom.

All standard panels are 2000mm high and available in either 8mm glass thickness or 10mm glass thickness.

## Selecting your configuration

Select the size of panel you require in either 8 or 10mm glass thickness; select your configuration; select between a fixed or pivoting deflector panel; and select your desired bracing bars.

A selection of configurations which can be achieved to create corner, linear and alcove installations

## Brace Bars

Roman provides a number of different styles of bracing bars, which can be used with 8mm and 10mm glass thicknesses. We offer all configurations that may be required and they can be cut and trimmed to the size required during installation to allow maximum flexibility and use of space. Bracing kits are used to provide added support for the glass and ensure that it is securely fitted in place.

Our bracing bars range from Ceiling Bracing Kits to 45 Degree Angle Bracing Kits and from Curved Bracing Kits to Floor to Ceiling Bracing Kits. We have something to suit the enclosure style, your bathroom area and your preference, to present the highest level of stability.

Description	Code	Size (mm) Max	Adjustments (mm) Min	For use with Glass Thickness	£ ex vat	£ inc vat
<b>1 Low Level Bracing Kit*</b>	LBBK4590	1030	Cut to suit	8mm / 10mm	£82.87	£99.44
<b>2 Side Panel Brace Kit</b> (use with LBBK4590)	LBBKT90		Cut to suit	8mm / 10mm	£82.87	£99.44
<b>3 Ceiling Bracing Kit</b>	LBBKC50	560	Cut to suit	8mm / 10mm	£79.91	£95.89
<b>4 Floor to Ceiling Brace Kit</b>	RF2C8KIT	2700 high	Cut to suit	8mm	£89.26	£107.11
<b>5 High Level Bracing Kit</b>	FBBK10	1135	Cut to suit	8mm / 10mm	£89.26	£107.11

\*For use straight back to wall or can be cut to 45° if required for corner fixing as illustrated in 1 and 1(b).

N.B. Adjustments are measured from the wall to the inside of the glass.

## Consumer Guide

### IMPORTANT PRODUCT DETAILS

- Enclosures and screens carry a Lifetime manufacturer's guarantee if products are installed according to the installation instructions - see guarantee criteria to the right.
- Simple and clear installation instructions are included with all Roman Products.
- Selected Roman products are available for Virtual Worlds design service. For more information contact Roman Customer Relations on 01325 328033.
- Any guarantee variations are indicated separately.
- All guarantee forms supplied with installation instructions must be completed and returned to Roman within 60 days to validate the lifetime guarantee otherwise only a statutory 12 month guarantee will apply.
- All Roman Bath Screens and Enclosures are manufactured using toughened safety glass which complies to BSEN12150.
- All Roman Bath Screens and Enclosures are tested in accordance with BSEN14428 - shower enclosures, functional requirements and test methods.
- Roman's toughened glass is completely safe for use in our shower enclosures and bath screens; providing our products are installed according to our guidelines.
- It is important to note, that the glass must not be mounted or 'pinched' in such a way that would cause a stress point to develop in the glass. In addition, it must not be subjected to any sharp impact or severe temperature fluctuation which may also cause a stress point to develop in the glass.

- Roman's toughened glass is physically and thermally significantly stronger than standard glass. However a significant impact (or stress as outlined above) can cause toughened glass to break. In the event of breakage, toughened glass will break safely into small fragments in line with all relevant standards.
- All heights quoted for enclosures and bath screens are from the top of the shower tray or bath.
- All fixings are hidden on Roman products.
- The term "Silver" describes the colour of the aluminium finish. No silver metal is included in any Roman products.
- All fixings and pivot pins are manufactured from stainless steel - this adds great strength and durability to Roman products.
- All seals and gaskets on Roman products are manufactured from colourless PVC.
- Roman over-bath products are not designed for baths with shaped or stepped fronts or integral soap dishes.
- The design rights of these products are owned by Roman Limited. All rights reserved.
- For compatibility of Roman enclosures with steam generators please contact Roman Customer Relations for advice on 01325 328033.
- Where indicated that products are suitable for use with steam generators, this refers to the performance of the product components. We do not however suggest that the product will have complete steam integrity.

Roman have an ongoing policy of design, development and improvement and thus reserve the right to modify specification, ranges and prices without prior notice. Images are for illustration purposes only - please refer to your retailer as site conditions will vary or contact Roman Customer Relations on 01325 328033 for installation specifications.

Roman shower enclosures have been tested and fully conform to the scope and relevant characteristics of BS EN14428:2008+A1 (Shower Enclosures - Functional requirements and test methods), to meet the requirements of the mandate given under the EU Construction Product Directive (89/106/EEC).

As a result of full compliance to the directive and harmonized standard; Roman shower enclosures carry the 'CE' mark and are accompanied by a declaration of performance. (Available to view on [www.roman-showers.com](http://www.roman-showers.com))

The CE marking indicates Roman shower enclosures conform to all essential requirements of European health and safety and environmental protection legislation. The conformity is mandatory, and allows Roman products to be legally placed on the market anywhere in the European Economic Area.

Additionally all Roman trays fully conform to EN14527:2006+A1 2010.

## Protecting the Environment - Roman's Ecodentials

Roman is committed to caring for the environment and as a reflection of this commitment we became fully accredited with ISO 14001 certification in 2009. We see looking after the environment as an important part of being a UK business and UK manufacturer. As a business we care for the environment in two ways - by improving our systems to reduce our carbon footprint and impact on the environment. We strive for continual improvement in this area. For more information on how we are taking care of the environment visit our website: [www.roman-showers.com](http://www.roman-showers.com) and view our full list of ecodentials.

EMS 523823

All Roman Shower Enclosures and Bath Screens and Trays are manufactured in the UK.

Roman brochures are printed on stock sourced from sustainable forests.

All waste is segregated into recyclables and non-recyclables. 93% of all waste is recycled - landfill reduced to 7% of total waste generated.

All Roman Shower Enclosures, Bath Screens and Trays are manufactured in the UK.  
All vehicles with Euro 5 compliance engine vehicles saving 22% on emissions.  
Company car policy has been updated so only vehicles with less than 125 grams of CO<sub>2</sub>'s per Kilometre can be used in the fleet.  
Overall company CO<sub>2</sub> reduction since 2009 is 20%.

## Consumer Information and Product Guarantee

### Product Guarantee

Roman Ltd. guarantees all shower enclosures and bath screens against faulty materials or manufacture for LIFE, provided they have been installed, used and maintained in accordance with our instructions.

All Roman product guarantees must be completed and returned within 60 days of purchase to validate the relevant guarantee. Failure to meet this deadline will result in a statutory 1 year guarantee on all products.

Should a claim arise, Roman Ltd. Customer Relations will investigate the issue. As part of this investigation we request that the following conditions be satisfied:

- Proof of purchase at the time of the claim.
- The guarantee applies to the original purchaser only and is non transferable.
- The product has been fitted / installed in accordance with Roman Ltd. fixing instructions, local bylaws and general good plumbing practice
- The product has been maintained and cared for in accordance with our instructions (including regular and appropriate cleaning).

If in our opinion the product has been modified, misused, neglected, wilfully or accidentally damaged, we can accept no responsibility for failure.

Roman Ltd. or its representatives must be given the opportunity to inspect the product in the installed condition.

Should any products included in the lifetime guarantee be used for commercial use i.e. leisure clubs, schools, hospitals, student accommodation, hotels or residential homes, only a 5 year guarantee will be applicable.

If in our opinion the product fails due to faulty materials or manufacture and that the conditions above have been met, Roman Ltd. will arrange for a specialist Roman Technical Representative to repair or replace that item at our option.

Roman Ltd. believes in continuous improvement. If in our opinion the product has failed under the terms of the guarantee and a replacement is offered but identical goods are no longer available, Roman Ltd. will replace it with our nearest equivalent product. For countries outside

of the UK and Republic of Ireland, where a product has failed due to faulty materials or manufacture, a replacement product or product part will be offered only.

Should Roman Ltd. carry out work as a result of a claim but subsequently it is revealed that the product has been abused or improperly installed, we reserve the right to charge the customer for the expense incurred.

The liability of Roman Ltd. is limited to the product supplied by Roman Ltd. and does not extend to consequential loss or damage arising from the defective product.

This guarantee, which is effective for products purchased after February 1st 2006, states our entire liability and is offered to customers acquiring our products as consumers, not in the course of trade or business. Ex displays or products reinstalled from their original position are not covered under this guarantee.

Non glass or metallic parts (e.g. seals) are subject to normal wear and tear through usage and are therefore covered on all products for 1 year from installation.

Roman Ultra Care pre-coat is not covered by this guarantee and it must be maintained by applying Ultra Care from a bottle on an ongoing basis.

Roman products not included in the lifetime guarantee include all Roman Accessories, Roman Shield® tanking products and the Roman Wall® designer panelling system which are covered for 10 years, Roman Shower Valves which are covered for 1 year and Roman Shower Trays which are covered for 1 year. All guarantees registered for shower enclosures or bath screens between March 1st 1998 and February 1st 2006 are subject to a 10 year guarantee.

This guarantee does not affect your statutory rights.

This guarantee is wholly applicable in the U.K. and Republic of Ireland - export conditions as indicated.
