

HAVEN PLUS SHOWERS

www.roman-showers.com

Roman's Haven Plus range of Showers offers you all the qualities you would expect from the Roman Brand - for complete peace of mind. The innovative and affordable Haven designs are backed by over 35 years of showering experience, offering high quality products complete with a comprehensive after sales service.

MANUFACTURING:

All Haven products are manufactured in Roman's UK Manufacturing Plant and Headquarters. All Haven products are designed to offer the ultimate in quality, precision and craftsmanship. All Roman's manufacturing processes are carried out at our UK Manufacturing Plant and Headquarters and meet and exceed approved UK and European testing standards.

BRANDING:

Roman is a reputable and well established UK Brand, now supplying showering products all over the World. Our foundations are strongly rooted in; innovative design, manufacture, quality and customer service. Roman has achieved the leading position in the Market place by consistent and creative product innovation and has produced growth across all UK Market sectors and strong growth in 55 International Markets. Our products are used in some of the finest hotels Worldwide.

CUSTOMER SERVICE:

Roman has an in-house customer support network, who are there to offer advice and support for each purchase at every stage; from initial enquiry through to after sales care advice. Roman employs over 20 full time members of staff in our Customer Support Centre and over 40 Technical Service Representatives nationwide who all receive comprehensive training on the manufacture and installation of Roman's collection of products.

PRODUCT DESIGN & INNOVATION:

Innovation and exceptional product design differentiates Roman from the competition. Our products and ranges have won multiple awards for innovation and design. Roman employs a dedicated in-house Design Team who are based in our Design Centre.

TEN YEAR GUARANTEE:

For complete peace of mind, all Haven shower enclosures and bath screens are accompanied by a ten year guarantee.

ROUTING AND DELIVERIES:

With a dedicated in-house Logistics Division we can efficiently route and deliver all Haven products offering a first class delivery service.

ROMAN ULTRA CARE:

Winner of the House Beautiful 'Best Cleaning Product' Award 2009 Roman's award winning Ultra Care system gives the care and protection your shower enclosure deserves to keep its long lasting sparkle. Roman Ultra Care is pre-coated onto your enclosure or bath screen to protect the glass. It is also then supplied in a bottle so you can top up this protection as part of your cleaning routine. The more you apply the formula, the more you protect your shower enclosure. Roman Ultra Care cleverly and effortlessly repels the build up of grime, limescale and stains. All of Roman's exclusive ranges are supplied with a pre-coating of Roman Ultra Care as standard - aiding glass protection from day one.

AWARDS:

We are proud to announce that we have been awarded the Queen's Award for Enterprise for International Trade. Roman has also been identified as one of London Stock Exchange's 1000 Companies to Inspire Britain. We are extremely proud to be recognised as one of the UK's fastest growing and most dynamic small and medium sized businesses. Roman is included in the FT1000, which is the list of Europe's Fastest Growing Companies, compiled by the Financial Times. We have also been awarded the Bathroom Safety Compliance Award 2018 by the NHIC.

All Haven products are designed by Roman's in-house team of Designers to offer a diverse range of contemporary products, at an affordable price. The Haven Plus collection encompasses an array of quadrant, bi-fold, pivot, sliding and corner entry enclosures, a selection of side panels and in-line panels, stylish bath screens, wetroom panels and shower trays. Haven enclosures and bath screens feature toughened safety glass and bright silver framing, which effortlessly and seamlessly complement all bathroom shapes and styles.

One Door Quadrant

1200 x 900mm Quadrant - H3SQ129CS | Roman Acrylic Tray - RLQ129R

GLASS HEIGHT 1900 mm

GLASS THICKNESS 6 mm

The polished sliding door design of the One Door Quadrant presents a stylish and perfect space saving solution for the bathroom. The smooth gliding door allows for existing bathroom furniture, whilst also providing a luxuriously large showering area. The Quadrant features 'quick release bearings' to enable easy cleaning of the enclosure. It is available in five different size configurations including offset versions for bathrooms that have more space on one wall and less on another. The various size options allow the Quadrant to be used in different bathroom layouts and sizes.

SPECIFICATIONS:

- **Tray Compatibility:** 550mm radius
- Smooth running bearing assemblies in the top and bottom rails
- 'Quick release bearings' in the bottom rail
- Full length colourless PVC seals
- Chromed brass handle on inside and outside of enclosure
- Chromed plastic top caps
- Easy Installation
- Reversible for left or right hand fixing

900 x 900mm Quadrant - H3SQ9CS | Roman Acrylic Tray - RLQ90

Code	Description	Size (mm)	Aperture (mm)	Adjustment (mm)
H3SQ9CS	One Door Quadrant	900 x 900	450	865 - 890
H3SQ98CS*	One Door Quadrant	900 x 800	450	865 - 890 & 765 - 790
H3SQ810CS*	One Door Offset Quadrant	1000 x 800	450	765 - 790 & 965 - 990
H3SQ812CS*	One Door Offset Quadrant	1200 x 800	450	765 - 790 & 1165 - 1190
H3SQ129CS*	One Door Offset Quadrant	1200 x 900	450	1165 - 1190 & 865 - 890

*Must specify handing of tray - for full list of tray sizes and options see pages 26 - 29

N.B. The smaller panel will always be on the short side of the tray

Two Door Quadrant

900 x 900mm Two Door Quadrant - H3Q9CS | Roman Acrylic Tray - RLQ90

GLASS HEIGHT 1900 mm

GLASS THICKNESS 6 mm

Elegant minimalism meets curvaceous lines to create a modern stylish showering solution. This Quadrant is a perfect configuration for when space is at a premium. The two sliding doors are a clever space-saving tactic, whilst offering an indulgent showering area. It is available in six sizes to suit any showering space, and the 'quick release' mechanism makes for easy cleaning. In addition, it is also available in an offset version, which is ideal for a bathroom that has more space to spare on one wall and less on another

SPECIFICATIONS:

- **Tray Compatibility:** 550mm radius
- Smooth running bearing assemblies in the top and bottom rails
- 'Quick release bearings' in the bottom rail
- Full length colourless PVC and magnetic seals
- Chromed brass handles on inside and outside of enclosure
- Chromed plastic top caps
- Easy Installation
- Reversible for left or right hand fixing

1200 x 900mm Two Door Offset Quadrant - H3Q129CSR | Roman Acrylic Tray - RLQ129R

*Must specify handing of tray - for full list of tray sizes and options see pages 26 - 29

Bi-Fold Door

800mm Bi-Fold Door - H3B8CS | Roman Acrylic Tray - RLT80

GLASS HEIGHT 1900 mm

GLASS THICKNESS 4 mm

The in-fold design of the inward opening Haven Plus Bi-Fold Door makes clever use of available space with minimum bathroom intrusion. The precision crafted door glides and hinges ensure the toughened glass effortlessly folds back into the shower surround, whilst the sleek chrome frame maintains a sturdy and secure unit. It is available with a frameless side panel for corner installation.

SPECIFICATIONS:

- Chromed plastic top caps
- Smooth running bearing assemblies running in the top and bottom rail
- Easy Installation
- Reversible for left or right hand fixing

800mm Bi-Fold Door - H3B8CS | 300mm In-line Panel - H3HL3CS

Pivot Door

800mm Pivot Door - H3P8CS | 200mm In-line Panel - H3HL2CS | Roman Acrylic Tray - RLT108

GLASS HEIGHT 1900 mm

GLASS THICKNESS 6 mm

The modern styling of this outward opening Pivot Door creates a supremely efficient and flexible solution to suit any number of showering configurations. The carefully engineered door cleverly takes up less external space when opened to allow for other bathroom fixtures and fittings. The Haven Pivot Door can be installed in a recess, or combined with Haven In-Line Panels and Side Panels to create a personalised and striking showering space.

SPECIFICATIONS:

- Watertight magnetic seals
- Chromed brass bolt through handle
- Chromed plastic top caps
- Smooth operation hinges with chromed plastic cover caps
- Reversible for left or right hand fixing

800mm Pivot Door - H3P8CS | 800mm Side Panel - H3R8CS | Roman Acrylic Tray - RLT80

Sliding Door

1200mm Sliding Door - **H3S12CS** | Matt Grey Anti-Slip Tray - **RSTI28MG** | Plinth and Leg Set - **RSTRK02**

GLASS
HEIGHT 1900 mm

GLASS
THICKNESS 6 mm

The stylish sliding doors glide effortlessly on the single unobtrusive top rail and the 'quick release' mechanism featured on the bottom rail makes cleaning a simple task. It is an ideal solution when space is at a premium as the sliding doors do not project out into the bathroom. It can be combined with a Haven Plus Side Panel to create a larger showering area to suit all your showering needs.

SPECIFICATIONS:

- PVC / magnetic seals
- Chromed brass bolt through handle
- Chromed plastic top caps
- Smooth running bearing assemblies in the top and bottom rails
- 'Quick release bearings' in the bottom rail
- Reversible for left or right hand fixing

Level Access Sliding Door

1700mm Level Access Sliding Door - **H3LEL17CS** (Left Hand) | Black Infinity Shimmer Tray - **IAG178B**

GLASS HEIGHT 1900 mm

GLASS THICKNESS 6 mm

This innovative enclosure is ideal for the whole family with its barrier free bottom rail option, spacious door opening and stylish ergonomic handle. Its design is truly inclusive, whilst maintaining its luxury styling and superb water integrity. The sliding door allows for existing bathroom furniture, making it ideal for small or large bathroom spaces.

SPECIFICATIONS:

- Easy release door function
- Chromed brass bolt through handle
- Chromed plastic top caps
- Smooth running bearing assemblies in the top rails
- Optional aluminium water guard strip (supplied)
- Right or left handing must be specified

Corner Entry

1200 x 800mm Corner Entry - H3C812CS | Roman Acrylic Tray - RLT128

GLASS HEIGHT 1900 mm

GLASS THICKNESS 6 mm

The Corner Entry enclosure is an ideal showering solution for when entry through the diagonal is more practical, but without the compromise on showering space. The 'quick release' system on the bottom of each door allows quick and unobstructed cleaning. The Corner Entry is available in a range of sizing options, including offset versions.

SPECIFICATIONS:

- PVC / magnetic seals
- Chromed brass bolt through handles
- Chromed plastic top caps
- Smooth running bearing assemblies in the top and bottom rails
- 'Quick release bearings' in the bottom rail
- Reversible for left or right hand fixing

8mm Wetroom Panels

900mm Wetroom Panel - H3SP9CS | 400mm Pivoting 'L' Panel - H3SPM4CS

GLASS HEIGHT 2000 mm

GLASS THICKNESS 8 mm

To create a minimalist contemporary wetroom, there are various unique designs to suit everyone's needs. For a complete minimalist option there is the stunning corner panel, which can be installed to a shower tray, or straight to the floor for ease of access. A stylish addition to the wetroom can be an end panel which provides a more enclosed showering space.

Additional support can be offered with an optional bracing bar which can be cut to the required length and a return panel can also be added to the design to guide the water back into the showering area. An adjustable foot is also included for supporting the fixed 'L' return panel on a standard tray if required and an inward pivoting 'L' return panel is now available.

SPECIFICATIONS:

- Reversible for left or right hand applications
- Suitable for use with power showers
- A stylish low level brace bar can be purchased separately if required

Bath Screens

ANGLED BATH SCREEN

SPECIFICATIONS:

- **Width:** 850mm
- Bright silver aluminium towel rail
- Frameless with radius glass
- Reversible for left or right hand fixing
- Suitable for all standard bath mixer and electric showers
- Not recommended for use with pumped or pressurised systems

There are four stylish bath screens available in the Haven range - each offering a perfect and unique over the bath showering solution. The Angled Bath Screen comes complete with an integrated towel rail for the ultimate style statement, and features a rising hinge system which enables the screen to be raised slightly during cleaning and to be lowered during use for a stronger seal mechanism. The Curved Bath Screen offers a new take on the contemporary bath screen; its curvaceous lines create both a practical and stylish screen.

The Standard Bath Screen presents clean and uncomplicated lines, offering a sleek and stylish over the bath showering solution. The Inward Folding Bath Screen cleverly folds away when not in use to allow full access to the bath, and is power shower approved.

CURVED BATH SCREEN

SPECIFICATIONS:

- **Width:** 820mm
- Rotates through 180° for access
- Frameless with radius glass
- Reversible for left or right hand fixing
- Suitable for all standard bath mixer and electric showers
- Not recommended for use with pumped or pressurised systems

STANDARD BATH SCREEN

SPECIFICATIONS:

- **Width:** 820mm
- Rotates through 180° for access
- Frameless with square glass
- Reversible for left or right hand fixing
- Suitable for all standard bath mixer and electric showers
- Not recommended for use with pumped or pressurised systems

Anti Slip Trays

Matt Trays have been tested to:
BS7976-2:2002+A1:2013 - Slip potential - low DIN 51097:1992 Class C

Anti-Slip Trays

Our collection of Solid Surface Anti Slip Shower Trays offers a stylish finish, with a domed aluminium waste cover. The low profile trays are self-reinforcing so can be laid directly down to joists and then tiled up to, achieving a level access wetroom look. They are available in matt white or grey which has been approved for Anti-Slip properties. For volume orders we can accommodate a variety of colour finishes and sizes to your specification, including stone effect finishes to coordinate your bathroom design.

SPECIFICATIONS:

- Ultra low 50mm profile
- Manufactured using Roman Stone solid surface technology
- One angle of slope to waste to maximise flow rating
- Fast flow waste included
- Solid Surface Plinth and Leg Set available if required
- Chrome plated domed waste

Infinity Trays

Level Access Installation

To create the ultimate modern minimalist look Roman introduce the InfinityTray range which is available in the choice of a matt or gloss finish. Our Infinity Trays offer a breakthrough in technology as they can be installed straight to joists so that once the floor tiles are laid it creates level entry access into the shower area. Manufactured from Roman Stone, the Infinity Trays are strong and durable. They achieve their level access feature due to them being only 40mm nominal height. This product provides the added reassurance of a tray, with the minimalist design and level access of a wetroom. The flawless styling of the Infinity Trays has been designed with a single angle flow to the waste. The waste is suitable for power shower systems and carries away 25 litres of water per minute. This exclusive chic look is completed with a stylish load bearing solid surface waste cover which still allows access to the waste for cleaning.

Shimmer Trays

Exclusive additions to our Infinity Tray collection are original low level shower trays, featuring a stunning shimmer finish. These unique additions include a radiant black, glittering grey and twinkling white shimmer finishes.

Black Shimmer

White Shimmer

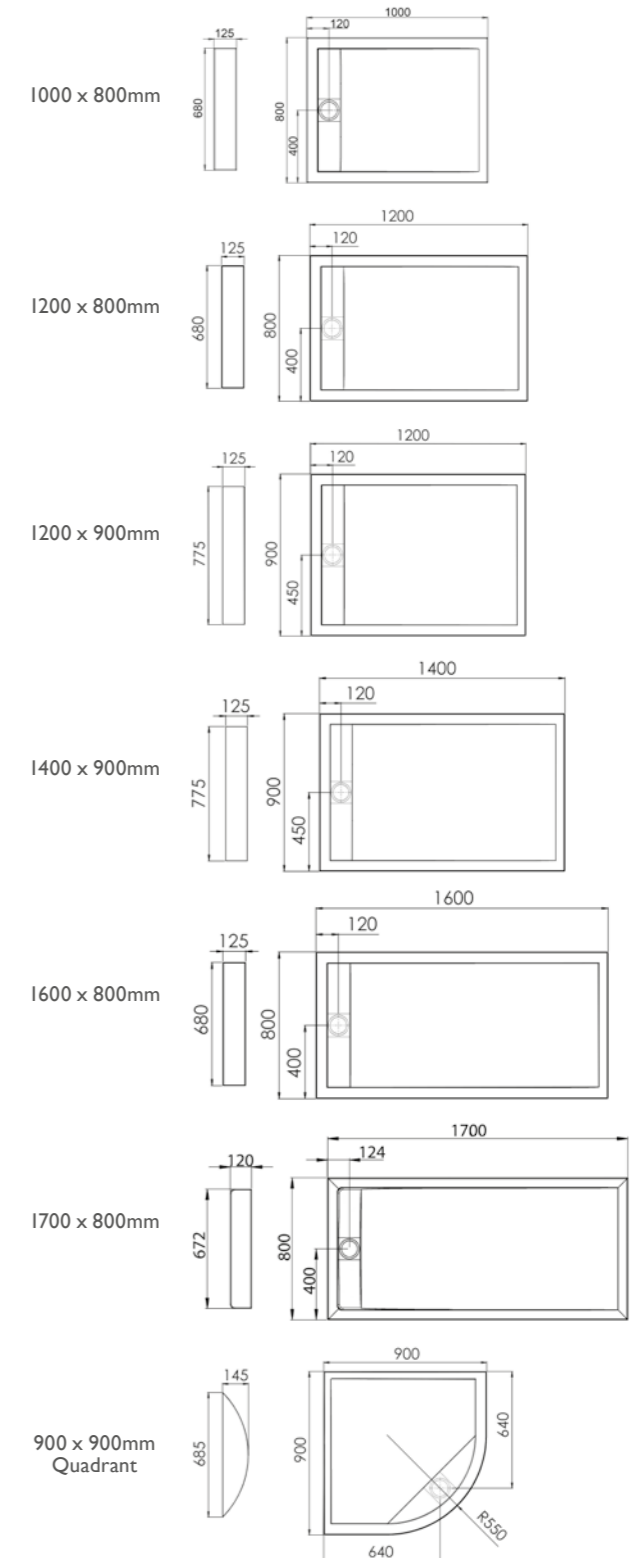

Grey Shimmer

SPECIFICATIONS:

- Ultra low profile
- Gloss or Matt finish
- Manufactured using Roman Stone solid surface technology
- One angle of slope to waste to maximise flow rating
- Fast flow waste included, fully concealed with solid surface cover piece

The Ultimate Bathroom Protector on glass

All Roman's enclosures and bath screens are pre-coated with Roman Ultra Care, our own unique glass protection system. Pre-coated glass protection systems will always diminish in their effectiveness over time, depending on how often the shower is used and how often it is cleaned. Unlike other systems, Roman Ultra Care in a bottle can be used in tandem with the pre-coat to build up the effectiveness and make it stronger the more you clean.

Roman Ultra Care is an award winning bathroom protector and has a 10 year track record for successfully protecting Roman's extensive product range. When applied to the glass of an enclosure or bath screen it creates a chemical barrier which provides protection against the build-up of grime, limescale and stains. The protective barrier means water glides off the glass with ease. This results in the protected surface remaining easy to clean by simply applying a mild detergent and wiping with a damp cloth or using a Roman Shower Blade.

By topping up the glass protection system with Roman Ultra Care in a bottle every time you clean, you can significantly reduce the amount of time required to clean your enclosure and bathroom surfaces. Most importantly, you can considerably prolong the life of your Roman product and at the same time do your bit for the environment by eliminating the use of harsh and damaging cleaning products.

750ml Bottle Code: RUC03
(minimum quantity for stockists: 12 bottles RUC13)

Ongoing Aftercare

To maintain the long lasting sparkle of your Roman enclosure or bath screen and aid the Ultra Care pre-coated glass protection; Roman Ultra Care can be purchased in a user friendly 750ml sized bottle. This can be purchased from your local Roman Bathroom Retailer, or alternatively from www.romanathome.com (UK only).

Roman Ultra Care is not limited to the cleaning and protection of your shower enclosure or bath screen, it can also be used to protect other bathroom surfaces, which are not pre-coated, including glass, tiles, aluminium frames, taps, trays, sinks and baths.

Simply wipe down your bathroom surfaces after use and apply Roman Ultra Care with a soft cloth. Roman Ultra Care can be used weekly as part of your bathroom cleaning routine.

The more you apply Roman Ultra Care the more protection you create for your enclosure, therefore your enclosure will maintain its high quality finish for longer. Without using Roman Ultra Care, your pre-coated glass protection will diminish over time.

Important information to help you maintain your Roman product:

Ensure you clean your product using a mild detergent diluted in water and then polish off using a soft damp cloth. Apply a coat of Roman Ultra Care after each clean to build-up the protective film on the surface.

If you live in a hard water area, periodically clean your product using a 50/50 solution of white vinegar and water. The solution should be left on the enclosure for approximately 5 minutes then rinsed off using warm water.

1. Do not use acidic based products which are unsuitable for cleaning enamel surfaces.
2. Do not use abrasive cleaners or cleaners containing bleach or solvents, these products will adversely affect the finish of the aluminium profiles.
3. Do not use scouring pads, powder or any sharp instruments when cleaning your Roman enclosure.

All glass surfaces have a non smooth finish which can attract the build-up of particles. Roman Ultra Care provides an invisible protective film which seamlessly seals the surface to ensure this build-up does not bond to the glass and the glass retains its optical clarity for lasting sparkle.

Shower, Tile & Bath Restoration and Maintenance Kit

3 Step System includes:

ULTRA SCRUB - Surface Stain Cleanser

Designed to effectively and easily clean your bathroom surfaces, including Glass, Porcelain, Ceramics and other hard surfaces. Developed to remove the build-up of minerals, rust, soaps, oils and limescale but without damaging the surface.

ULTRA SHIELD - Glass and Surface Treatment

Formulated to clean and protect. Ultra Shield can be used on your bathroom surfaces to create a water, soil and stain repellent barrier coating which prevents water, soil and grime from sticking for easier cleaning. This barrier is renewed with each use.

ULTRA CARE - Glass & Surface Protector

For a long lasting sparkle on bathroom and shower surfaces. Ultra Care is the ultimate surface protector that repels the build-up. Also available in large bottle for ongoing aftercare.

Clean and protect your shower in minutes

Kit Code: RUC14
(minimum quantity for stockists: 12 packs RUC15)

Consumer Guide

Roman shower enclosures have been tested and fully conform to the scope and relevant characteristics of BS EN 14428:2015 (Shower Enclosures - Functional requirements and test methods), to meet the requirements of the mandate given under the EU Construction Product Directive (89/106/EEC).

As a result of full compliance to the directive and harmonized standard; Roman shower enclosures carry the 'CE' mark and are accompanied by a declaration of performance. (Available to view on www.roman-showers.com)

The CE marking indicates Roman shower enclosures conform to all essential requirements of European health and safety and environmental protection legislation. The conformity is mandatory, and allows Roman products to be legally placed on the market anywhere in the European Economic Area.

Additionally all Roman trays fully conform to EN 14527:2016.

Important Product Details

- Haven Enclosures and Bath Screens carry a ten year manufacturer's guarantee if products are installed according to the installation instructions - see guarantee criteria to the right.
- Simple and clear installation instructions are included with all Haven Products.
- Any guarantee variations are indicated separately.
- All Haven Enclosures and Bath Screens are manufactured using toughened safety glass which complies to BSEN12150.
- All Haven Enclosures and Bath Screens are tested in accordance with BSEN14428 - Shower enclosures, functional requirements and test methods.
- Roman's toughened glass is completely safe for use in our shower enclosures and bath screens; providing our products are installed according to our guidelines.
- It is important to note, that the glass must not be mounted or 'pinched' in such a way that would cause a stress point to develop in the glass. In addition, it must not be subjected to any sharp impact or severe temperature fluctuation which may also cause a stress point to develop in the glass.
- Roman's toughened glass is physically and thermally significantly stronger than standard glass. However a significant impact (or stress as outlined above) can cause toughened glass to break. In the event of breakage, toughened glass will break safely into small fragments in line with all relevant standards.
- All heights quoted for Enclosures and Bath Screens are from the top of the shower tray or bath.
- All fixings are hidden on Haven products.
- The term "Silver" describes the colour of the aluminium finish. No silver metal is included in any Haven products.
- All fixings and pivot pins are manufactured from stainless steel - this adds great strength and durability to Haven products.
- All seals and gaskets on Haven products are manufactured from colourless PVC.
- Haven over-bath products are not designed for baths with shaped or stepped fronts or integral soap dishes.
- The design rights of these products are owned by Roman Limited. All rights reserved.
- For compatibility of Haven Enclosures with steam generators please contact Roman Customer Relations for advice on: +44 (0) 1325 328 033.
- Roman Ultra Care pre-coat must be maintained by applying Ultra Care from a bottle on an ongoing basis as it will naturally diminish over time.
- Due to the nature of the Haven Wetroom Panel products, water integrity cannot be guaranteed. Please consult your installer.

Guarantee

Roman Ltd. guarantees all Haven Shower Enclosures, Bath Screens, Anti-Slip and Infinity Trays against faulty materials or manufacture for ten years, provided they have been installed, used and maintained in accordance with our instructions.

All Roman product guarantees must be completed and returned within 60 days of purchase to validate the relevant guarantee. Failure to meet this deadline will result in a statutory 1 year guarantee on all products.

Should a claim arise Roman Ltd. Customer Relations will investigate the issue. As part of this investigation we request that the following conditions be satisfied:

1. Proof of purchase at the time of the claim.
2. The guarantee applies to the original purchaser only and is non transferable.
3. The product has been fitted / installed in accordance with Haven fixing instructions, local bylaws and general good plumbing practice.
4. The product has been maintained and cared for in accordance with our instructions (including regular and appropriate cleaning).

If in our opinion the product has been modified, misused, neglected, wilfully or accidentally damaged, we can accept no responsibility for failure.

Roman Ltd. or its representatives must be given the opportunity to inspect the product in the installed condition.

Should any products included in the ten year guarantee be used for commercial use i.e. leisure clubs, schools, hospitals, student accommodation, hotels or residential homes, only a 5 year guarantee will be applicable.

If in our opinion the product fails due to faulty materials or manufacture and that the conditions above have been met, Roman Ltd. will arrange for a specialist Roman Technical Sales Representative to repair or replace that item at our option.

Roman Ltd. believes in continuous improvement. If in our opinion the product has failed under the terms of the Guarantee and a replacement is offered but identical goods are no longer available, Roman Ltd will replace it with our nearest equivalent product. For countries outside of the UK and Republic of Ireland, where a product has failed due to faulty materials or manufacture, a replacement product or product part will be offered only.

Should Roman Ltd carry out work as a result of a claim but subsequently it is revealed that the product has been abused or improperly installed, we reserve the right to charge the customer for the expense incurred.

The liability of Roman Ltd. is limited to the product supplied by Roman Ltd. and does not extend to consequential loss or damage arising from the defective product.

This Guarantee, which is effective for products purchased after July 1st 2008, states our entire liability and is offered to customers acquiring our products as consumers, not in the course of trade or business. Ex displays or products reinstalled from their original position are not covered under this guarantee.

Non glass or metallic parts (e.g. seals) are subject to normal wear and tear through usage and are therefore covered on all products for 1 year from installation.

Roman Ultra Care pre-coat is not covered by this guarantee and it must be maintained by applying Ultra Care from a bottle on an ongoing basis.

Haven products not included in the Ten Year Guarantee are the Roman Acrylic Capped Trays which are covered for one year.

This Guarantee does not affect your statutory rights. This Guarantee is wholly applicable in the U.K. and Republic of Ireland – export conditions as indicated.
