

Exclusive Collection

GODI
by Stonearth

If you're looking for something extra special, the exquisite Godi collection is for you. A refined range of bathroom furniture, it's charmingly elegant with an aristocratic flair. Every piece is made from luxurious materials and beautifully embellished by master craftsmen who take delicate detailing to a new level. There's 'Noble', our carved walnut range, our gold and silver leaf 'Princess' range, which has an opulent, classical edge, and our decadent 'Crystal' range in dazzling bevelled glass.

GODI *Noble*

This ornately detailed collection has an alluring, yet classical look. We use solid walnut to handcraft the furniture into sensual curvy pieces with painstaking care for detail – a skill now largely confined to yesteryear. Take our basin units, for example. Not only are they tall and elegant, they have sculpted basins in the finest marble. The range gives your bathroom a unique, noble look with a touch of the exotic east.

To add to the splendid look, take your pick from our elegantly carved stool, gracious side table, and elaborate dressing screen, all of which make talking points in any space. Plus, you can match them with beautiful and functional pieces like the spacious storage cabinet or stylish shelving.
