Design, Create, Inspire

Bathrooms from Tavistock

All Tavistock products are designed at our offices in the beautiful spa city of Bath. From here we control every stage of the product life cycle.

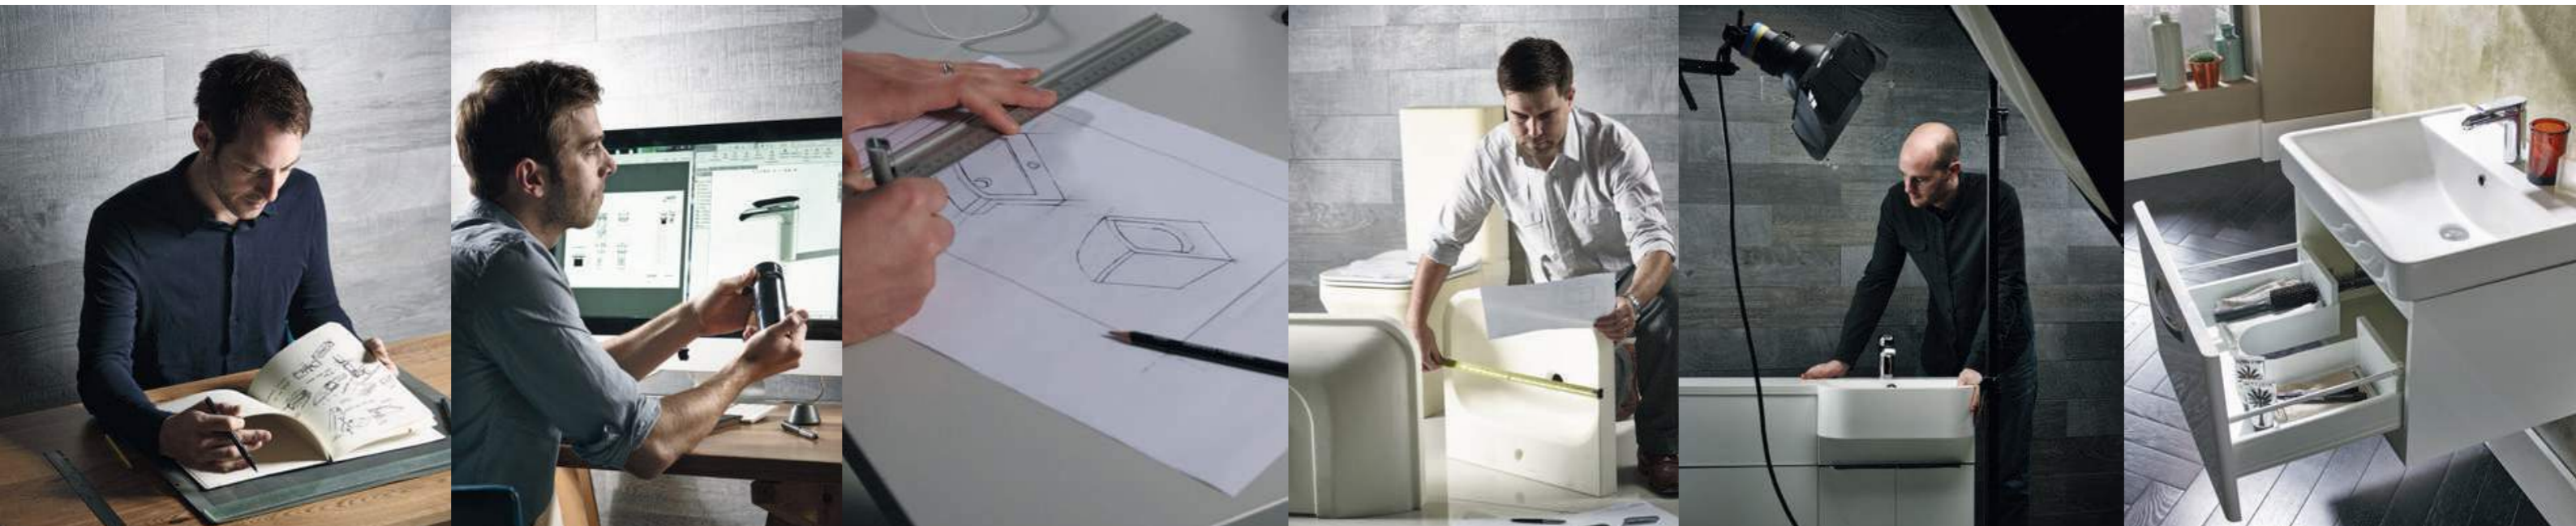

We're not just about bathroom furniture - we offer a one stop shop as our extensive range of product also includes sanitaryware, taps and showers as well as cloakroom solutions. For those finishing touches we've got a great choice of mirrors, cabinets, toilet seats and bath panels. Perfect for an instant bathroom revamp.

Our highly experienced team of researchers, developers and technical experts are constantly monitoring new trends and rigorously testing advancements in technology.

With Tavistock, you can count on the highest levels of service and reliability, but what makes us special is our in-house design team. Excellent design is of the utmost importance to us, so we design all of our products in-house to ensure our perspective remains

fresh and innovative. We source outstanding quality materials and craftsmanship so that every Tavistock product not only looks good but fulfils its purpose, time after time.

With extensive guarantees across our entire range, you can choose every Tavistock product with complete and utter confidence.

FURNITURE

Show your bathroom some love. Create a warm, welcoming space with our beautifully crafted furniture. It isn't just about clearing away the clutter – the right furniture will define your bathroom. Whether you prefer the modernity of gloss grey, the gleam of high gloss white, or the warmth of a real wood finish, you'll find a style that is right for you. Look out for special touches such as soft close doors or drawers and integrated handles.

The Vitoria Collection

Bring a touch of classic design to your bathroom with Vitoria. The elegant, timeless styling is the perfect bathroom solution for a period home.

VITORIA

FEATURES

Basin Unit

The traditional lines of Vitoria basin units create the perfect look for a period bathroom. Choose the freestanding unit with 1 or 2 tap hole ceramic basin or, for a more traditional style, opt for the underslung basin unit. The hand painted finish in muted tones of linen white, matt dark grey or pebble grey, adds to the classic feel.

Complete the look with coordinating bath panels & toilet seats.

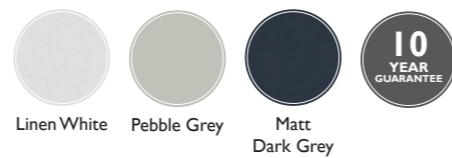

Cloakroom Unit

A 500mm wide slim depth basin unit is also available, ideal for the cloakroom. Team with a coordinating Vitoria WC to complete the look.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

The Lansdown Collection

Bring back classic style with Lansdown. Traditional 5 piece doors, grooved side panels & a muted palette of hand painted finishes all contribute to the timeless feel.

LANSDOWN

Lansdown Furniture
 Pair your Lansdown basin unit
 with a classic Vitoria WC.
 See pages 82 - 87.

FEATURES

Basin Units

The generous flat-fronted ceramic basins complement the classic styling of the Lansdown range. There is a choice of freestanding basin units with sizes suitable for cloakrooms as well as family bathrooms. They feature 5 piece doors and tongue and groove side panels to give a classically timeless appeal. The 550mm basin unit is also available with the option of a 2 tap hole basin. All units feature soft close doors to give a quiet and controlled closure.

There is also a semi-countertop basin unit which allows Lansdown to be assembled in a run with a worktop for a more fitted furniture look.

Coordinating Units, Bath Panels & Toilet Seats

Back to wall and storage units, a mirror and bath panels complete this beautifully understated range. Soft close wooden toilet seats are also available in coordinating finishes.

Finish Options

The Lansdown range is available in 3 hand painted finishes of linen white, pebble grey and matt dark grey.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques. Such is our confidence that we can offer a 10 year guarantee on all furniture units.

The Compass Collection

If you're searching for a new direction, then look no further than this super stylish range. Compass has smooth curved edges and a luxuriously deep ceramic basin that's sure to impress, whilst the extra thick doors and robust construction show it is built to last.

COMPASS

FEATURES

Basin Unit

The Compass range features compact 500mm units ideal for smaller bathrooms, and 600mm and 800mm sizes - all available as freestanding or wall mounted basin units. There is also a very practical 600mm 2 drawer freestanding basin unit option.

Available in a choice of 3 contemporary finishes: gloss white, light grey or clay. It features a deep ceramic basin giving generous wash space. Fully extending drawer runners make it easy to access to all your bits & bobs.

Soft Close Doors

Compass doors are fitted with soft close mechanisms to give controlled and quiet closure.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

The Kobe Collection

Why complicate things? Kobe's simple silhouette with its sleek ceramic basin makes this a range that lives for modernity. It's an ideal solution for all size rooms, from family bathrooms to cloakrooms where simpler is sometimes better.

KOBE

Kobe Furniture
 Pair Kobe bathroom furniture with the Ion WC, which is also designed to work well in smaller bathroom spaces.
 See pages 100 - 103.

FEATURES

Basin Unit
 If you want versatility then look no further. Kobe is available in 4 different styles to suit your needs; whether it's a choice of wall mounted or freestanding 450mm wide cloakroom units or the more generous 560mm or 700mm sized units, perfect for larger bathrooms.

Soft Close Doors
 Kobe doors are fitted with soft close mechanisms to give controlled and quiet closure.

10 Year Guarantee
 All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

FEATURES

Unit

A single compact one metre unit which incorporates a 500mm basin unit and a 500mm back to wall unit. Available in two contemporary cross-cut style textured wood finishes as well as a choice of clay or gloss white, it is set off by touches of chrome on the discreet door handles and toilet panel trim. Installation is very easy, with no cutting required to fit the basin. We recommend use of the Tavistock Vortex Cistern (see page 126).

Isocast Basin with Integrated Worktop

At just one metre long, the Match basin with integrated worktop area is extremely practical. It is manufactured using Isocast, a mineral substrate topped with a tough resilient gelcoat to give a glossy finish which is both durable and easy to clean. The look is seamless and modern. A depth of 380mm makes it very space efficient and it is available either left or right-handed to suit your room layout.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

Finish Options

The Courier Collection

This sleek range is the ultimate in streamlined simplicity. Available in wood or white finishes, this versatile range can be used with standard ceramic basins or for a more contemporary look opt for an isocast basin with integrated worktop.

COURIER

FEATURES

Basin Options

For a seamless contemporary look why not finish your Courier bathroom furniture with an isocast basin and integrated worktop. These modern basins are extremely durable and practical, with a tough, easy-clean, glossy finish.

Alternatively use with a conventional semi-countertop basin and laminate worktop. See page 121 for the full range of semi-countertop basins and overleaf on page 59 for laminate worktops, available in three lengths and two finishes.

Floor Cupboard

The Courier floor cupboard is fitted with attractive chrome handle and benefits from a reversible door to allow for left or right handed opening.

Easy Installation

Courier back to wall WC and semi-countertop basin units benefit from removable fascias and plumbing voids for easy installation.

10 Year Guarantee

All Tavistock furniture is made from the very best quality materials and manufacturing techniques, and such is our confidence that we can offer a 10 year guarantee on all furniture units.

BASINS & WCS

Clean lines, sleek surfaces, forward looking design. That's what you get with our collection of basins and WCs. Whatever your personal style, you'll find something to inspire you - from standard basin, pedestal and WC formats in a range of styles and sizes, to back to wall and semi-countertop options, suitable for use with bathroom furniture.

VITORIA

The Vitoria Collection

Introducing the elegant and timeless styling of Vitoria sanitaryware, the perfect bathroom solution for a period home.

FEATURES

Wash Basins

Vitoria basins are available with 1 tap hole or 2 tap holes to suit the style of your bathroom, both with chrome overflow cover and coordinating pedestal. A 2 tap hole cloakroom basin is also available. All 2 tap hole basins have provision for a chain stay waste.

WCs

You have the option of high level, low level, close coupled or back to wall WCs. High and low level WCs feature chrome plated brass downpipes. Low level and close coupled WCs have full flush and reduced flush operation (6/4L) with a ceramic cistern handle. The high level WC has ornate brackets and a 6L flush.

Soft Close WC Seat

Wooden soft close seats incorporate a chrome plated bar hinge featuring top and underfix options with adjustable fitting. The natural oak seat is solid oak. Alternatively choose painted gloss white or a finish to coordinate with your Vitoria or Lansdown furniture.

Wash Basin

The extra thin edged basin design with 1 tap hole for monobloc mixers offers a generous wash space. It can be used with a coordinating pedestal or, for a more contemporary look, wall hung with a simple chrome bottle trap.

WCs

The Orbit fully enclosed close coupled WC is sure to become a design classic, with its rounded contemporary styling. Also available in back to wall or wall hung versions, they all feature Easi-clean rimless technology which makes it exceptionally hygienic and easy to clean. The short projection designs make Orbit a great choice where space is tight.

Soft Close WC Seats

Orbit WCs have a low profile high quality thermoset wrap over seat fitted with a soft close mechanism with top fix hinges for easy removal and cleaning.

Easi-Clean

Blow the lid on germs with our new rimless technology. The rimless design makes it exceptionally hygienic and easy to clean, a simple wipe of the rim means there is nowhere germs can hide. Water is projected around the bowl to reach every part and ensure it is completely clean.

Wash Basins

The Agenda basin is available in 600, 700 and 800mm widths. Its slim generous design and rounded corners make it a real style statement. It can be pedestal mounted or wall hung with a semi-pedestal or chrome bottle trap for an ultra contemporary look. Three semi-countertop basins are available for use with either standard or slim depth furniture.

WCs

The Agenda close coupled WC is very sleek and smooth. Its fully enclosed back to wall design makes it as nice to look at as it is easy to clean. A back to wall WC continues the contemporary styling for concealed cisterns.

WC Seats

There are two styles of seat, both made from quality thermoset plastic with soft close hinges. Both are quick release, with a simple push and lift to remove action, for

easy cleaning. Choose either the wrap over style or the slim design seat to give a discreet contemporary finish to the WC.

Cisterns

The close coupled cistern has a water-saving 6/3L flush.

Basin & Pedestal Options

Basins

The Structure slim 550mm basin has a stunning thin edged design, available with 1 tap hole for monobloc mixers. The 600, 700 & 800mm basins can be pedestal mounted or wall hung with a semi-pedestal or chrome bottle trap for an alternative look.

There is also a smaller 450mm basin, perfect for cloakrooms, as well as semi-countertop options for use with furniture.

WCs

There are many WC options within the Structure range including open back & fully enclosed close coupled WCs and 3 comfort height models.

Soft Close WC Seats

There are 2 Structure seat options, both manufactured from high quality thermoset plastic with soft close, quick release hinges for easy removal and cleaning.

Cisterns

The close coupled cistern has a water saving 4.5L full flush and 3L reduced flush. Compatible concealed cisterns and frames for your Structure back to wall and wall hung WC can be found on page 126.

The Ion Collection

Geometric styling comes to the fore with this range. Ion's square basin & short projection D-shaped WC pans make it a modern classic which works extremely well in smaller bathrooms.

Basin

The square-shaped basin features a spacious wash area and central tap hole and for a contemporary look it is wall hung with a simple chrome bottle trap. Three semi-countertop basins are also available.

The semi-countertop basin options come in standard and slim depth, for use with furniture.

WCs

The lon range has a whole host of WC options including close coupled, back to wall and fully enclosed close coupled. Additionally, a comfort height WC, several centimetres taller than a standard WC, helps reduce the burden on those tired legs.

Soft Close WC Seats

The lon wrap over design toilet seat complements this curvacious yet angular range and features soft close hinges to ensure controlled, quiet closure. Made from highly durable thermostet plastic with UV protection to prevent discolouration, it also features quick release, corrosion free top fix hinges for easy installation and removal for cleaning.

The Q60 Collection

A versatile range of sanitaryware which will look great in any bathroom & includes short projection items - perfect for where space is at a premium

MICRA

The Micra Collection

Small but perfectly formed Micra is designed for the smaller bathroom, cloakroom or en-suite. Flexibility is the key here, with an extensive range of sanitaryware with clever space saving ideas.

FEATURES

Wash Basins

Choose from a variety of basins including several suitable for smaller bathrooms or cloakrooms. Alternatively opt for a semi-countertop basin with bathroom furniture.

Both 565mm and 450mm basins are available in 1 or 2 tap hole configurations and can be used on a pedestal or wall mounted.

Comfort Height WC

Sitting 70mm higher than a standard toilet, the Micra close coupled and back to wall WCs are extra comfy to use.

Short Projection WCs

The short projection close coupled and back to wall WCs in our Micra range are ideal where space is at a premium.

Soft Close WC Seats

Micra WCs have a choice of two toilet seats. The Micra soft close thermostet seat option features soft close hinges for quiet closure of the seat and ring, with a neat quick release function for easy cleaning, whilst the top fix mechanism allows for ease of installation.

Cisterns

Compatible concealed cisterns and frames for your Micra back to wall WC, including a comfort height concealed cistern, can be found on page 126.

FEATURES

Wash Basin

These ceramic cloakroom basins are simple yet practical. Their compact design, with single tap hole, is ideal for most mini basin mixers and yet offers generous wash space given their space-efficient size. The niche basin will sit perfectly in an awkward corner. Alternatively opt for Dimension or Matrix for a stylish and contemporary addition to any cloakroom or en-suite.

20 Year Guarantee

All Tavistock sanitaryware is made from the very best quality materials and manufacturing techniques, and as such is our confidence that we can offer a 20 year guarantee on all sanitaryware items.

SENSOR FLUSHING

Sensor Dual Flush Plate

Sensor Dual Flush Plate - Black
210(w) x 137(h)mm
Flush Plate TR9016 £129.00

Go for an ultra-contemporary option with our sleek, black glass-fronted sensor dual flush plate. The lightest touch on the plate is all that is required to initiate the flush, and the plate lights up to indicate activation.

The sensor plate is best for use on Tavistock wall hung WC frames or the in-wall concealed cistern, and requires 4 AA batteries which will last around a year under normal domestic conditions. The plate allows easy access to change the batteries when required and has a manual override.

Contactless Dual Flush Sensor

Contactless Dual Flush Remote Sensor Kit
Use with concealed cisterns
Sensor CSFK £107.50

The contactless flush sensor kit is compatible with pneumatic concealed cisterns from Tavistock, and is best used within furniture. It provides a touchless flush, with just a wave of a hand.

The Sensor works using capacitive sensor technology to detect a change in the electromagnetic field. A short wave of the hand in front of the sensor activates the reduced flush, whilst holding your hand up slightly longer triggers a full flush. It is powered by 4 AA batteries which will last around a year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia, or under a worktop or tiled wall near the cistern. A discreet black decal is included to indicate sensor location if desired.

TAPS

Taps are no longer just a minor detail. They're the finishing touch, lifting your bathroom from the mundane to the truly special. The right taps must combine the two key ingredients of design and functionality - in short, they must look good and they must work well. With that in mind, we have designed a collection of taps which really shine.

WASTES & TRAPS

Our tap ranges are perfectly complemented by our stylish and modern chrome plated bottle trap and collection of wastes. All bath taps are supplied without wastes as it is usual to purchase your waste with your bath. We have a choice of bath wastes with overflow in 2 different lengths depending upon your installation requirements.

Taps supplied with a pop-up waste include a waste outlet, pop-up rod and lifting mechanism. Please note that Adapt, Tier, Revive, Solace, Strike, Lift, Blaze, Siren, Index and Logic mini and basin mixers are supplied with a click waste. For taps supplied without pop-up wastes, we have a few waste options as shown. Unslotted wastes are for use where no integral overflow is required in the washbasin. If your basin is wall hung choose our modern chrome trap or the more traditional styled version to complement your taps perfectly.

DESIGN DETAIL

Tap Operating Pressure

Plumbing systems can sometimes suffer from poor flow rates. The UK is unique in that many homes are still using the more traditional, low pressure gravity fed plumbing systems which are most commonly found in older properties.

European manufacturers tend to design taps suitable for more modern plumbing systems which can often cause problems when installed in a typical UK home, resulting in a disappointing flow rate when using the taps.

Tavistock's in-house design team have recognised this problem and engineered our taps so that all of them are suitable for use with both high and low pressure systems. Most of our taps operate at 0.1 bar or above (0.1 bar is equal to 1 metre head of water). In plumbing terms this means, for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1 bar of water pressure at the tap.

If you are unsure, we recommend you seek advice from your plumber who will advise you on the plumbing system you have and the likely water pressures it can achieve. If pressures are too low even for our low pressure taps, you will be able to increase your water pressure using a suitable water pump, and again either your retailer or plumber can advise you on this. Please note that all of our taps are also suitable for high pressure plumbing systems.

SHOWERS

At Tavistock, good design without great functionality just won't wash. That's why our range of thermostatic showers is designed to give you the best showering experience. They come with everything you need for quick and easy installation and have been built to last. They're great value too so you don't have to splash out.

The Varsity Collection

When aiming for a more period look, select one of our traditional Varsity shower systems to add just the right finishing touch.

Dimmable & Light Temperature Changing

Adjust the intensity & warmth of light to suit the task in hand & time of day.

Kick-start your day with a bright, invigorating light. Then choose a natural light to apply make-up and a dimmer, warm light for late evening tasks.

Light temperature ranges from 2700K (warm white) to 6000K (daylight).

FEATURES

Recessible or Surface Mounted

Nook cabinets have the option of being surface mounted or recessed into a wall for a sleek contemporary look.

Energy Saving Adjustable Lighting

With integrated diffused LED lighting around the frame, Nook cabinets create a bright practical light. The dimmable infrared sensor allows you to adjust both the light intensity and warmth.

Recharging Socket

Nook cabinets also feature a highly useful concealed recharging socket.

Anodised Aluminium Construction

Solid, robust aluminium-bodied construction makes your Nook cabinet hardwearing, rust proof and easy to maintain.

IP44

Our cabinets have been designed and independently tested for compliance with electrical equipment safety regulations. Cabinets which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Please see the diagram on page 233 which illustrates zones within a standard bathroom.

MIRRORS

FEATURES

Bluetooth®

Bluetooth® Wireless Technology

Integrate music seamlessly into your bathroom with an LED illuminated mirror with **Bluetooth®** wireless technology.

Heated Demister Pads

Heated demister pads heat the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms.

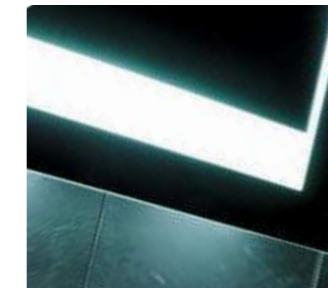

Tapered Body

Our mirrors with a tapered body profile have an elegant slimline look which makes them appear to float on the wall.

LED Lighting

We use latest LED technology in many of our mirrors to great effect. This not only looks stunning but provides a bright, practical task light with energy saving benefits.

Ambient Lighting

For additional mood lighting in the bathroom, stunning effects are created with ambient lighting.

Recharging Socket

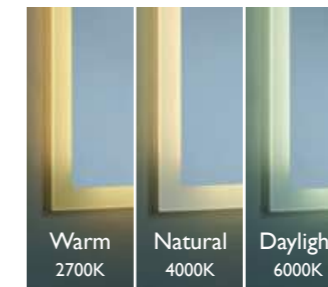

An integrated recharging socket, suitable for electric shavers and toothbrushes.

Infrared On/off Switch

A safe and easy to use infrared on/off switch lets you activate lighting without the need to touch the mirror. Simply move your hand in front of the sensor to activate.

Important: When mounting mirrors with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

Light Temperature Changing

Adjust the intensity and warmth of light to suit the task and time of day. Kick-start your day with bright, invigorating light. Then choose a natural light to apply make-up and a warmer light for late evening tasks.

-  Light temperature ranges from 2700K (warm white) to 6000K (daylight).
-  Some mirrors are also dimmable as well as light temperature changing. Look out for the icon.

IP44

Our mirrors have been designed and independently tested for compliance with electrical equipment safety regulations. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Please see the diagram on page 233 for further information.

All features do not apply to every mirror. See individual details on each mirror for more information.

MIRRORS

SAFETY IN THE BATHROOM

Mirrors Technical Information

All mirrors featuring infrared technology must be mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function of the infrared sensor. Tavistock illuminated mirrors have been designed and independently tested for compliance to electrical equipment (safety) regulations.

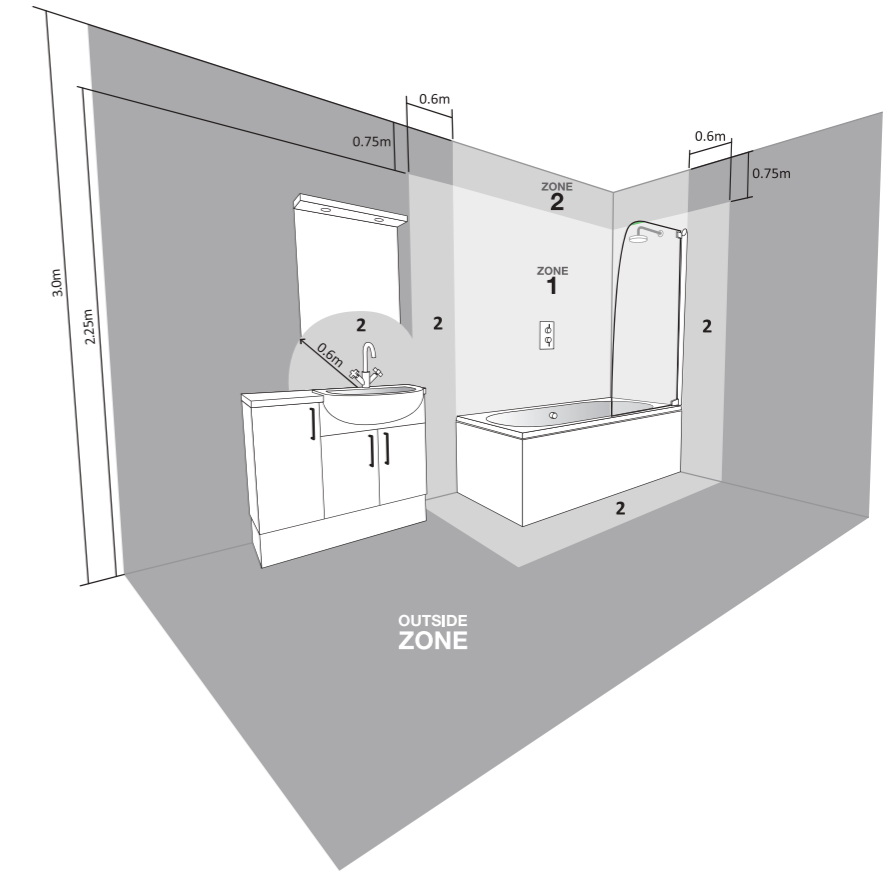

All electrical connections should be made according to the latest national wiring regulations. Illuminated mirrors are suitable for installation in the bathroom within outside zones unless stated. Mirrors which are IP44 water resistance rated are suitable for use in zones 2 and outside zones in the bathroom. Illuminated mirrors are not suitable for installation in saunas, steam rooms, shower cubicles or above a bath tub. Products are only suitable for permanent installation. Installation by a suitably qualified electrician is required.

Cabinets - Electrics

Our illuminated cabinets have been designed and independently tested for compliance to electrical equipment (safety) regulations. Idea cabinets are only suitable for use outside zones 1 & 2 according to the latest IEE regulations. All Idea cabinets are class I insulated and require an earth connection.

Infrared Sensor

All mirrors or cabinets featuring infrared technology must be mounted a minimum of 150mm from an adjacent wall or obstruction to ensure correct function of the infrared sensor.

ZONE 1

Electrical fittings in this zone require separated extra low voltage and a minimum rating of IP44 (splash proof).

ZONE 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

* The position of the infrared sensor is indicated on each mirror with this symbol

QUALITY & SERVICE

Exceptional service is as integral to our business as outstanding product, design and manufacturing. We invest heavily in product improvement and reserve the right to amend specifications at any time if an opportunity to further improve the product occurs to ensure complete customer satisfaction.

GUARANTEES

All product are guaranteed against defective workmanship or materials. Length of guarantee depends on the product type - please refer to relevant section of the brochure. Guarantees are for domestic use only and are not transferable.

Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive. All dimensions are approximate and are quoted within reasonable tolerances.

PRICING

All prices are quoted inclusive of VAT which will be charged at the rate applicable on the date of despatch. The prices charged will be those ruling at the date of despatch and Tavistock cannot be held responsible for any errors or omissions to products or prices.
