

The Twyford Collection

The Twyford Collection July 2017

The luxury of greater choice and greater service

From market leading, bathroom transforming ideas to the latest on-trend innovations, Twyford can meet every individual taste and every customer budget. In every range, you'll find clever technology to enhance and improve bathroom functionality, while our Royal Warrant and 160 years of ingenuity is your reassurance of unrivalled support.

Clever thinking

Twyford are constantly introducing innovative, market leading ideas to make the bathroom experience even better - like the first ever Rimfree® toilet, Proclean glass coating and the water saving Flushwise® system.

Clever technology, smart design features.

Great experience

Twyford have been leaders in bathroom design for over 160 years, gaining the Royal Warrant and a reputation for guaranteed quality and superb performance along the way.

Experienced team

Twyford continue delivering - from design and production to marketing and merchandising. From customer service to after sales, we're all dedicated to delivering the very best in products, service and support.

Good looks

Twyford bathroom ranges don't just perform superbly, they look terrific too. Form and function combine to create style statements for the modern bathroom. Practical and durable, smart and stunning. The perfect solution, every time.

Clean, green & stylish

The revolutionary Rimfree® toilets are available across five best-selling Twyford series. There's no rim so there's nowhere for germs and dirt to hide. Light on cleaning. Light on water usage. Good looking too. Simple. But brilliant.

Visit www.twyfordbathrooms.com for more details on Rimfree®

Clean

With no concealed rim, there's nowhere for germs to hide, so the toilet is not only hygienic, it's smarter and easier to clean, too.

Green

The Moda and e100 Rimfree® toilets are available with Twyford's unique Flushwise® 4 and 2.6 litre dual flush technology, using up to 60% less water than a standard toilet. Galerie features a water saving dual flush too, at 4 and 6 litres.

Stylish

Rimfree® toilets are available across five best-selling Twyford collections - all with cool, contemporary design and a wide range of options including washbasins, bidets and furniture, co-ordinating to create a complete look for every bathroom environment.

Moda

Getting your installation spot on

Total Install® from Twyford

Twyford has invested in extensive research about installation needs with all types of professionals, resulting in an installation system called Total Install®.

The Twyford Total Install® system enables bathrooms to be fitted through an array of ingenious factory-fitted professional fittings. A quick and easy high quality finish, can be achieved using fewer tools, whilst also providing products that can be easily maintained.

Listed here are the Total Install® features that can be found on our products, all of which are designed to make installation quicker and simpler, every time!

Total Install® Pack

Upgrade your e100 round washbasin

If you wish to upgrade your purchase with our Total Install® system, then you can select from the complete pack or the basin pack.

The complete pack consists of, washbasin brackets and fixings, pan to floor fixings and isolation valve for the toilet.

The basin packs can be purchased for either small or large washbasins and consists of washbasin bracket and fixings.

Please ensure you check suitability before you place your order.

Push-fit service valve and connector

Showers

Click lock mechanism

Quick fixing wall profile mechanism

Bath Panel

View bath panel

View panel magnet located into Galerie bath leg set

Refresh bath panel

Baths

Galerie bath tap holes are smaller

Galerie flip up leg set

Twyford Total Install® washbasins are supplied complete with factory fitted wall brackets and wall fixings for use on plaster board walls only. The brackets for the washbasins can be adjusted for easy post-installation tiling without removal. Please note, the brackets are non-load bearing and are for positioning only, therefore must be used in conjunction with a full pedestal.

Available as standard on Moda 550, 600 and 700mm washbasins, Galerie Plan 550, 600 and 650mm washbasins and Galerie 550, 600 and 650mm.

Twyford Total Install® 2 tap washbasins are supplied complete with reduced 7mm smaller tap holes which help with accurate alignment and give you a watertight seal.

Available on Galerie 450mm handrinse washbasin and 550mm semi-recessed and countertop washbasins.

Twyford WC pans already come complete with floor fixings, 'drill holes' in the pan foot, plugs and integral cover caps, providing a truly secure and professional finish.

Twyford top fix seats and covers come with pre-assembled hinges and a positioning template to aid your installation, making it easier and more accurate.

Twyford dual flush push button toilet cisterns come with factory-fitted valves and fittings - saving you time and energy.

Total Install® toilets feature a push-fit service valve and connector guaranteeing a watertight seal without cross threading or the need for extra parts.

The connector is available on Galerie only.

When installing an enclosure the location of the horizontal and vertical profiles can be a tricky job, particularly with a quadrant... but not with Twyford shower enclosures! Both es200 & es400 feature a click-lock mechanism for the quick and easy assembly of horizontal and vertical profiles.

In addition to the above feature es400 enclosures also feature a quick fixing wall profile, creating ease and speed the wall profile simply clips into place instead of having to use screws.

View and Refresh bath panels are both available with Total Install®

The full Total Install® feature can only be achieved with the View panel when used with the 1700 x 700mm Galerie bath. Threaded magnets are supplied with the panel which can be screwed into inserts on the bath leg set. The panel comes pre-assembled with mounting plates which will simply click into place, so there is no need to build your own frame or waste time getting accurate measurements.

The Refresh panel is supplied with a magnetic wooden mounting frame which must be assembled before the panel is fitted. The panel comes pre-assembled with mounting plates which will simply click into place.

Twyford's Galerie Total Install® baths are supplied with all the necessary screws and fixings which have been standardised to reduce the number of tools required. They come complete with a factory-fitted tubular leg set which simply flips into place.

Shorter bath feet thread into inserts and make for fast adjustment and levelling. The feet of the bath also act as extra protection for the rim of the bath during transit and storage.

Tap holes are smaller making taps & mixers easier to fit and align, removing the risk of seepage and too close a fit to surrounding tiling. Galerie baths also include a self-adhesive upstand kit designed to solve the problem of leakage between tiles and the bath edge.

Good looks and great water saving ideas.

Twyford lead the way in water saving innovation throughout the bathroom. With us, it's not an afterthought - everything is designed with water use reduction in mind.

Outperforming the regulations

The problem of water scarcity is increasing globally. Current usage is unsustainable and water saving is a key element in planning for new developments. At Twyford, we design with this in mind. It's not an afterthought, it's an inspiration. Our innovative, market leading products conform to and outperform regulations, reducing water consumption dramatically, with no compromise on functionality and style.

The European Water Label

All Twyford toilets and many other Twyford products are registered and therefore listed by the European Water Label (EWL). The European Water Label is designed to help easily identify water efficient products, which when installed and used correctly will use less water and save energy and money, compared to other products available in the market. Please visit the European Water Label website: www.europeanwaterlabel.eu for more information.

Waterwise

Twyford were the pioneers of Flushwise®, the dual 4/2.6 litre flush technology for toilets that has since become widely adopted across the UK bathroom industry, it is for this product that Twyford received the Waterwise Marque back in 2007. The Waterwise Marque - the first scheme in the UK to highlight water efficient products. It is awarded annually to products which reduce water wastage or raise awareness of water efficiency. Please visit the Waterwise website: www.waterwise.org.uk for more information.

The Flushwise® dual flush system is now available on seven out of the company's 11 ranges covering all sectors of the market from entry level to top end with a choice of designs and price points. These are e100, e200, e500, Moda, Galerie Plan, Galerie and Alcona.

Toilets

More than half (63%) of our daily water consumption at home originates from the bathroom and toilet. Twyford have been leading the way in reducing toilet flush volumes. We have revolutionised the field by pioneering the unique Flushwise® dual flush push button toilet. Flushwise® toilets use 4 or 2.6 litres each flush, that's 60% less water than a standard toilet and is also available on concealed cisterns.

Taps & mixers

X50, X52, X60, X62, X70, X120 taps, mixers and shower valves can be fitted with flow regulators to reduce the rate of water flow. Turn off the tap when cleaning your teeth, soaping hands and shaving. A running tap uses up to 9 litres of water per minute.

Baths

Twyford's Celtic steel bath has a capacity of just **140 litres**, that's an estimated 35% water saving compared to a typical standard size bath. The Opal acrylic 1700 x 700mm bath is also available in a water saving option, with a low volume capacity of only **130 litres** to overflow.

Hydr8 Bow Slider & Side Panel

A stylish twist on a standard sliding door offering slightly more showering room, the Hydr8 bow slider can be used in a recess or complemented by a dedicated side panel. It comes complete with its own dedicated tray.

Available in the following size: 1200mm

Bow slider side panel available in the following size: 700mm

Tray available in the following size: 1200 x 700/860mm

Hydr8 Sliding Door & Side Panel

The sliding door can be used in between two walls, or the 1700mm option (with a side panel) could even take the place of a bath.

Available in the following sizes: 1000mm, 1100mm, 1200mm, 1400mm, 1500mm, 1600mm & 1700mm

Side panel available in the following sizes: 700mm, 760mm, 800mm, 900mm, 1000mm

Hydr8 In-Fold Door & Side Panel

Smoothly gliding inwards, the clever in-fold door helps make the most of limited space. The door doesn't encroach into the bathroom and is available in a choice of standard sizes, for recess fitting or with a side panel.

Available in the following sizes: 700mm, 760mm, 800mm & 900mm

Side panel available in the following sizes: 700mm, 760mm, 800mm, 900mm, 1000mm

Hydr8

Hydr8 Hinge Door & Side Panel

Full outward opening frameless hinge doors can be used to create your perfect shower space in a recess, or combined with a side panel to form the perfect solution for a bathroom corner.

Available in the following sizes: 700mm, 760mm, 800mm & 900mm

Side panels available in the following sizes: 700mm, 760mm, 800mm, 900mm & 1000mm

Hydr8

Hydr8 Quadrant

The beautifully curved glass sliding doors optimise the corner of a bathroom and allow for a spacious showering experience.

Available in the following sizes: 800 x 800mm, 900 x 900mm & 1000 x 1000mm

Hydr8 Offset Quadrant

The generous proportions of the offset quadrant with its beautifully curved glass sliding doors are ideal for larger bathrooms.

Available in the following sizes: 900 x 760mm, 900 x 800mm, 1000 x 800mm, 1200 x 800mm & 1200 x 900mm

Hydr8 Walk In Curve & Walk In Side Panel

A fashionable frameless walk in curve panel will create a spacious showering area - either on its own or in conjunction with a walk in side panel. Our walk in curve panel comes complete with its very own dedicated tray.

Available in the following size: 885mm

Walk in side panel available in the following sizes: 760mm, 800mm & 900mm

Tray available in the following size: 1405 x 935mm

Hydr8

Hydr8 Walk In Flat Panel

Opt for a light and spacious, minimalist look with a simple, single panel set at 90° to your bathroom wall - or combine with a walk in side panel.

Walk in flat panel available in the following sizes: 900mm, 1000mm, 1100mm & 1200mm

Walk in side panel available in the following sizes: 760mm, 800mm & 900mm

Hydr8

Hydr8 Walk Through Panel

Step into a wet-room style shower from either side... with a sophisticated, contemporary walk through panel. Adjustable stabilising bars enable you to perfectly utilise the space available.

Available in the following sizes: 1000mm & 1200mm

Hydr8 Sail Bath Screen

The sail bath screen swings smoothly through a full 180° from a hinged wall post. With the option to have either black or clear seals (both supplied). Available in left or right handed versions. Left hand shown.

Available in the following size: 1500 x 950mm

Hydr8 Radius Bath Screen

The radius bath screen swings smoothly through a full 180° from a hinged wall post. With the option to have either black or clear seals (both supplied). Available in right or left handed versions. Right hand shown.

Available in the following size: 1500 x 800mm

Hydr8

Outstanding functionality at an affordable price

Smart features, fixings and finishes enhance the style and functionality of the Geo6 series - and all at great value prices.

For details of the full series see pages 175 - 180.

Attention to detail

Geo6 Offset Quadrant

The ultimate in luxury showering, taking the stylish shape and profile of a Quadrant enclosure and adding generous showering space.

Available in the following sizes: 1000 x 800, 1200 x 800 & 1200 x 900mm

Geo6 Quadrant

The Quadrant enclosure provides a distinctive and welcoming shape and creates a generous showering area. Curved glass sliding doors give access from the front, to ensure that no precious bathroom space is lost.

Available in the following sizes: Geo6 Quadrant 800 & 900mm

Geo6 Sliding Door

The Sliding Door enclosure provides a very generous showering space. It can be used in a recess or, with the addition of a Side Panel it can be positioned in a corner.

Available in the following sizes: Geo6 Sliding Door 1000, 1100, 1200, 1400 & 1600mm

Geo6 Side Panel 760, 800 & 900mm

Geo6 Pivot Door

The Pivot Door is ideal where space is available for an outward opening door, and can be used in a recess or with a Side Panel. It features a robust rise and fall pivoting system which adds rigidity and durability to the door opening.

Available in the following sizes: Geo6 Pivot Door 760, 800 & 900mm

Geo6 Side Panel 760, 800 & 900mm

Geo6 180° Pivot and In-line Panel

With a door that can open inwards or outwards, on a 180° pivot, this is a versatile option. The door can be used on its own - or with an In-Line Panel to create more showering space. The In-Line Panel can also be used with standard Geo6 Pivot and Bi-Fold Doors.

Available in the following sizes: Geo6 180° Pivot Door 760, 800 & 900mm

Geo6 In-Line Panel 180, 420, 600 & 800mm. Geo6 Side Panel 760, 800 & 900mm

Geo6 Corner Entry

Sliding corner access doors provide extra showering space and make the Corner Entry enclosure an excellent alternative to a Quadrant. Available in a choice of dimensions.

Available in the following sizes: Geo6 Corner Entry 760, 800 & 900mm

Geo6 Bi-Fold Door

The Bi-Fold Door can be located in a recess, or in a corner with the addition of a Side Panel. This stylish door folds neatly to the side to allow maximum access without encroaching into the bathroom.

The Geo6 universal Side Panel can be used with all Pivot, 180° Pivot, Sliding and Bi-Fold Doors in the Geo6 range and comes with a towel rail as standard.

Available in the following sizes: Geo6 Bi-Fold Door 760, 800 & 900mm. Geo6 Side Panel 760, 800 & 900mm

Geo6 2 Panel Bath Screen

A small fixed panel sits alongside a larger 180° pivoting curved-top panel, to form a screen which minimises splashing. A handy towel rail is included as standard.

Available in the following size: Geo6 2 Panel Bath Screen 1500 x 1200mm (Right Hand Version Shown)

Geo6 4 Fold Bath Screen

Fitted above a bath, the 4 Fold Bath Screen has a smooth concertina-style folding action that's easy to use and which provides a practical, attractive solution where space is limited.

Available in the following size: Geo6 4 Fold Bath Screen 1500 x 1000mm (Right Hand Version Shown)

Geo6 Single Panel Bath Screen

Designed for a shower that's fitted in conjunction with a bath. The Single Panel Bath Screen hinges at 180° providing a secure, stylish and practical solution which would suit any bathroom.

Available in the following size: Geo6 Single Panel Bath Screen 1500 x 850mm (Left Hand Version Shown)

es400

Stylish design with enhanced features for everyday use and easy cleaning

Style & quality best describe es400, a comprehensive series of shower enclosures and bath screens that boast great features and benefits as standard without the expensive price tag.

For details of the full series see page 95 - 100.

Proclean

Proclean glass has a protective coating for easy cleaning. The coating helps prevent build-up of limescale, soap scum, stains and dirt. Proclean glass has a much smoother surface meaning that water droplets form and run off more easily. As a result the surface remains cleaner and looks like new!

Standard surface

es400 Pivot Door & Side Panel

The pivot door is ideal where space is available for an outward opening door and can be used in a recess or with a side panel.

Available in the following sizes: 760mm, 800mm & 900mm
Side panel available in the following sizes: 760mm, 800mm & 900mm

es400

es400 Sliding Door & Side Panel

The sliding door provides a generous showering space but can also prove to be a space saving option. It can be used in a recess or with the addition of a side panel, positioned in a corner.

Available in the following sizes: 1000mm, 1100mm, 1200mm, 1400mm & 1700mm
Side panel available in the following sizes: 760mm, 800mm & 900mm

es400 Bi-Fold Door

The bi-fold door can be located in a recess, or in a corner with the addition of a side panel. This stylish door folds neatly to the side to allow maximum access without encroaching into the bathroom.

Available in the following sizes: 760mm, 800mm & 900mm
Side panel available in the following sizes: 760mm, 800mm & 900mm

es400 Quadrant

The quadrant enclosure provides a distinctive and welcoming corner shape and creates a good size showering area without taking up too much room. Curved glass sliding doors are accessible from the front.

Available in the following sizes: 800 x 800mm & 900 x 900mm

es400

es400 Offset Quadrant

The offset quadrant enclosure provides even more space than the quadrant and with its sliding doors does not take up precious space in the bathroom.

Available in the following sizes: 1000 x 800mm, 1200 x 800mm & 1200 x 900mm

es400

es400 Single Panel Bath Screen

Designed for an over bath shower. The single panel bath screen hinges through 180° for easy access and cleaning. It can be fitted onto either a left or right hand wall.

Available in the following size: 1500 x 800mm

es400

es200

Making stylish showering easy and affordable for everyone

The perfect combination of style and affordability, es200 combines well known Twyford quality with great value, covering all popular models in a number of dimensions.

For details of the full series see page 102 - 106.

Shower Trays

Hydr8 Shower Trays

Hydr8

Key features

- Individually designed to perfectly fit specific enclosures in the Hydr8 series
- Produced in high quality, high performance acrylic-capped stone resin material
- Strong and rigid, to prevent unwanted movement
- Trays have an attractive high-gloss, heat-retaining finish which means they have a comfortable, warm feeling under your feet
- Manufactured to BS6340/5 and can be installed as floor standing or on a plinth (not supplied)

LIFETIME
guarantee

Bow Quadrant

The bow quadrant shower tray comes in two sizes, 780mm and 880mm. It can be installed straight onto a wooden floor or built up. Compatible with the 90mm fast flow top-access waste unit.

Bow Slider

Perfectly matching the curved radius of our spacious bow sliding door, this bespoke shower tray is also designed to fit the bow slider side panel. It can be installed straight onto the floor or built up. Compatible with the 90mm fast flow top-access waste unit.

Walk in

Sized 1405 x 935mm, this dedicated universally handed shower tray has been designed for exclusive use with our walk in curve panel, perfectly matching its radius. It can also be used with a walk in side panel fitted along the opposite edge. As with all Hydr8 bespoke shower trays it can be installed straight onto a wooden floor or built up. Compatible with the 90mm fast flow top-access waste unit.

90mm High Flow Waste

Suitable for all Twyford trays, and enabling water to flow away at over 32 litres a minute. An offset elbow assists installation, and there's a quick release inner unit for easy cleaning. Available separately in a chrome finish.

Twyford Shower Trays

TWYFORD
Trays

Key features

- ABS acrylic capped polyconcrete - strong, durable quality and excellent performance
- Low profile, simple and stylish design in-keeping with current trends
- 90mm waste hole (waste to be ordered separately)
- Twyford trays can be installed flat to floor or with legs and panels
- Leg and panel kits to be ordered separately
- All popular sizes available, all Twyford door sizes covered
- Upstand and flat top versions available

Right hand shown

Offset Quadrant - Flat Top Trays

Sizes available: 900 x 760mm - LH/RH, 900 x 800mm - LH/RH, 1000 x 800mm - LH/RH, 1200 x 800mm - LH/RH, 1200 x 900mm - LH/RH

Square - Flat Top Trays

Sizes available: 760mm, 800mm, 900mm and 1000mm

Quadrant - Flat Top Trays

Sizes available: 800mm, 900mm and 1000mm

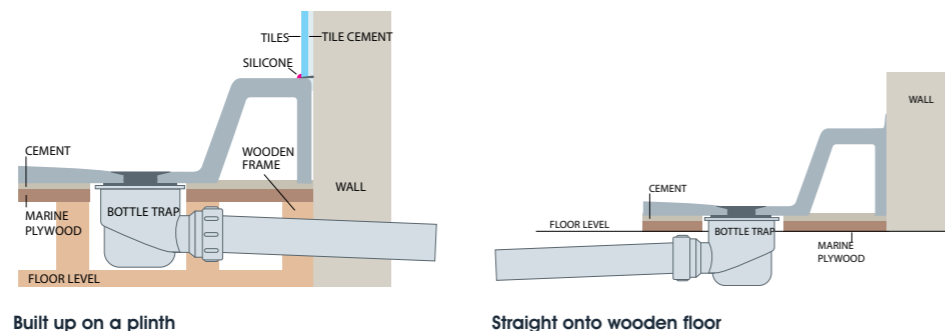

Rectangle - Flat Top Trays

Sizes available: 900 x 760mm, 1000 x 760mm, 1000 x 800mm, 1100 x 800mm, 1200 x 760mm, 1200 x 800mm, 1200 x 900mm, 1400 x 900mm, 1500 x 800mm, 1600 x 800mm, 1700 x 700mm, 1700 x 750mm

Applications

Installation is made simple and accurate with a flexible range of options to suit the application and environment. Hydr8 shower trays can be installed straight onto a wooden floor, or built up on a plinth where required. This alleviates the problem of uneven surfaces, so the shower tray is level and water flows off efficiently. All fixings are concealed by the shower tray design.

Shower Tray Accessories

Flexi waste pipe.

Flexi upstand seal kit.

Quadrant legset and panel kit.

Very useful specifications

The following pages have the full specifications for all the products shown in this brochure. So there's everything you need to plan your installation and make the most of your space.

Making installation quicker and simpler, available as an optional upgrade on all Energy collection washbasins and as standard on all Energy shower enclosures.

Twyford's water saving dual 4/2.6 litre flushing system.

Twyford's Proclean is a protective glass coating which aids easy cleaning of showering enclosures by preventing build-up of limescale, soap scum, stains and dirt.

Twyford's e100 and e200 quick release seats include an antibacterial finish that protects against 6 different types of common bacteria.

A toilet that has no rim meaning there is nowhere for germs to hide and making it easier to clean.

In-Fold Door

PART NUMBER DESCRIPTION

H83900CP	In-Fold door 700mm
H83901CP	In-Fold door 760mm
H84900CP	In-Fold door 800mm
H85900CP	In-Fold door 900mm

Can be installed to open from the left or right

Part Number	Description	W - Width mm	E - Entry Width mm	Adjustment Range mm	Adjustment With Side Panel mm
H83900CP	In-Fold Door 700mm	700	415	650-700	672-700
H83901CP	In-Fold Door 760mm	760	475	710-760	732-760
H84900CP	In-Fold Door 800mm	800	515	750-800	772-800
H85900CP	In-Fold Door 900mm	900	615	850-900	872-900

Hinge Door

PART NUMBER	DESCRIPTION
H82600CP	Hinge door 700mm left or right hand
H83600CP	Hinge door 760mm left or right hand
H84600CP	Hinge door 800mm left or right hand
H85600CP	Hinge door 900mm left or right hand

Can be installed to open from the left or right

Part Number	Description	W - Width mm	E - Entry Width mm	Adjustment Range mm	Adjustment With Side Panel mm
H82600CP	Hinge Door 700mm LH or RH	700	480	650-700	672-700
H83600CP	Hinge Door 760mm LH or RH	760	530	710-760	732-760
H84600CP	Hinge Door 800mm LH or RH	800	580	750-800	772-800
H85600CP	Hinge Door 900mm LH or RH	900	680	850-900	872-900

Side Panel

PART NUMBER	DESCRIPTION
H82400CP	Side panel 700mm
H83400CP	Side panel 760mm
H84400CP	Side panel 800mm
H85400CP	Side panel 900mm
H86400CP	Side panel 1000mm

Can be used with all Hydr8 sliding, hinge & in-fold doors (excluding Bow Slider)

Part Number	Description	W - Width mm	TR - Towel Rail Length mm	Adjustment Range mm
H82400CP	Side Panel 700mm	700	500	670-695
H83400CP	Side Panel 760mm	760	600	730-755
H84400CP	Side Panel 800mm	800	600	770-795
H85400CP	Side Panel 900mm	900	700	870-895
H86400CP	Side Panel 1000mm	1000	800	970-995

Note: The installation of any door with 2 side panels is NOT possible.

Quadrant

PART NUMBER	DESCRIPTION
H84700CP	Quadrant 800 x 800mm
H85700CP	Quadrant 900 x 900mm
H86700CP	Quadrant 1000 x 1000mm

Part Number	Description	W - Width mm	E - Entry Width mm	Radius mm	Adjustment mm
H84700CP	Quadrant 800 x 800mm	800	370	550	25
H85700CP	Quadrant 900 x 900mm	900	520	550	25
H86700CP	Quadrant 1000 x 1000mm	1000	575	550	25

Offset Quadrant

PART NUMBER	DESCRIPTION
H85000CP	Offset quadrant 900 x 760mm left or right hand
H85001CP	Offset quadrant 900 x 800mm left or right hand
H86000CP	Offset quadrant 1000 x 800mm left or right hand
H88000CP	Offset quadrant 1200 x 800mm left or right hand
H88001CP	Offset quadrant 1200 x 900mm left or right hand

Part Number	Description	W1 - Width mm	W2 - Width mm	E - Entry Width mm	Radius mm	Adjustment mm
H85000CP	Offset Quadrant 900 x 760mm LH or RH	900	760	400	550	25
H85001CP	Offset Quadrant 900 x 800mm LH or RH	900	800	440	550	25
H86000CP	Offset Quadrant 1000 x 800mm LH or RH	1000	800	460	550	25

It's all in the planning

When it comes to planning, precision is everything.

Our dedication to your specification ensures that we have every angle covered, from the total flexibility and design freedom we bring to every application to the smart installation features and compact options that transform any bathroom space.

Our technical department constantly monitor changes in legislation and building regulations to ensure our products are fully compliant and meet the Code for Sustainable Homes (CSH).

While our 160 years' experience and unrivalled design heritage is your reassurance that every detail will be right, whether you have special requirements, accessibility issues or unusual room sizes to contend with.

Our exceptionally supportive service also includes useful tools like Specmaster™, our online specification programme created to help with design logistics.

For product codes and pricing, please refer to the corresponding Price List (RRP)

Call 0800 007 5133 or email twyford@web-response.co.uk to order a price list/brochure.

Cleaning and Maintenance

Baths

Acrylic or enamelled bath surfaces should be cleaned regularly with warm soapy water, then rinsed with cold water and ideally dried and polished with a soft cloth. It's best to do this after every use as some bathroom products can damage or discolour surfaces. Avoid abrasive products and scouring powders. Bleach is a complete no-no with enamelled baths.

Ceramics

Ceramic products should be cleaned regularly with warm soapy water, then rinsed with clean water and ideally polished with a soft cloth. Regular cleaning will prevent a build-up of soluble salts. Please don't leave strong cleaners or bleach on ceramic products overnight since the glazed surface may be damaged.

Plastic toilet seats

Plastic toilet seats should be cleaned regularly with warm soapy water. Avoid abrasive cleaning agents or scouring powders as they may damage the surface. We strongly recommend that you carefully follow the instructions on the bottle of any cleaner you use.

Chrome plated products

Clean regularly with warm soapy water, then rinse and dry with a soft cloth. Specialist chrome cleaners can also be used, but they are abrasive so always follow the instructions carefully. Avoid contact with disinfectants, denture cleaners and hair dyes as they can cause irreparable damage to chrome surfaces.

Shower enclosures (excluding Proclean)

Shower enclosures should be cleaned after every use with a squeegee, soft cloth or chamois leather - but not cleaning agents - to wipe off any water droplets. Residue left by bodycare products (liquid soap, shampoo, shower gel) can also accumulate so please rinse them off. Follow the same routine with sliding door track fittings.

Don't allow limescale to build up - especially in hard water areas. If a stubborn limescale build up can be cleaned with a mixture of 50:50 vinegar and water - but make sure all vinegar is rinsed off completely. Never use strong detergents or cleaning agents.

Proclean glass

Cleaning Proclean glass could not be easier, simply use a damp cloth.

Shower trays

Clean with warm soapy water or mild detergent after each use, and wipe dry with a clean cloth - not gritty abrasive cleaners. If limescale or fine scratches become a problem, apply T-cut with a damp cloth, then polish it off. The waste trap should be removed and cleaned regularly, ensuring that any debris is removed.

Varnished wooden surfaces

These surfaces should be dried immediately after use with a soft cloth - water should not be allowed to pool on them for a long period. To clean, use a soft damp cloth but never use scouring powder, scourers or abrasive cleaners. The polished surface can be maintained with a specialist wax polish.

25 years Ceramic products (excluding accessories and fittings), steel and acrylic baths.

5 years Taps and mixers from the following ranges: X50, X52, X60, X62, X70 and X120.

2 years Accessories and fittings, all wooden products, bath panels, plastic and metal fittings including seats, taps (excluding those listed under 5 year guarantee), cistern fittings, electronic components and ceramic bathroom accessories.

This guarantee covers products manufactured or supplied by Twyford Bathrooms under the Twyford brand name and installed in the United Kingdom and the Republic of Ireland. Should a claim be made, under the guarantee, we ask that the following conditions are met:

- Proof of purchase should be supplied at the time of the claim, if there is no proof of purchase supplied then the claim will be refused.
- Product should have been fitted in accordance with our installation instructions, UK Water Regulations 1999 and general good plumbing practice.
- We need to ensure that the product has been maintained and cared for in accordance with our Cleaning and Maintenance Instructions. Note mildew, limescale effects and corrosion are not covered under the guarantee.
- We cannot accept responsibility for the failure of a product if it has been modified, misused, neglected or wilfully or accidentally damaged. This also includes the general effects of wear and tear through usage.

- We must be given reasonable opportunity to inspect the product in the installed situation, if removed the product must not be destroyed but should be retained for inspection. Photographic evidence of the product in the installed situation may be requested.

- If our on-site investigation determines the reported issue is not a manufacturing fault or a materials defect, a call out charge may be applied. This will be advised at the time of your claim.

- Our policy is one of continuous improvement. If the product has failed under the terms of the guarantee and a replacement is offered, but identical goods are no longer available, a mutual agreement will be sought.

- This guarantee applies only to the single product in question and not to the whole bathroom suite. This guarantee does not extend to cover consequential loss or damage which could not be reasonably foreseen at the time the product was purchased.
