

CLASSIC STONE RESIN SHOWER TRAYS & WALL PANELS

PHENOLIC WALL PANELS

LIGHT WEIGHT NANO SHOWER TRAYS

BY **DOCCIA**

2019 RETAIL CATALOGUE

JULY 2019

# Introduction

Doccia was founded in Seville in Southern Spain. The bespoke service was the key to their success. Doccia is one of the largest manufacturers of bespoke shower enclosures in Europe. In 2010 Doccia increased their product range to include mineral and aggregate shower trays. Doccia is a family business led by 2 generations. The business is founded on quality products.

## Bespoke Service

Most Doccia shower trays can be made in all sizes and dimensions. Cuts smaller than 4cm will be made on just one side. When cuts are over 4cm they can be made on both sides.

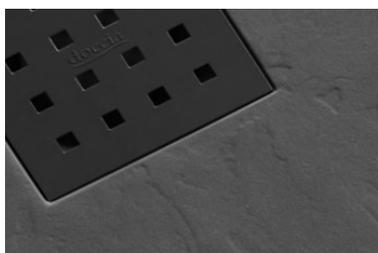

## RAL Colours

Most DOCCIA shower trays can be made in a wide range of colours. The Gel-Coat is also available in a lot of colours from the K7 RAL colour chart.

## Classic - Gel - Coat ISO NPG

Coating is an essential element in the production as it offers the best protection against external elements such as ageing, water temperature, light, chemicals, etc. Our Gel-Coat is 600 microns thick, its fusion with the resin mixture, it makes each of our shower trays and wall panels a unique product. The Gel-Coat also gives the product its structured look and beautiful design.

## Light Weight - Nano - Coating

Nano-Coating is a Doccia Group patented brand. Manufactured with the latest technology using volcanic mineral fillers and graphene micro particles. This technology modifies the material of the product by adding graphene micro particles resulting in a reduced weight of 47% and a higher resistance to external elements such as light, water temperature, ageing, chemicals, etc.
